The Gendarmes have just informed me that your office should contact directly the Gendarmes' Command to inform them of the date, time, and purpose (e.g. Mass at St. Peter's) that SP plans to enter the Vatican City State. The direct email address is info@gendarmeria.va

Also, please do send over the car info/license plate info so he can arrange the drop off location for the other two tours.... Thanks!

Maria,

Thank you so much for your time. Looping in the other folks who were on the call this afternoon and who may be able to answer a couple of your questions.

I will get you the attendee list for each event asap.

Iowa Association of Electric Cooperatives 75th Annual Meeting, "*Building Legacy through Leadership*"
Friday, December 1, 2017

Time: 9:15-10:00 a.m. General Session keynote (full agenda is attached)

Location: Sheraton West Des Moines, Ballroom 1800 50th Street, West Des Moines, IA 50266

Airport: DSM Airport approximately 20 min drive to conference hotel

Hotel rooms: We are happy to accommodate and book rooms for your staff or a room block is available at the Sheraton West Des Moines. We have a negotiated room rate of $106 plus taxes per night for the nights of Monday, 11/27-Thursday, 11/30. Please contact Annie Schlink, Group Rooms Coordinator, (515) 457-2127, annie.schlink@sheratonwestdesmoines.com

Audience: Approximately 600, CEOs/General Managers, Board of Directors and key staff of the association members from 35 distribution co-ops and 7 generation and transmission co-ops.

About us: Owned by the members they serve, Iowa's not-for-profit electric cooperatives power the lives of 650,000 Iowans throughout all 99 counties and are committed to delivering power that is safe, reliable, affordable and environmentally responsible. The Iowa Association of Electric Cooperatives exists solely to support the interests of member-owned electric cooperatives, including 35 distribution co-ops and 7 generation and transmission co-ops. Formed in 1942, IAEC provides many vital functions for its members including legislative representation, regulatory oversight, training and education services, safety programs, and communications support.

One thing of note, it is our 75th Anniversary of our association this year and this conference serves as a celebration of those accomplishments our cooperatives have faced in the past 75 years and looking towards our future.

We appreciate the time to address our membership!

Katrina Davis, CMP

Director of Education and Training

Hi Millan,

Thanks so much for chatting this morning. This email is to introduce you to our Director of Meetings, Cheryll Decker. Her direct contact info is 703.375.0481 and CDecker@sigma.org. If you can put her in contact with the appropriate folks on your staff, I'd appreciate it!

Cheryll will be the resource for any rooms needed for privacy, information on security and the hotel, the reception at 2pm that day, and any logistical questions (not involving the actual speaking engagement – those logistics go through me).

If I can weigh in on anything, do let me know. I will be staying on top of all of the SIGMA details from our end so that we're able to provide one comprehensive event profile for you as we confirm details.

Thanks again!

Best,

Liz.

Subject: Description for SIGMA On-Site Program Book

Hi Jahan,

Below is the description we would like to include in our printed conference program book that is only distributed on-site once our Annual Conference has begun. Please let me know if it is approved.

A Conversation with Scott Pruitt, Administrator, U.S. Environmental Protection Agency

In an exciting opening to the SIGMA Annual Conference, join Brad Puryear, Chairman of the SIGMA Legislative Committee, for a conversation with Scott Pruitt, Administrator of the U.S. Environmental Protection Agency. Hear Administrator Pruitt's perspective on EPA's actions to assist our industry in keeping the fuel supply flowing in the aftermath of Hurricanes Harvey and Irma. Hear his insights into the current issues surrounding our industry today, from regulatory policies to renewable energy. Don't miss this unique opportunity to hear directly from Administrator Pruitt as Brad converses with him about the state of the fuels industry, EPA's future, and SIGMA's priority issues in a unique one-on-one format.

I hope to have a sign proof for you early next week (to put in front of the ballroom where Administrator Pruitt will be speaking).

I have thought some more about on-site trade press (we do have some press registered that are there to cover our conference) and I have the following thoughts:

- If we alert them ahead of time that the session is off the record or that they may not attend, that will send up red flags – which we want to avoid
- We can do any of the following:
  - ○ prevent them from entering the ballroom (but they will know he is speaking and could reference in their reporting that they were kept out of the room);
  - ○ allow them to enter but declare the session off the record (also print that in the program book); or
  - ○ allow them to cover the session.

Please advise. Happy to hop on another call to hash it out.

Amy

Good afternoon Molly!

Happy to begin looking at a time to facilitate a meeting. I am looping in Tate who is looking at building out our KY trip a little more. Do you have some potential times for us when the board members are available to meet?

Thanks!

Sydney Hupp

Thanks Amy. Looks good.

One thing in your notes… Jimmy Brock is the CEO of CNX Coal Resources (the operator of the coal segment)… essentially a subsidiary of CONSOL. For media purposes we'd ask that it is listed as CNX Coal Resources, as opposed to CONSOL to keep from confusing with natural gas business unit.

Here's directions from Rt 18 heading south from Washington, PA just so you have them.. I know I sent to Millan for advance, but for your press shop to have for media inquiries, just in case.

ALTERNATE DIRECTIONS:

From 18 take a right onto Webster Road follow this road for approximately 4-5 miles. You will get to a T in the road which will have a sign going towards Nineveh or Graysville. Take the left towards Nineveh. You will see the detour signs on this road and will be on this for approximately 1000 feet. Veer right onto McCollum Rd. continue on this road for approximately 2 miles. At this point you will come to a stop sign continue to go straight. The Harvey Mine Portal entrance will be on the left.

Subject: Media Advisory for Thursday Event

Zach and Jerry – Per our discussion this morning, below is the media advisory we are sending to targeted media. We are having folks RSVP to receive more information on time and location. Please keep a close hold on this until further notice.

Also, a couple of other updates - the Administrator is now arriving at noon on Thursday so we are pushing things up and changing them around just a bit. Press will now be invited to get a photo spray at the beginning of the lunch in addition to the press portion of the event, so we will want to be sure there are miners in uniform participating in the lunch. Here is the updated line by line for Thursday's movements:

- **12:00 PM EST Administrator Pruitt arrives**
- **12:00 – 12:30 AM EST Discussion with coal miners and media availability, open press.**
  - **Greeting with 75 – 100 coal miners**
  - **Introduction by CONSOL CEO Jimmy Brock**
  - **Administrator Pruitt speaks**
  - **Congressman Tim Murphy speaks**
  - **Presentation of hard hat**
  - **Jimmy Brock concludes remarks**
- **12:30 – 1:30 PM EST Private roundtable lunch with stakeholders, press spray at beginning of the lunch.**
- **1:30 – 2:00 PM EST Safety training and gear up, closed press.**
- **2:00 – 3:45 PM EST Underground mine tour, closed press.**
- **3:45 PM EST – Depart**

Don't hesitate to give me a shout if you have questions about any of these details.

Thanks,

Amy Graham

EPA ADMINISTRATOR TO VISIT PENNSYLVANIA COAL MINE, LAUNCH *BACK-TO-BASICS* AGENDA

SYCAMORE, Pa. – U.S. Environmental Protection Agency Administrator Scott Pruitt will speak with coal miners at the Harvey Mine in Sycamore, Pennsylvania on Thursday, April 13, to kick off EPA's *Back-to-Basics* agenda. The *Back-to-Basics* agenda refocuses the EPA on protecting the environment, promoting economic and job growth, and returning power to the states.

Administrator Pruitt will speak with coal miners about the President's recent Energy Independence Executive Order, which directs EPA and other federal agencies to review the Clean Power Plan and revise regulatory barriers that impede energy independence, including unnecessary burdens on coal miners and coal-fired electric utilities.

"What better way to kick off the EPA's *Back-to-Basics* agenda than joining hard-working coal miners who help power America. The coal industry was nearly devastated by years of regulatory overreach, but with new direction from President Trump, we are turning things around for these miners and for many other hard working Americans," **said Administrator Pruitt.** "I look forward to launching my *Back-to-Basics* agenda in Pennsylvania as we work to return EPA to its originally intended mission of protecting the environment without hindering job growth."

Members of the media who plan to attend this event must RSVP by emailing pressrsvp@epa.gov no later than 5:00 p.m. on Wednesday, April 12.

WHO: Administrator Pruitt and coal miners at the Harvey Mine – Patterson Creek Portal

WHAT: EPA kicks off *Back-to-Basics* agenda

WHEN: Thursday, April 13, 2017

WHERE: Harvey Mine, Sycamore, PA 15364

NOTE: For more details on timing and location, credentialed members of the media must RSVP.

Thanks, Hayley. Liz, we're hoping to have the Administrator sit for an interview, on the record, for a short video for the Federalist Society's Regulatory Transparency Project (RTP). We could do this before or after his convention appearance on-site at the Mayflower. Here is a link to some other videos done by RTP: https://regproject.org/video/

I'm happy to discuss by telephone.

Best,

Dean

Hayley,

Any resolution on this? It would be on the record, a short video for the Federalist Society's Regulatory Transparency Project. We'd need the administrator for perhaps 30 minutes before or after his address/interview.

Danny,

Looks like Sarah Greenwalt is no long going to be on the Blackhawk. With just 4 people traveling, do you think they would each be able to bring one carry on or should we still work on alternate arrangements for their luggage?

Thank you so much,
Millan

Hello Liz,

Millan Hupp, copied on this message, is our Director of Scheduling and Advance. She will be the main POC for this event. If you'd like to organize a call with her to discuss the below questions, I'm sure she'd be more than happy to do so.

Regarding the reception with the Boards from SIGMA and NATSO, we think that would be a great idea. You and Millan can discuss format on the call but we'll put on the calendar for 2PM that day.

Thank you and we look forward to it!

Hayley Ford

Subject: RE: SIGMA Invitation - Administrator Scott Pruitt

Hi Hayley,

Thank you again for all of your help in making this happen! Apologies for the length of this email, but I have tried to put together some comprehensive information for you, as well as ask a few questions.

My first question is – who will be our main contact for the event? Will we work with you, an event coordinator, or his chief of staff possibly?

My second – what is your preferred communication protocol? Do you prefer me as your main contact or going through other SIGMA staff that will be overseeing various aspects? Listed here are key SIGMA staff that will be working on the event. (all are copied on this email)

SIGMA CEO	SIGMA Director of Meetings	SIGMA Director of Communications	SIGMA Director of Education
Ryan McNutt	Cheryll Decker	Amy Rider	Liz Menz
RMcNutt@sigma.org	CDecker@sigma.org	ARider@sigma.org	LMenz@sigma.org
Personal Phone/Ex. 6 703.375.0481	703.375.0483 (cell Personal Phone/Ex. 6)	703.375.0485	

Responsible for hotel details on site in Chicago – security, greenroom, reception details, and needs on stage

Responsible for general session address, production

Responsible for announcements, signage, and publications

Following I have listed out the various details and questions that we pulled together in order to make things run smoothly for the Administrator's time with us.

Π Regarding announcement

o Can we get the Administrator's media kit? High resolution headshot, official bio, etc.

o For any announcements, publications, or signage, does the Administrator require approval beforehand and, if so, who do we contact for that approval?

o I have attached a draft email announcement with information taken from the official EPA website.

Π Regarding onsite in Chicago

o Who will be the Administrator's main handler?

o What security details will we need to be aware of?

o Does the Administrator need a greenroom and, if so, what are the requirements?

Π Regarding SIGMA and NATSO Boards

o I have attached the Board of Directors for both SIGMA and NATSO to this email.

o SIGMA and NATSO boards would like to host a small reception at ***2pm on Wednesday November 8th*** in order for the board members to meet and thank the Administrator. We can plan this to his preference either formal (with a podium for him to make remarks) or informal (no podium, less formal meet and greet, time with both boards in a quieter environment).

o If a staffer would like to speak with our CEO, Ryan McNutt, about the event, I am happy to schedule a phone call. His direct contact information is also above.

Π Regarding the Administrator's remarks

o How much time would the Administrator like allotted for his address to the members?

o Our producer, JoAnna Miller, and I would like to schedule a call with the person who will be putting together the Administrator's event profile in order to go over the technical details for exactly what he can expect in the room the day of his address.

o Does the Administrator have an official/preferred introduction to be used for the address?

o Is the Administrator open to a few minutes of Q&A from the membership after his address?

If there is anything you are missing or need from me, please don't hesitate to ask – we are very excited that the Administrator will be able to join us in Chicago and want to make the event as smooth as possible.

Thank you and I look forward to working with you!

Best,

Liz.

Hello Liz,

Yes, I was just about to reach out to you as we figured out his travel schedule this morning. We are able to confirm Wed, Nov 8 with an approximate presentation time of 3:20PM based on our previous conversation. If we built in conversations with the Boards, we could do that prior to his remarks. Would you mind sending along a few more details on the Board conversations, including attendees, topic, background, etc? We can then try to work in based on when he arrives to Chicago.

We really look forward to this event and thank you again for the invitation!

Hi Hayley,

I just wanted to touch base on this invite to Administrator Pruitt. Our membership would be honored to have the Administrator at our Chicago meeting and be able to thank him for all of the actions he took during the recent natural disasters on behalf of our industry.

Do let me know if there is further information I can provide and I look forward to hearing from you!

Best,

Liz.

Subject: RE: SIGMA Invitation - Administrator Scott Pruitt

Hi Hayley,

Thanks so much for reaching out today! I just talked with Mike and he so happy that things seem to be working out to have the Administrator at our meeting in Chicago.

This is a bit of the information that we just chatted about this morning. Both dates do still work for us (the 8th and 10th), but we do have a preference to the 8th as it would be great to have Administrator Pruitt open our Annual Conference. Also, the earlier date would coincide meetings

for our Board of Directors as well as the Board of Directors for NATSO, the National Association of Truck Stop Owners, and I know that both boards would be privileged to meet the Administrator and be able to pass along their thanks for his efforts in keeping the fuel supply flowing with the waivers issued during Hurricanes Harvey and Irma.

If there is other information I can provide, please don't hesitate to ask. I am traveling for meetings next week, so the best way to reach me is on my cell at Personal Phone/Ex. 6 I'm happy to discuss any details or concerns and work out a way to have the Administrator at our event – I know our membership would be thrilled to hear him speak!

Thank you so much,

Best,

Liz.

Hello Liz and Mike,

I wanted to introduce myself as part of Administrator Pruitt's scheduling team. I understand that you had been in conversations with us regarding the Administrator speaking at the SIGMA Annual Conference in Chicago in November. We are trying to make this work with his schedule and wanted to touch base on the current agenda. Previously, you communicated that 11/8, 3-4:30PM and 11/10, 9AM-12PM were the available windows. Is that still the case?

Please let me know and we look forward to getting him to Chicago for this event!

Hi Lisa-

Tate Bennett with EPA Public Engagement and Environmental Education here. I handle some of the Administrator's proactive agenda and site visits.

Just gave you a buzz, Lisa, but I wanted to follow up about a potential meeting for Administrator with your NYC Chapter or Chapter Leadership next Thursday the 28th of September(?). Administrator Pruitt will be in the

area and would love to get together.

This could be a small or large gathering, and it would not preclude a future visit. Give me a shout when you can?

Hello Milan,

Secretary Reese, Secretary Teague and Governor Fallin are all able to attend. AG Hunter unfortunately has a conflict and is sending his Solicitor General, Mithun Mansinghani, in his place.

The attached map shows which entrance Administrator Pruitt will take to enter the Mansion grounds. I'll be on the lookout for the email from you with the make, model and color of the vehicle he will be arriving in for the meeting. Please don't hesitate to let me know if you need anything else from me.

Best,

Tammie

Thank you Maria. We will work directly with the Gendarmes on vehicle access for all Vatican events. I can send the draft diplomatic note we prepare to you to confirm that the times and places line up with what you've arranged.

The Gendarmes have just informed me that your office should contact directly the Gendarmes' Command to inform them of the date, time, and purpose (e.g. Mass at St. Peter's) that SP plans to enter the Vatican City State. The direct email address is info@gendarmeria.va

Also, please do send over the car info/license plate info so he can arrange the drop off location for the other two tours.... Thanks!

Maria,

Thank you so much for your time. Looping in the other folks who were on the call this afternoon and who may be able to answer a couple of your questions.

I will get you the attendee list for each event asap.

Hello Allegra,

I think 7:45 could work. Is that the earliest that would fit into the schedule?

Before we can officially confirm, we do need to get the ok from our Government Ethics office. Jennie Keith from that team mentioned she'd reached out earlier last week and hadn't yet been able to connect with someone. Is someone from your team able to reach back out to her?

Thank you!

Hi Hayley,

Thank you so much for following up! We are so excited he might be able to join us.

Yes the date and details are still the same. I think we could definitely have him speak earlier in the night. Would 7:45pm work?

If that works, I can send you a draft flow of show for the evening.

It might be good to set up a call for later this week or next week to review additional details.

Looking forward to hearing from you!

Warmly,

Allegra

> Hello all,

I know it's been awhile since you've heard from us regarding this event on 11/29. I've taken over as the Administrator's assistant and scheduler and would be happy to work on this for you. We have this on his calendar and are just working out a few other details in order to make him available for this event. Since it's been some time since the request, I wanted to confirm that the details are still the same and that you are still interested in having him keynote. Additionally, I wanted to confirm the agenda was the same. I did notice that the request was for him to speak from 8:30-8:50PM after dinner. Is there any flexibility with that time? I imagine he may prefer speaking at the beginning of the night/dinner instead, as he is doing an early morning event the next day as well.

Let us know your thoughts on the above and we hope to make this work!

Subject: Fwd: MLP Conference

Good morning Millan.

I am forwarding you a speaking request for the Administrator in Tulsa. Please see below.

Thank you.
Bob

Begin forwarded message:

From: David Poarch <dpoarch@pinnacleholdings.net>
Date: August 17, 2017 at 10:25:47 AM CDT
To: Robert Boyd <rboyd@bostonstreetadvisors.com>
Cc: "' (rb@tulsaconnect.com)"' <rb@tulsaconnect.com>
Subject: MLP Conference

Bob,

Our sixth Tulsa MLP Conference will be on Tuesday, November 14th. It will be held at the Tulsa University Chapman Activity Center. Our firm co-sponsors the event with the local Ernst & Young energy practice and the Department of Energy Management and Economics at TU. We usually have between 150-200 attendees that include local energy investors, bankers, asset managers, energy company staff, attorneys, and some out of town attendees. We have CEOs or CFOs of some of the local MLPs speak about their companies and their outlook, along with speakers from investment banks, law firms, and accounting firms that discuss the formation of an MLP, and current M&A outlook.

This year we plan to reduce the time spent on the specific company presentations and focus more on these topics:

Project economics – how does an MLP decide to move forward on a project, including contracting and renegotiating contract with potential customers, types of contracts, and how mergers impact projects.

MLP Future – simplification transactions, mergers, acquisitions, areas for development, non-standard MLP assets.

Legislative Outlook – tax reform, environmental issues, permitting, renewables, etc.

Alternative Structures – the Up-C structure and growing demand for Up-C formation.

We will include specific company presenters and plan to have panel discussions too. We close the event with a luncheon for all attendees. We would like to invite EPA Administrator Scott Pruitt to be the keynote speaker since this is an important industry to Oklahoma and the country, and many of the EPA's rules and decisions impact the industry. We think his views would be especially pertinent to our conference and would expand attendance substantially.

Thanks for your help.

Hello Milan,

We look forward to Administrator Pruitt's visit. Yes, I can meet you on the farm on Sunday afternoon; 4:30 to 5:00 pm central time works for me.

The address is

1495 Coleman Road

Franklin, TN

I have found that GPS systems often take people just passed the driveway. I have attached three pictures that I think will help you find the farm. I also intend on being there at the road in a silver Nissan Frontier. If you have any questions when you are en-route, please call my cellphone which is listed below.

Thanks,

Kevin Hensley

Kevin,

Good morning to you. SA Paul Dass and myself will be traveling into Nashville in advance of Administrator Pruitt's participation in the 3:30PM event at Eddie Sanders' farm on Monday, October 23. If possible, we are hopeful to find a good time to come by the Farm on Sunday, October 22 for a quick walk-through. We could do late afternoon, maybe 430 or 5PM, if that might work for you?

I look forward to hearing from you.

Thank you so much,

Millan Hupp

Subject: RE: Thomas Hill Information

Barry – here are some additional talkers:

Talking points:

•□□□□□□□ Electric cooperatives appreciate Administrator Pruitt recognizing the importance of affordable and reliable power to Missouri families and businesses. We're honored that he's taken the time to come see the facility for himself and hear from us directly.

•□□□□□□□ Electric co-ops have two key missions – keeping the lights on and empowering the communities they serve.

o Affordable and reliable power is fundamental to a successful economy.

o Because of our business model, electric co-ops have a unique perspective on the real-world impact of Washington regulations on American families and businesses.

▪ We're glad that the administration recognizes the adverse economic impacts of harmful regulation, such as the Clean Power Plan and WOTUS. We look forward to working with them on proposals that protect our environment, maintain the reliability of our electric grid and promote a healthy economy. With the proper policy approach, we can meet all of these goals.

•□□□□□□□ Thomas Hill energy center provides affordable and reliable power to more than 420,000 households.

•□□□□□□□ Associated pursues an all of the above approach to keeping the lights on.

o 750 MW of wind

o 478 MW of hydro

o 2,753 MW of natural gas

o 2,353 MW of Coal

•□□□□□□□ Protecting the environment and ensuring access to affordable electricity are not

mutually exclusive. The Thomas Hill facility is a great example.

o Associated Electric Cooperative has been honored for its work to reclaim an old coal mine site — turning it into pristine wildlife habitat and farm land — as well as being named "Wind Utility of the Year" for its efforts to bring Missouri's first wind farm on line.

o Associated also worked with the Missouri Department of Conservation to develop fish and waterfowl habitat in the Thomas Hill Reservoir.

•□□□□□□□ Electric cooperatives are critical to a vibrant Missouri economy. Collectively, Missouri co-ops employ 3,541 people and empower 600,000 households and businesses consumers.

Hi Al

I received your voicemail saying October 4 from 7:30am - 9:30am (preferred time) or 12:00pm - 2:00pm would work for your Board to come meet with the Administrator.

I am now looping in my colleagues Millan Hupp and Hayley Ford who will be reaching out to you to confirm a time with the Administrator. Also, Ryan said he would come join you on October 4 or 5, so lets figure that out after a time with the Administrator is scheduled.

Thanks again.

Great! 1pm it is.

I'd recommend watching the video prior.. I think it's about 15mins. That way we just do the breathing portion and have you sign.. you will not have to go through training again on Wednesday, then.

Thanks for the sizes and Eric's, I'll get this over to our team at the mine.

I'm sure you have it mapped but I've attached directions (there is a bridge out on the other side by Rt 18/Patterson creek road so what I've attached is the best way to go).

Thanks,

Zach

Millan-

Sounds good, other than timing. We have an operations meeting until noon at our HQ, so myself and our superintendent won't be at the mine until 1... is there anyway we can push so you can arrive around that time?

We can do the walk through, safety training and get everyone underground.. no problem.

Just need names and sizes for equipment (coveralls and boots) for everyone going underground Tuesday.

No cameras/phones will be allowed underground on Tuesday, since we'll need Msha approval.

Give me a ring if you have any questions.

Thanks!

Zach

> Zach,

Thank you so much for all your help with this trip. As mentioned, a couple of advance agents, myself, and probably Amy from our press shop will be coming in on Tuesday, the 11th to do a walk through for Wednesday.

As I mentioned on the phone, we will want to mirror his steps for Wednesday which includes going underground. We will be arriving into PA at 9:45AM on Tuesday and will likely check in to our hotel first. I know that Harvey Mine is an hour from the airport. 12PM would probably be best for us to come over. Would that work for you?

Again, thank you.

EPA Administrator Pruitt Speaker Request Form.docx

Hello Mary,

I work on Administrator Pruitt's scheduling team and Samantha Dravis passed along an invitation to the 9/20 BP BoD Dinner/NGA Event. We appreciate you extending the invitation. We are hoping to gather a few more details on this event. Could you share anything more regarding who will be there, the topic/purpose of event, if anyone is speaking and/or if you would like the Administrator to speak, etc? If it's not too much trouble, I've attached our speaker request form that includes details we typically seek for speaking events. Some of these may not be relevant to this invite, but would you mind providing as much as possible so that we are prepared?

Thank you and we look forward to responding back to you very shortly. Again, thank you for including him in this event.

Hello Hayley, Daisy and Millan --

Following up from our emails earlier this week.

Thought I'd just touch base to see if you had a better sense as to whether Administrator Pruitt's plans may allow him to come to the RER event at the Newseum, on Tuesday afternoon around 12:30.

Thanks, and have a great weekend--

Duane

Thank you for offering the below opportunity for the Administrator to meet with the Real Estate Roundtable. We have a few tentative items on the calendar prior to the Smart Sectors launch that day that we should get figured out in the next day or so. Once we do that, I will be back in touch and able to let you know if this could work. We'd certainly love to do it if we can. I'll try to get you an update tomorrow before you head out of the office.

Thank you!

Thank you, Daisy.

Hayley and Millan -- I'm in the office tomorrow, but out on Friday.

As our event at the Newseum is next Tuesday, should we touch base tomorrow to see if this indeed works on the Administrator's calendar?

Perhaps a call at 9:30, 10:30 or 11 am tomorrow to touch base? If yes, let me know which number I should call to reach you.

Or, you can call me this evening on my cell at 202-309-3628.

Many thanks,

Duane

Subject: Follow-Up from RER -- Invite for Our Oct 3 Lunch Meeting

Hello Daisy –

It was great to speak to you earlier. Following up on our earlier conversation, we really appreciate Administrators Pruitt's invitation to participate in the Smart Sectors strategy – and RER would be delighted to join the partnership. Thank you.

Also as discussed, while we can't unfortunately make the 3 pm launch event @ EPA, if Administrator Pruitt's schedule could accommodate, we'd be honored to have him address our meeting briefly (15-20 minutes) at around 12:30 pm -12:45 pm.

The meeting will be held just up the block from EPA, at the Newseum, @ 6th St. and Pennsylvania Ave. Our anticipated attendees, and working agenda, are attached.

The attendees will include familiar names to the Administration and encompass some of the top real estate CEOs and other senior executives in the nation.

If we can make it work, our Board member and Chairman of our Sustainability Committee -- Tony Malkin, the CEO of Empire State Realty Trust – would introduce the Administrator with some short opening remarks. It would then be a great opportunity for Mr. Pruitt to talk about the Smart Sectors strategy for about 15 minutes and other priorities for EPA – perhaps leaving time for an audience question or two.

The Oct 3 meeting is closed press. If this works out, I will also then follow up with information for any security detail.

Looking forward to hearing back from you – and collaborating going forward.

Best,

Duane

Subject: Smart Sectors + Launch Event w. Adm Pruitt Invite

Duane,

Thank you for calling me back yesterday and sorry I've taken so long to respond! Attached is some more information about the EPA Smart Sectors Program, and below is the invitation to the launch event.

Let me know if The Real Estate Round Table is interested in joining the partnership and participating in the event.

On behalf of U.S. Environmental Protection Agency Administrator Scott Pruitt, I would like to invite Jeff DeBoer to attend the launch of EPA's Smart Sectors Program. The event will be held at 3:00 PM on October 3, 2017, at EPA Headquarters in the William Jefferson Clinton North Building in the Green Room.

Through our collaborative partnership, Smart Sectors will demonstrate measurable results for the environment and the economy by building relationships and improving customer service to your sector; developing additional expertise in your industry's operations and environmental performance; and informing the planning of future policies, regulations, and agency processes.

We hope Jeff will join Administrator Pruitt for the Smart Sectors launch and ask that you RSVP to me (letendre.daisy@epa.gov) by September 22, 2017 if possible. If you or Tony are unable to attend, please feel free to share this invitation with another member of your association's leadership.

In addition to the launch event with Administrator Pruitt, we will be publishing a Federal Register notice announcing the program.

I hope to see you in October. As always, don't hesitate to reach out with any question or concerns.

All best,

Daisy C. Letendre

Senior Advisor for Policy and Strategic Communications

Got it. If you have a longer release, we could probably shorten our quote if that helps you. Your call.

On Aug 9, 2017, at 12:36 AM, Hewitt, James <hewitt.james@epa.gov> wrote:

Hi Stephen,

I think this should work. We will use this quote in a press release highlighting all the stops Administrator Pruitt makes during his visit to Texas. This quote will be included below the paragraph highlighting his tour of Toyota. I should have a draft of the release written by tomorrow afternoon that I can get in front of you before it's finalized.

Best,

James

great.

To Tate's point, the Administrator often will not eat at meetings but of course would take no offense to your bringing in lunch for the rest of the group. We shall leave that up to you.

My colleague Forrest, copied here, will travel into Dallas on Wednesday, the 9th and will likely reach out to you in hopes of scheduling a time to do a walk-through of the location.

Kindly let us know if there are any outstanding items we can address for you at this time. We look forward to meeting you next week.

Thank you so much,

Millan

First hour: Tour of new campus with emphasis on environmental sustainability components.

Second hour: Time with 5-8 Toyota executives to discuss issues ranging from the state of the auto industry, development and deployment of alternative fuel vehicles, CAFE, California ZEV mandate and any other issues of interest to the Administrator.

If needed, we could cut both segments down to 45 minutes.

Thank you.

Maddy,

I have some Toyota executives holding their calendars open for August 10 to host Administrator Pruitt. I'm not going to be able to keep the calendars held much longer. Can we finalize the date and time? We would very much like to host him. It's less than two weeks from now, so I'll need a time to be sure we can be proper hosts! Thanks.

Stephen

Hi Lincoln,

Did you still want to chat today? I have another call at 3pm and then have to head to the airport. If we can't connect today, then we'll have to find some time when I'm back in the office next week.

Thanks,

Maria

Subject: DRAFT: Register now for Opening Arguments: Returning to "EPA Originalism": A Conversation with EPA Administrator Scott Pruitt

Dear Aaron,

Please see below our draft invitation for Administrator Pruitt's event. Let us know by COB Friday if you would like changes. We would like to begin promoting this early next week. If you have people you would like us to invite please send along names and email addresses. Additionally, I am looping in our public affairs office (Maria) for any media you might want to include.

Just to confirm, this event will be live streamed, on the record. A video will also be posted to our website after the fact. If this is of any concern to your office let me know.

Lastly, as we get closer to the date let me know about any special arrival, hard stop time, etc.

Anything else just let me know.

We look forward to hosting Administrator Pruitt.

Best,

Paige

The Hoover Institution is pleased to invite you to a special edition of

Opening Arguments: Conversations on American Constitutionalism

Returning to "EPA Originalism": A conversation with EPA Administrator Scott Pruitt

Thursday, May 18, 2017

5:00 - 7:00 PM

Hoover Institution

1399 New York Avenue, NW, Suite 500

Washington, DC 20005

In his early statements, including his introductory address to EPA employees, Administrator Pruitt stressed the need to pay greater heed to Congress's laws, and to the federalism inherent in those laws and in the Constitution itself. In conversation with Hoover Institution research fellow Adam White, Pruitt will discuss his vision for the EPA, Congress, and federalism.

This event is part of a monthly series, Opening Arguments: Conversations on American Constitutionalism.

Register Now!

I can't make it

One question.

1. Could we please secure the green room/hold room exclusively for the Administrator? I see we have a couple other potential meetings in there but, if possible, if would be ideal to have it available should he need privacy. Might we secure the Plaza Boardroom for that purpose?

Most everything else we should be able to hammer out during our walk-through on the 30th.

Thank you so much Kevin.

Erin – please meet Jahan Wilcox, copied here, from our press team.

Jahan – Erin had a few press related questions. We are speaking to their group on Friday morning, December 1st in Des Moines. At this time, this event is closed press but their magazine would like to do a quick interview of the Administrator. I shared with them that it would be best for you and Erin to connect. I also indicated that any media we might want to invite, we would do so a couple days in advance.

We are working on a second stop after this one which might present a better opportunity to include press. Overall, Erin and Kevin are just hopeful to remain up to speed.

Please let me know how I may assist further.

Thank you all,

Morgan,

It was so good to talk with you. Attached you will find the proposed agenda Luis has prepared for our scoping mission next week. Hopefully this will assist you all in preparing for our meeting on Wednesday, October 25th. We will be coming in the night before so a 9AM meeting would work well for us if at your convenience, you could kindly confirm on your end.

Those attending will be the following…

Mark Kasman – Director, Office of International and Tribal Affairs

Luis Troche – Senior Advisor for North American Affairs/ Serves on CEC General Standing Committee

Sarah Greenwalt – Senior Advisor to the Administrator for Water and Cross-Cutting Issues (she's a fellow Okie!)

Myself

Luis – Morgan requested the reference table that you provided to Sarah and myself so that she may begin anticipating what our needs will be. Could you please share with her?

Looking forward to next week.

Thank you so much,

Millan Hupp

Announcing Scott Pruitt as SIGMA Opening General Session Speaker!
SIGMA Pruitt Announcement-final-web.pdf

Thank you so much!

Jahan,

Attached please find an email promo and a print postcard we would like to send out to the SIGMA membership (only SIGMA members) regarding Administrator Pruitt's appearance at the 2017 SIGMA Annual Conference in Chicago on November 8th.

Additionally, we would like to incorporate the following description in our program book that will be available to conference attendees onsite:

A Conversation with EPA Administrator Scott Pruitt

In an exciting opening to the SIGMA Annual Conference, join us for a conversation with Scott Pruitt, Administrator of the U.S. Environmental Protection Agency. Hear his perspective on EPA's tremendous efforts to assist our industry in keeping the fuel supply flowing in the aftermath of Hurricanes Harvey and Irma. Hear his insights into the current issues surrounding our industry today, from regulatory policies to renewable energy. Don't miss this unique opportunity to hear directly from Administrator Pruitt on the state of the Environmental Protection Agency and what it could mean for the future of our industry.

We are eager to let our members know that Administrator Pruitt will be joining us, so please let me know if these promo items are approved.

Finally, I would like to discuss how you would prefer us to handle trade press who will be in attendance. If you would like his conversation to be off the record, I will notify them ahead of time and we will also make that announcement in the room before he begins.

Happy to discuss by phone – likely easier than via email.

Hi Millan,

Email #2! This email is to introduce you to our Director of Communications, Amy Rider. Amy 's direct contact info is 703.375.0485 and ARider@sigma.org. If you can put her in contact with the appropriate folks on your staff, I'd appreciate it!

Amy oversees all of our communication and publications. She'll be the one to request press kits, approvals for any announcements and text, as well as overseeing our press relations before the meeting and onsite (She intends to address that topic with your communications/press team).

If I can weigh in on anything, do let me know. I will be staying on top of all of the SIGMA details from our end so that we're able to provide one comprehensive event profile for you as we confirm details.

Thanks again!

Best,

Liz.

Subject: Thomas Hill Information

All,
Attached is some additional information on Thomas Hill and its impact on the local community. This can be used as part of any communications.

Please let me know if you have any questions on the information, or if we can provide anything else.

Thanks,
Joe Wilkinson

April 13, 2017, draft

Thomas Hill Energy Center fact sheet

Community & jobs:

- Associated's 2016 property tax payments to Randolph County for its Thomas Hill facilities totaled $6.4 million.
    - Of that amount, $4.7 million went to local schools.
- Associated employs 223 full-time employees at its Thomas Hill Energy Center who are actively involved in their local communities.
    - 164 of those employees are represented by the International Brotherhood of Electrical Workers. Weighted average hourly rate for union employees only is $36.56. That's about $80,000 annually. In contrast, the 2015 income per capita for Randolph County was $36,062, per Woods and Poole data.
- Take home pay for all employees at Thomas Hill (union and nonunion) is about $1.1 million a month.
- Associated owns the Thomas Hill Lake, built to provide cooling water to the plant, and works with the Missouri Department of Conservation to manage its use for recreation and wildlife habitat.
    - Associated owns 30,700 acres at Thomas Hill, including the lake that is about 5,000 acres.
    - Associated leases 11,455 acres to the Missouri Department of Conservation, which includes the lake and about 6,000 acres of surrounding land for fish and wildlife resources and regulation of recreational uses.
- Associated twice has received the U.S. Department of Interior's highest honor for its mine reclamation, which is nearly complete.
    - Of the 16,442 acres once under bond for mine reclamation, Associated only has 807 acres left that is permitted to beneficially use ash to reclaim.
    - Provides bottom ash to counties and cities for beneficially reuse during inclement weather, saving them money and making the roads safer.

Environmental stewardship and compliance

Air quality

- Associated was one of the first utilities in the country to convert its coal units to burn 100 percent low-sulfur coal to meet requirements of the 1990 Clean Air Act Amendments.
    - Associated spent $552 million to close its Missouri mine and convert to low-sulfur coal at its Thomas Hill and New Madrid power plants – reducing SO2 emissions 90 percent.
- At both coal plants, AECI added over-fire air technology on all units from 2004-2006 to further reduce NOx emissions for a cost of $15.5 million.
- In addition, low-NOx burners were installed in 2006 on Thomas Hill Unit 3 to reduce NOx emissions and lower operating costs on SCR environmental controls. This project cost $7.6 million.

- To further reduce NOx emissions, Associated spent $423 million to build selective catalytic reduction (SCR) equipment on all three units at Thomas Hill and refurbish Unit 3 electrostatic precipitator to improve capture of fine particulates from emissions. This was done by Jan. 1, 2009, to meet Clean Air Interstate Rule, which was later replaced with Cross-State Air Pollution Rule.
- To reduce mercury emissions, Associated pioneered use of refined coal in 2010 at Thomas Hill Energy Center to reduce mercury emissions years before the Mercury Air Toxics Standards compliance date in 2016. Example of innovation that did not increase costs for members. Associated took advantage of George W. Bush-era stimulus package.
- In 2016, Associated installed sorbent traps to monitor mercury emissions per MATS standards. Mercury emissions cost in 2016 totaled $348,052.
- Installed activated carbon injection systems on all three units at Thomas Hill to meet MATS at a cost of $6.5 million.
- Refurbished Thomas Hill Unit 2 electrostatic precipitator at a cost of about $9.3 million for MATS compliance.
- Today, Associated's mercury emissions are below the MATS requirements.

Coal Combustion Residuals rule

- In preparation for the CCR rule, Associated converted to a dry fly ash handling system at Thomas Hill Energy Center at a cost of $2.4 million.
- Since then, it's invested an additional $714,000 on projects, including:
    - Installed additional groundwater wells for monitoring as required by CCR and is working with an engineering firm to establish a baseline from monitoring results as required by CCR rule.
    - Hired a geotechnical firm to inspect, document and certify ash pond dam and then write management, flood and post-closure plans.
    - Closing an ash pond, using in-house staff as available.
    - Moved 301,928 tons of bottom ash in 8,284 truckloads to close an area that had been used by a contractor to recycle bottom ash, which could no longer be stored on the ground under the CCR rule. Associated then constructed a pad for temporary storage of bottom ash, which can then be loaded out for disposal or recycling.

Stewardship extends to wildlife and more

- Hatched peregrine falcon chicks from its power plant in past, and last year two peregrine chicks fledged from a nest box on the Unit 3 emissions stack. Eagles are also a common site and have nested the last few years on Associated's property.
- Partnered with BNSF Railway on pilot project for liquefied-natural-gas powered locomotives bringing coal to the power plant.
- Associated Electric Cooperative and Association of Missouri Electric Cooperatives are part of a statewide collaboration to help restore monarch butterfly populations.
- Associated has donated use of land at Thomas Hill for wildlife habitat research and a soil-conservation project by county soil and water conservation district and state agencies and universities.

- Partnered to develop an agreement with U.S. Fish and Wildlife Service to reach an agreement that allows member systems to construct and maintain transmission facilities while protecting endangered species.

Upcoming issues, in addition to carbon emissions regulations, focus on land and water:

- Final *Clean Water Act Effluent Limitation Guidelines* now include Thomas Hill units 1 and 2, which were previously excluded under the draft rule. Compliance timelines tied to discharge permit renewals between 2018-2023.
- Associated will have to convert to a dry bottom-ash handling system to meet Coal Combustion Residuals rule and Effluent Limitation Guidelines. Staff has not devised a solution for Thomas Hill yet, but the bottom ash system at the cooperative's New Madrid plant will cost about $30 million.
- Need continued support from the Office of Surface Mining and EPA for beneficially reusing coal ash to reclaim mine property (CCR and ELG Rule). Eliminating this use would increase ash disposal costs, possibly requiring construction of a utility landfill, and also increase mine reclamation costs.
- Need risk-based approach to closing surface impoundments and ash ponds and remediating ground water impacts (CCR Rule).
- Missouri has risk-based standard, which about 40 states do, which is cost-effective way to improve water quality.
- Changes to water treatment to meet new ELG limits is another potential impact at Thomas Hill, which now has its own water treatment facility to produce potable water.
- Section 316(b) of the Clean Water Act also may require some modification of water intakes for the plant on the lake; however, this will be a larger and very significant cost at Associated's New Madrid Power Plant.

Subject: Media Advisory for Thursday Event

Zach and Jerry – Per our discussion this morning, below is the media advisory we are sending to targeted media. We are having folks RSVP to receive more information on time and location. Please keep a close hold on this until further notice.

Also, a couple of other updates - the Administrator is now arriving at noon on Thursday so we are pushing things up and changing them around just a bit. Press will now be invited to get a photo spray at the beginning of the lunch in addition to the press portion of the event, so we will want to be sure there are miners in uniform participating in the lunch. Here is the updated line by line for Thursday's movements:

- **12:00 PM EST Administrator Pruitt arrives**

- **12:00 – 12:30 AM EST Discussion with coal miners and media availability, open press.**
  - **Greeting with 75 – 100 coal miners**
  - **Introduction by CONSOL CEO Jimmy Brock**
  - **Administrator Pruitt speaks**
  - **Congressman Tim Murphy speaks**
  - **Presentation of hard hat**
  - **Jimmy Brock concludes remarks**

- **12:30 – 1:30 PM EST Private roundtable lunch with stakeholders, press spray at beginning of the lunch.**

- **1:30 – 2:00 PM EST Safety training and gear up, closed press.**

- **2:00 – 3:45 PM EST Underground mine tour, closed press.**

- **3:45 PM EST – Depart**

Don't hesitate to give me a shout if you have questions about any of these details.

Thanks,

Amy Graham

Deputy Associate Administrator for Public Engagement

U.S. Environmental Protection Agency

EPA ADMINISTRATOR TO VISIT PENNSYLVANIA COAL MINE, LAUNCH *BACK-TO-BASICS* AGENDA

SYCAMORE, Pa. – U.S. Environmental Protection Agency Administrator Scott Pruitt will speak with coal miners at the Harvey Mine in Sycamore, Pennsylvania on Thursday, April 13, to kick off EPA's *Back-to-Basics* agenda. The *Back-to-Basics* agenda refocuses the EPA on protecting the environment, promoting economic and job growth, and returning power to the states.

Administrator Pruitt will speak with coal miners about the President's recent Energy Independence Executive Order, which directs EPA and other federal agencies to review the Clean Power Plan and revise regulatory barriers that impede energy independence, including unnecessary burdens on coal miners and coal-fired electric utilities.

"What better way to kick off the EPA's *Back-to-Basics* agenda than joining hard-working coal

miners who help power America. The coal industry was nearly devastated by years of regulatory overreach, but with new direction from President Trump, we are turning things around for these miners and for many other hard working Americans," **said Administrator Pruitt.** "I look forward to launching my *Back-to-Basics* agenda in Pennsylvania as we work to return EPA to its originally intended mission of protecting the environment without hindering job growth."

Members of the media who plan to attend this event must RSVP by emailing pressrsvp@epa.gov no later than 5:00 p.m. on Wednesday, April 12.

WHO: Administrator Pruitt and coal miners at the Harvey Mine – Patterson Creek Portal

WHAT: EPA kicks off *Back-to-Basics* agenda

WHEN: Thursday, April 13, 2017

WHERE: Harvey Mine, Sycamore, PA 15364

NOTE: For more details on timing and location, credentialed members of the media must RSVP.

I think we can make that work! Can you send me details for the reception and if you'd like him to address the group, the length, topic, etc.? If it's not too much trouble, you could just amend the original form you sent with this date/location and then we'll have that on file.

Thank you Seth and we look forward to this!

Hi Haley,

We are having a reception at the Willard Hotel on Tuesday, Oct. 3rd at 7PM. We would love for him to join us.

Let me know if that is a possibility.

On Sat, Sep 9, 2017 at 4:55 AM, Ford, Hayley <ford.hayley@epa.gov> wrote:

Seth,

When will your group be flying in? He is leaving early on the 4th to go out of town and will be out the rest of that week. The dates in your original email stated 4th-6th but you said Tues-Thurs (which conflicts) but we could do something Tuesday if you'll be here with enough time.

Let me know if that could be arranged. Thank you!

Haley,

As a follow up, we had previously been discussing the possibility of a lunch at the Trump Hotel on Oct. 6th. However, like stated on the form we have a relatively open schedule. We have secured open spaces when we are scheduling meetings. I will include them below for your benefit:

Oct. 4th

Open 12-2pm @ the Cosmos Club

Oct. 5th

Open 8-10:30AM @ the W Hotel

Open 12-3PM @ The Capitol Hill Club

Oct. 6th

Open 12-3PM @ the Trump Hotel

Open 6-8PM @ the Willard Hotel

If he is unable to make any of the above time slots we can move our schedule around to make something work.

Thank you!

Seth

Hello John,

I wanted to follow up with your below request and I apologize that it has taken some time for us to get back to you. I will be taking over the scheduling for this request moving forward. Could you please complete the attached speaking request form for this event with as much information as you can provide? Since you are flexible on the meeting, some of the information might not apply and so feel free to indicate that. We will then look at the schedule and try to make it work.

I look forward to hearing from you and hope to make this meeting happen!

Hi, Tate,

Everyone was so disappointed that Administrator Pruitt had to cancel his trip to CA this week. We do wish him a speedy recovery from his knee surgery. I know what that's like.

I wanted to make you aware that approximately 100 members of the four California Lincoln Clubs will be together in Washington DC, October 4, 5,6 for our biennial trip.

During this trip we schedule pretty much nonstop meetings and meal events with many of our most important government officials.

On behalf of the Lincoln Clubs of CA, I would like to extend a formal invitation to Scott to address the group, preferably at a meal time, breakfast, lunch or dinner. But we could easily schedule something anytime of day.

Again, we will be in DC all day Oct 4,5,6. (Tues, Wed, Thurs).

We hope Administrator Pruitt will have the time to visit with us.

Best Regards,

John Warner

Hello Hayley, Daisy and Millan --

Following up from our emails earlier this week.

Thought I'd just touch base to see if you had a better sense as to whether Administrator Pruitt's plans may allow him to come to the RER event at the Newseum, on Tuesday afternoon around 12:30.

Thanks, and have a great weekend--

Duane

Thank you, Daisy.

Hayley and Millan -- I'm in the office tomorrow, but out on Friday.

As our event at the Newseum is next Tuesday, should we touch base tomorrow to see if this indeed works on the Administrator's calendar?

Perhaps a call at 9:30, 10:30 or 11 am tomorrow to touch base? If yes, let me know which number I should call to reach you.

Or, you can call me this evening on my cell at 202-309-3628.

Many thanks,

Duane

> It was great to speak to you earlier. Following up on our earlier conversation, we really appreciate Administrators Pruitt's invitation to participate in the Smart Sectors strategy – and RER would be delighted to join the partnership. Thank you.

Also as discussed, while we can't unfortunately make the 3 pm launch event @ EPA, if Administrator Pruitt's schedule could accommodate, we'd be honored to have him address our meeting briefly (15-20 minutes) at around 12:30 pm -12:45 pm.

The meeting will be held just up the block from EPA, at the Newseum, @ 6th St. and Pennsylvania Ave. Our anticipated attendees, and working agenda, are attached.

The attendees will include familiar names to the Administration and encompass some of the top real estate CEOs and other senior executives in the nation.

If we can make it work, our Board member and Chairman of our Sustainability Committee -- Tony Malkin, the CEO of Empire State Realty Trust – would introduce the Administrator with some short opening remarks. It would then be a great opportunity for Mr. Pruitt to talk about the Smart Sectors strategy for about 15 minutes and other priorities for EPA – perhaps leaving time for an audience question or two.

The Oct 3 meeting is closed press. If this works out, I will also then follow up with information for any security detail.

Looking forward to hearing back from you – and collaborating going forward.

Best,

Duane

Subject: Smart Sectors + Launch Event w. Adm Pruitt Invite

Duane,

Thank you for calling me back yesterday and sorry I've taken so long to respond! Attached is some more information about the EPA Smart Sectors Program, and below is the invitation to the launch event.

Let me know if The Real Estate Round Table is interested in joining the partnership and participating in the event.

On behalf of U.S. Environmental Protection Agency Administrator Scott Pruitt, I would like to invite Jeff DeBoer to attend the launch of EPA's Smart Sectors Program. The event will be held at 3:00 PM on October 3, 2017, at EPA Headquarters in the William Jefferson Clinton North Building in the Green Room.

Through our collaborative partnership, Smart Sectors will demonstrate measurable results for the environment and the economy by building relationships and improving customer service to your sector; developing additional expertise in your industry's operations and environmental performance; and informing the planning of future policies, regulations, and agency processes.

We hope Jeff will join Administrator Pruitt for the Smart Sectors launch and ask that you RSVP to me (letendre.daisy@epa.gov) by September 22, 2017 if possible. If you or Tony are unable to attend, please feel free to share this invitation with another member of your association's leadership.

In addition to the launch event with Administrator Pruitt, we will be publishing a Federal Register notice announcing the program.

I hope to see you in October. As always, don't hesitate to reach out with any question or concerns.

All best,

Daisy C. Letendre

Subject: Re: Following up from Administrator Pruitt's visit

Hi Millian, and thanks for the contact. Well, I know you guys have been in a whirlwind…but it was actually Georgia (not Alabama), and Sec. Perdue's (not Sen. Strange) "homecoming" at Earl and Wanda Barr's place that we met. We appreciated Administrator Pruitt taking the time to come down and share his thoughts with us Tree Farmers. While I do support some of the rollbacks of regulations that were discussed, I certainly hope he will be mindful of making sure we all have clean air, water and a healthy environment during his tenure and that some of the important regulations that assure that will remain in place. Given the present state of affairs in Washington, it would, in my opinion, be helpful for any of our leaders to start trying to reach out to "the other side" and as both Sec Perdue and Admin. Pruitt mentioned at our meeting, to be "good listeners". I hope and trust that will be the case!

There is one thing that I would like Admin. Pruitt to be aware of…it is not really in his department, but more in the Dept. of Commerce. Still, I think it is important for him to know about. That is, throughout the Southeast over the past few years, several Canadian companies have purchased a number of sawmills…to the point that they have a boarder-line monopoly on our raw material. In normal timber markets, we see our stumpage prices following the curves of finished lumber. That is fine, and we have no problem with that. However, we have data showing that in recent years during times when finished lumber prices have risen, our stumpage prices have stayed low and very much below the curve of lumber. In Georgia, the Interfor company has bought up all but one mill in our Middle Georgia region, and that mill is now for sale and Interfor is looking at it. Should they buy that mill, they will truly have a strong monopoly on the timber market…no competition. In Alabama, there is a similar situation with Camfor, another Canadian company. In Mississippi, Louisiana and Arkansas, the same thing is happening. Again, I know this is not in the realm of EPA, but I think it is important for Admin. Pruitt, Sec Perdue and other gov't agencies in addition to Sec. Ross and Sec. Acosta to be aware of.

Thanks, Millian…I will soon embark on another Rolling Stones tour that will take me to Europe through the end of Oct. At some point after my return, I

hope to have a small group of Forest Landowners to visit Sec. Perdue to discuss this and other issues further. Perhaps we could visit Admin. Pruitt during that time. I will keep you apprised of those plans as they develop. Cheers and all the best, Chuck

Mr. Leavell,

It was such a pleasure to meet your wife and yourself in Alabama during Administrator Pruitt and Senator Strange's visit last week. We met briefly as the Administrator was headed out when he turned to me and asked that I follow up with you. I am ashamed to admit that I am unaware as to specifically what it was on which he was hopeful I could connect with you but nevertheless wanted to establish the lines of communication.

Kindly let me know if I can in any way be of assistance to you.

Warm regards,

Danny,

Looks like Sarah Greenwalt is no long going to be on the Blackhawk. With just 4 people traveling, do you think they would each be able to bring one carry on or should we still work on alternate arrangements for their luggage?

Thank you so much,
Millan

Hello all,

The Administrator is very much looking forward to this event. In fact, he just mentioned all of you and wanted to make sure it was on his calendar! I have breakfast the morning of December 8 on the calendar, but wanted to check in regarding the other events. As you can understand, it's pretty far in advance at this point, but I'd like to put them on his calendar as an FYI in case he's able to attend. I believe you'll be here Dec 6-8 for the grand opening, but he did mention something in November as well. Perhaps he was mistaken.

Thank you and I look forward to hearing from you!

Hello Robin,

I've put on the calendar for 8:30AM – 10AM. As we get closer, let's discuss the window of time. We may need to shorten a bit based on what else is going on that day, but I know that he'll want to spend as much time as he can with you that morning.

Thank you and we'll be in touch. Let me know if I can answer anything else!

Hi Hayley,

Thank you so much. This time and location will work out great. Please confirm us for 4:45 pm ET on Tuesday, 10/2, at EPA Headquarters to meet with Administrator Pruitt. Attending with AG Paxton will be the following staff members:

Michael Toth, Special Counsel

Marc Rylander, Communications Director

JB Skees, Executive Assistant/Travel Assistant

Please let me know if you need further information. Thank you again for your assistance!

Kind regards,

Sarah Burgess

Hello Sarah,

Thank you for reaching out on behalf of AG Paxton. Administrator Pruitt would be happy to take this meeting. Unfortunately, he is traveling 10/4-10/6. Would AG Paxton be available on 10/3 instead? We could do something later in the afternoon/early evening if he is flying in that day.

Let us know if that would work. Thank you and we look forward to welcoming him here.

To: Pruitt, Scott <Pruitt.Scott@epa.gov>
Subject: Texas Attorney General Paxton requests meeting

Good afternoon,

I am writing on behalf of Texas Attorney General Ken Paxton. AG Paxton respectfully requests a meeting with EPA Administrator Pruitt while he is in Washington DC, October 3 – 6. The topic of the meeting would be federal regulatory reform, an issue that impacts numerous cases that Texas is currently litigating. In May, AG Paxton led a 16-state coalition in calling on the Trump Administration to take action in accordance with two principles – restoring the role of Congress and ensuring impartial adjudications. AG Paxton would like to share his perspective on the proper scope of federal administration agencies as well as some ideas for practical reforms.

As mentioned above, AG Paxton will be in Washington DC the first week in October and is available for a meeting on the following dates and times:

Wednesday, 10/4, 10:00 – 11:00 am

Thursday, 10/5, 10:00 – 11:00 am, and 2:00 – 3:00 pm

Friday, 10/6, 10:00 – 11:00 am

Please let me know if any of these fits in the Administrator's schedule. If not, please feel free to propose a date/time that works best.

Kind regards,

Sarah Burgess

Subject: National Geographic

Maddie. Great to visit last night. Millan we missed you! As a follow up to our conversation relating to the National Geographic salon dinner and an advance meeting between the CEO and Admin Pruitt I am sending the below bio for Gary Knell. He is very much hoping to meet with the administrator and his team that would be involved with not only the logistics but also the content and substance (under the domestic water issue) for the dinner. I think you mentioned also checking with Secretary Zinke staff to ask about his expertise with his National Geographic salon dinner. The CEO is looking forward to being supportive and helpful to the Administrator and hopes to meet him soon. Thanks again for the visit.

Gary Evan Knell is the president and CEO of the National Geographic Society, one of the world's largest nonprofit organizations with a worldwide reach of more than 700 million people each month through its media, products and events. He joined National Geographic as chief executive in January 2014. He has been a member of the Society's board of trustees since April 2013 and has served on the board of governors of the National Geographic Education Foundation since November 2003.

Knell's media career spans nearly three decades. Before joining National Geographic as president and CEO in January 2014, Knell served as president and CEO of National Public Radio from 2011 to 2013. He led NPR's worldwide media operations, which include partnerships with 900 public radio stations. He oversaw the fiscal, operational and journalistic integrity of NPR and led the building of the organization and its philanthropic base to support and leverage the strengths of NPR and its extensive network of stations. A strong advocate of innovation, he was a key driver in leveraging new technologies to advance NPR's core mission and grew audience for all of public media.

Knell was CEO of Sesame Workshop for 12 years before joining NPR in 2011. He joined the company in 1989 and assumed the role of COO in 1998 before moving into the CEO role in 2000. During his tenure at Sesame, the organization expanded its revenue base, audience and global recognition. Knell was instrumental in focusing the organization on Sesame Street's worldwide mission, including the creation of groundbreaking co-productions in South Africa, India, Northern Ireland and Egypt.

Prior to joining Sesame Workshop, Knell was managing director of Manager Media International, a print and multimedia publishing company based in Bangkok, Hong Kong, and Singapore. He has also served as senior vice president and general counsel at WNET/Channel 13 in New York, was counsel to the U.S. Senate Judiciary and Governmental Affairs Committees in Washington, D.C., and worked in the California State Legislature and Governor's Office.

Knell is a member of the Council on Foreign Relations. He serves on the boards of Heidrick & Struggles and Common Sense Media as well as the advisory boards of the Military Child Education Coalition and the Pentagon Memorial Fund. He is an adviser to the Annenberg School of Communications at USC.

A Gordon Grand Fellow at Yale University, Knell was a guest lecturer at Harvard University, Duke University, Southern Methodist University, Carnegie Mellon University, and the University of Puerto Rico. He received honorary doctorates from Kenyon College in Ohio and Mercy College in New York and has served as the commencement speaker at Johns Hopkins University, UCLA, and the University of Texas at Austin.

Knell received a Bachelor of Arts degree in Political Science from UCLA, where he also served as Editorial Director of the UCLA Daily Bruin and was a stringer for the Associated Press. He received a JD from Loyola University School of Law in Los Angeles

Re: Potential Florida Exploratory Trip by EPA Administrator Scott Pruitt

Objective:

Secure a visit by Administrator Pruitt to tour Mosaic's facilities in Florida, specifically a tour of one of Central Florida's phosphate mines and/or tour of the formerly mined site that is now the home to Streamsong Resort. Identify potential announcements of economic initiatives that can be tied to the pro-jobs culture at EPA and industry events that can promote the the prioroites of the Administrator.

Possible Dates:

October 19 – 21

Thursday, October 19

This timeframe would permit attendance at the The Florida Phosphate Political Committee BBQ Dinner and Social. Approximately 1,500 (manufacturing base, small and large business/industry representatives all located in the heart of the I-4 corridor will be in attendance). It is possible the Administrator could serve as a speaker for this event. FL Governor Rick Scott may also attend this event (pending availability). Due to the political nature of this event, this activity would need to be cleared with the Administrator's staff.

Details of the event:

Where: RP Funding Center (formerly The Lakeland Center)
701 West Lime Street, Lakeland, FL 33815
Time: 5pm until 9pm

Friday, October 20

Morning: Administrator visit to Mosaic's phosphate mines
Location: Southern Polk County, FL

Evening: Dinner with Governor Rick Scott (pending availability) and tour of the formerly mined site that is now the reclaimed brownfield and home to Streamsong Resort. http://www.streamsongresort.com/mosaic-company/

Saturday, October 21 (Optional)

Possible activities:

- Florida State vs Louisville (Tallahassee, FL)
- Miami vs Syracuse (Miami, FL)
- Florida Atlantic vs North Texas (Boca Raton, FL)

November 10 – 14

Friday, November 10

Morning: Administrator visit to Mosaic's phosphate mines
Location: Southern Polk County, FL

17cv01906 Sierra Club v. EPA ED_001523B_00001441-00001

Evening: Dinner with Governor Rick Scott (pending availability) and tour of the formerly mined site that is now the reclaimed brownfield and home to Streamsong Resort. http://www.streamsongresort.com/mosaic-company/

Saturday, November 11 (Optional)
Possible activities:

- Miami vs Notre Dame (Miami, FL)
- Florida International vs Old Dominion (Miami, FL)
- Central Florida vs Connecticut (Orlando, FL)

Sunday, November 12 (Optional)
Possible activities:

- Tampa Bay Bucs vs Jets (Tampa, FL)

Sunday/Monday, November 12/13
This timeframe would permit attendance at the Republican Attorneys General Association's Fall National Meeting, which will be held in in Palm Beach. I suspect they would be excited to have the Administrator serve as a speaker as a part of their program subject to approval by the Administrator's staff.

Details of the event:
Group: Republican Attorneys General Association
Event: Fall National Meeting
Date: November 11-14, 2017
Location: Palm Beach, Florida

Potential Participants:

In addition to Mosaic leadership, Florida Governor Rick Scott, EPA Region 4 Director, Andrew Wheeler (EPA Deputy Administrator Nominee), Matt Leopold (EPA General Counsel), Army Corps of Engineers representative.

Sample Tick Tock Schedule:

Thursday, October 19
4:00pm: Arrive in Lakeland; transfer to RP Funding Center for event
5:00-9:00 pm: The Florida Phosphate Political Committee BBQ Dinner and Social; speaking engagement
9:00 p.m. Return to hotel

Friday, October 20
9:30-10:30am: Administrator Pruitt and his staff participate in a breakfast briefing about Mosaic's phosphate mines at Corporate HQs in Fish Hawk, FL.

11:00 – 11:30am: Transfer via private shuttle bus to phosphate mines in Southern Polk County
11:30am – 1:00 pm: Post Breakfast site tour of phosphate mines; potential press availability

*During the transfer provide a general briefing on Mosaic's operations. Highlight issues of concern and provide information to the Administrator that will provide him an opportunity t o ask further questions. Include a quasi -tour of the various businesses that are dependent on Mosaic and provide the economic factors related to these businesses.

1:00 – 2:00pm: Lunch meeting with the C-suite.
2:00 – 2:30pm: Transfer to Streamsong resort

*Transfer to Streamsong for a working dinner with the Governor (pending availability) and inner circle government and private sector representatives for a dialogue with the administrator to discuss issues pertinent to the State of Florida from a government and private sector perspective. Topics could include, economic development opportunities in light of a more reliable and predictable regulatory environment. Army Corp issues.

5:00 – 6:00pm: Working drinks/dinner with governor
6:00 – 9:00pm: Political fundraiser

Saturday, October 21

9:00am: Depart for college football game in Tallahassee/Miami/Boca Raton

17cv01906 Sierra Club v. EPA ED_001523B_00001441-00003

Good Morning:

At this time, we have not contracted with additional security but would be willing to if requested/needed.

Depending upon when the media advisory would be sent, the most likely group to attempt to organize a protest of some kind would be the Iowa Citizens for Community Improvement or (CCI).

Please let me know if you have any questions or if there is information you think I can provide that might be helpful. Looking forward to meeting you as well!

Best,

KC

One question.

1. Could we please secure the green room/hold room exclusively for the Administrator? I see we have a couple other potential meetings in there but, if possible, if would be ideal to have it available should he need privacy. Might we secure the Plaza Boardroom for that purpose?

Most everything else we should be able to hammer out during our walk-through on the 30th.

Warm regards,

Thank you so much Kevin.

Erin – please meet Jahan Wilcox, copied here, from our press team.

Jahan – Erin had a few press related questions. We are speaking to their group on Friday morning, December 1st in Des Moines. At this time, this event is closed press but their magazine would like to do a quick interview of the Administrator. I shared with them that it would be best for you and Erin to connect. I also indicated that any media we might want to invite, we would do so a couple days in advance.

We are working on a second stop after this one which might present a better opportunity to include press. Overall, Erin and Kevin are just hopeful to remain up to speed.

Please let me know how I may assist further.

Thank you all,

Hi Sydney,

If you could have Admin. Pruitt arrive at 11:45 am the time frame will be 12 – 2 pm.

We are in the process of changing the venue as soon as we have it nailed down I will send you an update.

Best,

Taisha

Hi Millan,

The phone number we will use is Personal Phone/Ex. 6 and the participant code is Personal Phone/Ex. 6

This all sounds like great news to us.

Ralf or I will get back to you with more information as it becomes available.

Have a great weekend.

Best,

Taisha

11:30 should work well. Would you mind to kindly send a call in number?

Also, looks like May 17th is good on our end. So, he will address the board on May 17 and address the lunch on June 21.

Thanks Ralf!

Hi Millan,

Hope you had a great weekend. I just wanted to follow up to see if your team has had a chance to think about possible dates yet. As you can imagine, our program calendar is pretty robust, so we try to be as strategic as possible in calendaring our smaller events around appearances by high-level speakers such as Admin. Pruitt. That said, if you can give us an idea of what week(s) Admin. Pruitt might prefer (even if not an exact date yet)—or if he's leaning toward speaking at our private board meeting next month in lieu of a public event—that information would be helpful to our event staff in their planning of the broader program calendar.

Best,

Ralf,

Yes, everything was perfect with the request form. The Administrator very much wants to participate here so we are just working on determining the best date.

Dean - it is a pleasure to meet you via email. This sounds like a wonderful opportunity. It is very kind of you all to want to include him! Would you be willing to share what questions you would have of him for this video, who all will be seeing it, and when you would like to do the filming?

Thank you very much,

Millan

Hi Millan!

Just thought I'd check in to make sure everything was okay with the request form I submitted last week. As always, feel free to let me know if you need anything further on my part.

I also wanted to introduce my colleague Dean Ball (Cc'd), who is putting together a short 40th Anniversary video to be shown at our annual Hamilton Awards Dinner (to which the Administrator has also been invited). The video would feature interviews with several of our country's most prominent political and intellectual figures discussing their thoughts on MI's past, present, and future; and we'd be honored to include Administrator Pruitt. It would only require about 30 minutes of his time, and we would be more than happy to send someone down to his office to film. If that's something you guys are open to, please feel free to coordinate with Dean.

I look forward to hearing back from you soon.

Kind regards,

-Ralf

Good afternoon, Michelle!

My name is Ralf Mangual, and I manage legal policy projects here at the Manhattan Institute. I just got off the phone with Millan Hupp who kindly returned my call in regards to an invite our President would like to extend to Administrator Pruitt. She asked me to send an e-copy of the letter (see attached) your way. We're thinking late May but are very flexible in terms of timing.

Please don't hesitate to reach out to me at any time if you have any questions or need more information. Thanks in advance for your time, and I hope we'll have the pleasure of hosting Administrator Pruitt again soon.

Kind regards,

-Ralf

Subject: Follow-Up Items for Administrator Pruitt

Hello Millan,

Thank you so much for your time today on our call. Here are the follow-up items we discussed:

1. The program director is working on an overview of the talk he is giving now and I will pass it along to you as soon as I have it

2. As mentioned on the call, both the Administrator and Rep. Jim Jordan will be speaking during the dinner program

3. Our complete program agenda can be found here: https://www.rb2017.org/index/agenda

4. Mr. Meese will not be in attendance this year

5. We will send you the list of guests as his table as soon as we confirm them

The items you will send me once you have them available:

1. The names and hotel dates of the Administrator's staff

2. The confirmed date/time of the walk through with his advance team

3. Additional item: can you please have all staff attending Resource Bank with the Administrator register using this link by COB tomorrow: https://www.rb2017.org/index/begin?reg_type_id=9717

Let me know if you have any additional questions or concerns. Thank you!

Jessica

John,

Thank you so much for your voicemail last night. The dates of September 26th or 27th here in DC should work for us but I have copied our Executive Scheduler, Maddy Morris, who will be able to confirm one of those dates. She will also send over a speaking request form for you to kindly fill out.

I'm so glad this is looking like it will come together as the Administrator was hopeful it would.

Please don't hesitate to call with questions.

Warm regards,

Millan Hupp

Great! 1pm it is.

I'd recommend watching the video prior.. I think it's about 15mins. That way we just do the breathing portion and have you sign.. you will not have to go through training again on Wednesday, then.

Thanks for the sizes and Eric's, I'll get this over to our team at the mine.

I'm sure you have it mapped but I've attached directions (there is a bridge out on the other side by Rt 18/Patterson creek road so what I've attached is the best way to go).

Thanks,

Zach

Subject: Re: Administrator Pruitt - Advance Team Walk Through - Tuesday, April 11

Millan-

Sounds good, other than timing. We have an operations meeting until noon at our HQ, so myself and our superintendent won't be at the mine until 1... is there anyway we can push so you can arrive around that time?

We can do the walk through, safety training and get everyone underground.. no problem.

Just need names and sizes for equipment (coveralls and boots) for everyone going underground Tuesday.

No cameras/phones will be allowed underground on Tuesday, since we'll need Msha approval.

Give me a ring if you have any questions.

Thanks!

Zach

Hello Hayley, Daisy and Millan --

Following up from our emails earlier this week.

Thought I'd just touch base to see if you had a better sense as to whether Administrator Pruitt's plans may allow him to come to the RER event at the Newseum, on Tuesday afternoon around 12:30.

Thanks, and have a great weekend--
Duane

Thank you, Daisy.

Hayley and Millan -- I'm in the office tomorrow, but out on Friday.

As our event at the Newseum is next Tuesday, should we touch base tomorrow to see if this indeed works on the Administrator's calendar?

Perhaps a call at 9:30, 10:30 or 11 am tomorrow to touch base? If yes, let me know which number I should call to reach you.

Or, you can call me this evening on my cell at 202-309-3628.

Many thanks,

Duane

EPA, if Administrator Pruitt's schedule could accommodate, we'd be honored to have him address our meeting briefly (15-20 minutes) at around 12:30 pm -12:45 pm.

The meeting will be held just up the block from EPA, at the Newseum, @ 6th St. and Pennsylvania Ave. Our anticipated attendees, and working agenda, are attached.

The attendees will include familiar names to the Administration and encompass some of the top real estate CEOs and other senior executives in the nation.

If we can make it work, our Board member and Chairman of our Sustainability Committee -- Tony Malkin, the CEO of Empire State Realty Trust – would introduce the Administrator with some short opening remarks. It would then be a great opportunity for Mr. Pruitt to talk about the Smart Sectors strategy for about 15 minutes and other priorities for EPA – perhaps leaving time for an audience question or two.

The Oct 3 meeting is closed press. If this works out, I will also then follow up with information for any security detail.

Looking forward to hearing back from you – and collaborating going forward.

Best,

Duane

Subject: Smart Sectors + Launch Event w. Adm Pruitt Invite

Duane,

Thank you for calling me back yesterday and sorry I've taken so long to respond! Attached is some more information about the EPA Smart Sectors Program, and below is the invitation to the launch event.

Let me know if The Real Estate Round Table is interested in joining the partnership and participating in the event.

On behalf of U.S. Environmental Protection Agency Administrator Scott Pruitt, I would like to invite Jeff DeBoer to attend the launch of EPA's Smart Sectors Program. The event will be held at 3:00 PM on October 3, 2017, at EPA Headquarters in the William Jefferson Clinton North Building in the Green Room.

Through our collaborative partnership, Smart Sectors will demonstrate measurable results for the environment and the economy by building relationships and improving customer service to your sector; developing additional expertise in your industry's operations and environmental performance; and informing the planning of future policies, regulations, and agency processes.

We hope Jeff will join Administrator Pruitt for the Smart Sectors launch and ask that you RSVP to me (letendre.daisy@epa.gov) by September 22, 2017 if possible. If you or Tony are unable to attend, please feel free to share this invitation with another member of your association's leadership.

In addition to the launch event with Administrator Pruitt, we will be publishing a Federal Register notice announcing the program.

I hope to see you in October. As always, don't hesitate to reach out with any question or concerns.

All best,

Daisy C. Letendre

Dear Sydney,

Is there any time in Mr. Pruitt's schedule on Wednesday, June 21 for a short chat about our 2018 Sustainability Conference? A short visit to www.silcny.com plus an even shorter phone call will indicate the audience which is available through this medium.

Regards,

stanley

EPA Administrator Pruitt Speaker Request Form djm.docx

Hayley,

We are quite excited about the possibility of having the Administrator attend our annual meeting.

I also wanted to clarify that this meeting will only be in Seattle in 2018 and the only real flexibility would be to have it on Tuesday the 24th of April as opposed to Monday the 23rd of April 2018.

Thank you so very much for your direction in accomplishing this.

Should you have any other questions for us, please don't hesitate to contact me.

Subject: RE: Invitation to speak at the AWPA annual meeting in Seattle

Hello Bob,

Thank you for your message and invitation to the Administrator. I was hoping that you could complete the attached speaking request form for this event so that we could capture additional information. I also noticed that in your letter you mentioned that if we couldn't accommodate a trip to Seattle, perhaps we could do the address at a different time or location. Does your group do an annual DC fly-in or do you have any other events that would also be possibilities? In the chance that we can't make it to Seattle for this, we would be interested in exploring other opportunities to get the Administrator in front of your group.

Please let me know your thoughts. Thank you and we appreciate you reaching out!

Ms. Hayley Ford,

The members of AWPA would be honored and enthusiastic to have Administrator Scott Pruitt be our keynote speaker.

The American Wood Protection Association is a nonprofit consensus based body that benefits the building, home improvement, electric utility, railroad and other infrastructure critical industries.

Please advise if there is anything we can do to help facilitate this possibility.

Good day and thank you,

ADMINISTRATOR SCOTT PRUITT EVENT REQUEST FORM
U.S. Environmental Protection Agency

Deadline for Acceptance:	*January 3, 2018*
Requesting Individual / Affiliation:	*Robert Baeppler, 2017-2018 President of the American Wood Protection Association*
Event Title:	114th Annual Meeting of the American Wood Protection Association (AWPA)
Event Date:	*Monday, April 23, 2018*
Is the Above Date Flexible:	*Yes but the only other available date is Tuesday the 24th*
Event Time & Duration:	*9:00 am to 12:00 am PDT*
Type of Event:	*Annual Meeting (Educational and Technical Conference)*
Purpose of the Event:	*Annual meeting presenting our excellent technical program covering areas critical to the industry, such as EPA regulation, performance of treated wood products, research on new and existing preservative systems, and other recent developments in the industry.*
Role of the Administrator:	*Keynote Speaker*
Requested Presentation Topic, if Speaking Involved:	*Any subject that the Administrator desires to speak on, or he may touch upon some or all 3 areas listed below* *1.EPA's view of wood preservatives and role they play in sustaining a strong and resilient infrastructure.* *2.EPA's view of the future of their relationship to industry and the public* *3. Any previously prepared information the Administrator would like to share with this industry*
Requested Presentation Format:	*Keynote*
Speech/Presentation Duration:	*30 – 45 minutes (no questions and answers)*
Would You Consider a Surrogate:	*We would also welcome the Deputy Administrator*

ADMINISTRATOR SCOTT PRUITT EVENT REQUEST FORM
U.S. Environmental Protection Agency

Event Location:	*Seattle, Washington* *Seattle Marriott Waterfront* *2100 Alaskan Way, Seattle, WA 98121* *(206) 443-5000*
Event Audience:	*300-400 attendees that produce preservatives and preservative components; producers of treated and untreated wood products; end users of treated wood; engineers, architects and building code officials; utility companies, academia, and other groups with a general interest in wood preservation.*
Event Host(s)/Organizer(s):	*American Wood Protection Association*
Host(s)' Relationship to EPA:	*AWPA promulgates wood preservative efficacy standards and treated wood product standards that are a prerequisite for EPA registration labels*
Run of Show/ Agenda:	*The final schedule is normally developed in early January. Generally, the Keynote speaker leads off, followed by a general business meeting of the association. Monday afternoon and all day Tuesday are filled with technical, scientific and business presentations. For an example of the typical flow of the meetings, please review last year's schedule:* http://www.awpa.com/meetings/annual/lasvegas.asp
Is there a Hold Room Available for the Administrator?	*Yes*
Open Press/Closed Press?	*Registration is open to all interested individuals; however, we will open or close it to the press based on Administrator's preference*
Dress Code:	*Business Casual*
Teleprompter Available:	*Could be made available but don't believe necessary based on the format of the meeting*
Microphone / Room Setup:	*Raised platform and lectern with stationary microphone or wireless lavalier – theater seating for audience*
Honorable Guests Attending:	*None*
Notable Federal, State or Local Appointed or Elected officials attending:	*None*
Individual Introducing Administrator:	*Robert Baeppler, 2017-2018 AWPA President*
Person to contact for media purposes:	*Colin McCown, AWPA Executive Vice President, O (205) 733-4077, C (205) 212-0443, mccown@awpa.com*
Is this event held Weekly, Monthly, Annually?	*Annually*

17cv01906 Sierra Club v. EPA ED_001523B_00001481-00002

Day of Event Point of Contact: *Colin McCown, AWPA Executive Vice President, O (205) 733-4077, C (205) 212-0443, mccown@awpa.com*

ADMINISTRATOR SCOTT PRUITT EVENT REQUEST FORM

U.S. Enviro

Security Contact:	*Colin McCown, AWPA Executive Vice President, O (205) 733-4077, C (205) 212-0443, mccown@awpa.com*
Suggested Entrance/ Exit to Event Venue:	*Will work with Administrator's security staff to provide the desired ingress/egress to venue*
Is the host of the event a registered 501(c)(3), (4), or has a 527 Political Action Committee (PAC):	*501 (c)(6)*
Will there be a "gift" presented to the Administrator? If so, what is the US currency value of the gift?	*No Gift*
Will a meal be provided, if so what is the US currency value?	*Lunch $35.00 on the 23rd. If the Administrator would arrive the night before, on that Sunday evening we have a reception and dinner $50; and a Monday breakfast $20*

Please return this form completed to scheduling@epa.gov and Aaron Dickerson at dickerson.aaron@epa.gov

Subject: SIGMA - Pruitt Speaking Event November 8, Chicago

Hi Millan,

Thanks so much for chatting this morning. This email is to introduce you to our Director of Meetings, Cheryll Decker. Her direct contact info is 703.375.0481 and CDecker@sigma.org. If you can put her in contact with the appropriate folks on your staff, I'd appreciate it!

Cheryll will be the resource for any rooms needed for privacy, information on security and the hotel, the reception at 2pm that day, and any logistical questions (not involving the actual speaking engagement – those logistics go through me).

If I can weigh in on anything, do let me know. I will be staying on top of all of the SIGMA details from our end so that we're able to provide one comprehensive event profile for you as we

confirm details.

Thanks again!

Best,

Liz.

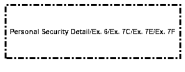
Jessica,

Yes, I am so sorry! I am also copying our travel coordinator as she may want to work with you on this. Just as a reminder, the rate was $240/nt?

The rooms are as follows..

E. Scott Pruitt – March 11 - 12



Lincoln Ferguson – March 11 - 12

– March 11 – 12

March 10 - 12

March 10 - 12

Millan Hupp – March 10 – 12

Extra room – Marc 10 -12 : someone will be in this room, we just don't have the name yet

Could you also kindly send confirmation numbers once you have them?

Thank you so much,

Millan

Subject: Follow-Up Items for Administrator Pruitt

Hello Millan,

Thank you so much for your time today on our call. Here are the follow-up items we discussed:

1. The program director is working on an overview of the talk he is giving now and I will pass it along to you as soon as I have it

2. As mentioned on the call, both the Administrator and Rep. Jim Jordan will be speaking during the dinner program

3. Our complete program agenda can be found here: https://www.rb2017.org/index/agenda

4. Mr. Meese will not be in attendance this year

5. We will send you the list of guests as his table as soon as we confirm them

The items you will send me once you have them available:

1. The names and hotel dates of the Administrator's staff

2. The confirmed date/time of the walk through with his advance team

3. Additional item: can you please have all staff attending Resource Bank with the Administrator register using this link by COB tomorrow: https://www.rb2017.org/index/begin?reg_type_id=9717

Let me know if you have any additional questions or concerns. Thank you!

Great! 1pm it is.

I'd recommend watching the video prior.. I think it's about 15mins. That way we just do the breathing portion and have you sign.. you will not have to go through training again on Wednesday, then.

Thanks for the sizes and Eric's, I'll get this over to our team at the mine.

I'm sure you have it mapped but I've attached directions (there is a bridge out on the other side by Rt 18/Patterson creek road so what I've attached is the best way to go).

Thanks,

Zach

Subject: Re: Administrator Pruitt - Advance Team Walk Through - Tuesday, April 11

Millan-

Sounds good, other than timing. We have an operations meeting until noon at our HQ, so myself and our superintendent won't be at the mine until 1... is there anyway we can push so you can arrive around that time?

We can do the walk through, safety training and get everyone underground.. no problem.

Just need names and sizes for equipment (coveralls and boots) for everyone going underground Tuesday.

No cameras/phones will be allowed underground on Tuesday, since we'll need Msha approval.

Give me a ring if you have any questions.

Thanks!

Zach

Hello Liz,

Millan Hupp, copied on this message, is our Director of Scheduling and Advance. She will be the main POC for this event. If you'd like to organize a call with her to discuss the below questions, I'm sure she'd be more than happy to do so.

Regarding the reception with the Boards from SIGMA and NATSO, we think that would be a great idea. You and Millan can discuss format on the call but we'll put on the calendar for 2PM that day.

Thank you and we look forward to it!

Hi Hayley,

Thank you again for all of your help in making this happen! Apologies for the length of this email, but I have tried to put together some comprehensive information for you, as well as ask a few questions.

My first question is – who will be our main contact for the event? Will we work with you, an event coordinator, or his chief of staff possibly?

My second – what is your preferred communication protocol? Do you prefer me as your main contact or going through other SIGMA staff that will be overseeing various aspects? Listed here are key SIGMA staff that will be working on the event. (all are copied on this email)

SIGMA CEO	SIGMA Director of Meetings	SIGMA Director of Communications	SIGMA Director of Education
Ryan McNutt	Cheryll Decker	Amy Rider	Liz Menz
RMcNutt@sigma.org	CDecker@sigma.org	ARider@sigma.org	LMenz@sigma.org
202.650.7799	703.375.0481	703.375.0485	703.375.0483 (cell 314.616.3907)
Responsible for hotel details on site in Chicago – security, greenroom, reception	*Responsible for general session address, production details, and needs on stage*	*Responsible for announcements, signage, and publications*	

Following I have listed out the various details and questions that we pulled together in order to make things run smoothly for the Administrator's time with us.

Π Regarding announcement

o Can we get the Administrator's media kit? High resolution headshot, official bio, etc.

o For any announcements, publications, or signage, does the Administrator require approval beforehand and, if so, who do we contact for that approval?

o I have attached a draft email announcement with information taken from the official EPA website.

Π Regarding onsite in Chicago

o Who will be the Administrator's main handler?

o What security details will we need to be aware of?

o Does the Administrator need a greenroom and, if so, what are the requirements?

Π Regarding SIGMA and NATSO Boards

o I have attached the Board of Directors for both SIGMA and NATSO to this email.

o SIGMA and NATSO boards would like to host a small reception at ***2pm on Wednesday November 8th*** in order for the board members to meet and thank the Administrator. We can plan this to his preference either formal (with a podium for him to make remarks) or informal (no podium, less formal meet and greet, time with both boards in a quieter environment).

o If a staffer would like to speak with our CEO, Ryan McNutt, about the event, I am happy to schedule a phone call. His direct contact information is also above.

Π Regarding the Administrator's remarks

o How much time would the Administrator like allotted for his address to the members?

o Our producer, JoAnna Miller, and I would like to schedule a call with the person who will be putting together the Administrator's event profile in order to go over the technical details for exactly what he can expect in the room the day of his address.

o Does the Administrator have an official/preferred introduction to be used for the address?

o Is the Administrator open to a few minutes of Q&A from the membership after his address?

If there is anything you are missing or need from me, please don't hesitate to ask – we are very excited that the Administrator will be able to join us in Chicago and want to make the event as smooth as possible.

Thank you and I look forward to working with you!

Best,

Liz.

Subject: RE: SIGMA Invitation - Administrator Scott Pruitt

Hello Liz,

Yes, I was just about to reach out to you as we figured out his travel schedule this morning. We are able to confirm Wed, Nov 8 with an approximate presentation time of 3:20PM based on our previous conversation. If we built in conversations with the Boards, we could do that prior to his remarks. Would you mind sending along a few more details on the Board conversations, including attendees, topic, background, etc? We can then try to work in based on when he arrives to Chicago.

We really look forward to this event and thank you again for the invitation!

Hi Hayley,

I just wanted to touch base on this invite to Administrator Pruitt. Our membership would be honored to have the Administrator at our Chicago meeting and be able to thank him for all of the actions he took during the recent natural disasters on behalf of our industry.

Do let me know if there is further information I can provide and I look forward to hearing from you!

Best,

Liz.

Hi Hayley,

A quick follow up – we also would like to extend the invitation to the Administrator's Chief of Staff Ryan Jackson if he is able to attend the Chicago SIGMA Conference along with the Administrator.

I am happy to extend that invite directly to Mr. Jackson or his assistant if you feel it's appropriate to send me their contact information.

Thank you again and have a great weekend!

Best,

Liz.

Hi Hayley,

Thanks so much for reaching out today! I just talked with Mike and he so happy that things seem to be working out to have the Administrator at our meeting in Chicago.

This is a bit of the information that we just chatted about this morning. Both dates do still work for us (the 8th and 10th), but we do have a preference to the 8th as it would be great to have Administrator Pruitt open our Annual Conference. Also, the earlier date would coincide meetings for our Board of Directors as well as the Board of Directors for NATSO, the National Association of Truck Stop Owners, and I know that both boards would be privileged to meet the Administrator and be able to pass along their thanks for his efforts in keeping the fuel supply flowing with the waivers issued during Hurricanes Harvey and Irma.

If there is other information I can provide, please don't hesitate to ask. I am traveling for meetings next week, so the best way to reach me is on my cell at 314.616.3907. I'm happy to discuss any details or concerns and work out a way to have the Administrator at our event – I know our membership would be thrilled to hear him speak!

Thank you so much,

Best,

Liz.

Hello Liz and Mike,

I wanted to introduce myself as part of Administrator Pruitt's scheduling team. I understand that you had been in conversations with us regarding the Administrator speaking at the SIGMA Annual Conference in Chicago in November. We are trying to make this work with his schedule and wanted to touch base on the current agenda. Previously, you communicated that 11/8, 3-4:30PM and 11/10, 9AM-12PM were the available windows. Is that still the case?

Please let me know and we look forward to getting him to Chicago for this event!

Commissioner Sitton General Semonite Letter.pdf
James Dalton Response to Sitton Letter.pdf

Millan,

I hope you are well!

When Administrator Pruitt was at the Port of Corpus Christi, this project was discussed extensively and he seemed very interested in helping. The Army Corps of Engineers just sent a reply to correspondence Ryan sent them and I wanted to make sure you had copies of both letters. The Ports Ship Channel Improvement project would be a HUGE help to that area that was impacted by Hurricane Harvey. I'm hopeful you all can put in a good word for this project.

Please let me know if you have any questions or need anything.

Thanks so much!

RYAN SITTON
TEXAS RAILROAD COMMISSIONER

August 8, 2017

Lieutenant General Todd T. Semonite
Commanding General and Chief of Engineers
U.S. Army Corps of Engineers Headquarters
441 G Street NW
Washington, DC 20314-1000

Dear General Semonite,

As a statewide elected official tasked with overseeing the energy industry in the largest energy producing state in the nation, I am writing to ask for your assistance in prioritizing the Corpus Christi Ship Channel Improvement Project that is fully authorized and permitted. As fully described below, this project is critically important to the people of Texas, America's energy industry and the nation's economic and national security interests. I appreciate your consideration of the following information and look forward to your thoughts on what the U.S. Army Corps of Engineers can do to advance this important work.

By way of background, as you may not be intimately familiar with the specifics of this project, the port of Corpus Christi has more than $100 million in goods value move through it every day. Just a few months ago, the largest tanker to ever enter a U.S. Gulf port docked at the port of Corpus Christi. The 1,093-foot vessel is capable of loading more than 2 million barrels of American crude oil to transport overseas. The importance of this milestone cannot be overstated. If the United States does not enhance its energy transportation infrastructure given the new global energy paradigm thousands of potential U.S. jobs will not be created nor economic gain realized. Now that the crude oil export ban has been lifted and production levels are near historic highs, we must act to ensure that our country is prepared to take advantage of the enormous energy opportunities in front of us.

These statistics demonstrate the incredible economic impact the port of Corpus Christi has not only for Texas, but for the nation:

- The Port of Corpus Christi is the 4th largest Sea Port in the U.S. (by tonnage)
- It is the largest U.S. produced crude export port
- The Ship Channel Improvement Project will add nearly $35 billion annually in goods value exports
- The Ship Channel Improvement Project will provide $100 million in annual transportation cost savings
- There are currently $50 billion in private industrial projects underway in the South Texas Coastal Bend and Corpus Christi Ship Channel, creating tens of thousands of jobs and billions in economic output
- The Port of Corpus Christi is expected to become one of the largest, if not the largest, export ports for Liquified Natural Gas (by 2020)

1701 NORTH CONGRESS AVENUE ★ AUSTIN, TEXAS 78701-2967 ★ PHONE: 512/463-7144 ★ FAX: 512/463-7161
HTTP://WWW.RRC.TEXAS.GOV

Texas economists have predicted that expanded crude oil exports could result in 30,000 additional jobs in Corpus Christi alone. Nationally the number of jobs created related to crude exports is even stunningly larger.

Given all of this, it is disappointing that U.S. Army Corps of Engineers FY17 Work Plan and Administration's FY18 Budget funded four NEW START deepening projects (Boston, Charleston, Jacksonville, Tampa), all of which were authorized AFTER the Corpus Christi Project. The majority of those projects have Benefit-Cost Ratios (BCRs) below the Corpus Christi Project and higher costs. Furthermore, the NEW START ports are primarily for containers filled with Chinese made goods, which exacerbate the U.S. trade deficit.

The Corpus Christi Ship Channel Improvement Project has been authorized by Congress three times (WRDA 2007, WRRDA 2014, WIIN 2016) to deepen the 36-mile ship channel to 54 feet MLLW (Mean Lower Low Water) or 52' (MLT) Mean Low Tide from the current 45' (MLT). Rather than embrace this necessary project and the tremendous opportunities it holds for our country, the port has described the many roadblocks it has faced in the following way:

- Although authorized by Congress three times (WRDA 2007, reauthorized WRRDA 2014, reaffirmed WIIN 2016) USACE and Office of Management and Budget continue to throw up unnecessary bureaucratic hurdles (many examples such as three Limited Review Reports (LRRs), and delays in review processes, arguing the Corpus Christi Project was a "New Start" rather than a continuing project, thereby keeping the project from being funded (resolved in special language in Section 1146 of WIIN Act as a continuing project)).
- Office of Management & Budget also appears to be stripping the Corpus Christi Project from the USACE budget each year, claiming $200 million is too large a sum, which will "break" their 10-year plan.

President Trump, Energy Secretary Rick Perry, Interior Secretary Ryan Zinke, and numerous other administration officials have made clear that they want the United States to be energy dominant. I interpret energy dominance as producing more energy than anyone else in the world, and using that energy to advance our economic and national security interests. Make no mistake, the Corpus Christi Ship Channel Improvement Project will help the United States become energy dominant.

Please let me know at your earliest convenience the U.S. Army Corps' thoughts on what can be done to bring this project to fruition. I stand ready to assist you in any way necessary to move this project forward. I appreciate your consideration of my thoughts and I thank you for your service to our country.

If I can answer any questions for you related to this correspondence, please do not hesitate to contact my office at 512-463-7144.

Respectfully,

Ryan Sitton

Ryan Sitton
Texas Railroad Commissioner
1701 North Congress Avenue
Austin, Texas 78701

Dear Mr. Sitton:

I am writing in response to your letter dated August 8, 2017, requesting prioritization of the Corpus Christi Ship Channel Improvement Project (CCSC). The letter expressed strong support for the CCSC and requested that the U.S. Army Corps of Engineers (Corps) provide thoughts about how to bring the CCSC project to fruition.

I realize that this project would be a tremendous benefit to the Port of Corpus Christi, local businesses, the State of Texas and our Nation; and I appreciate your support on this project. The Office of Management and Budget determined CCSC to be a continuing construction project, which was documented in a December 2016 Question For the Record and through the inclusion of Section 1146 of the Water Resources Development Act of 2016. Additionally, the Administration and House and Senate Appropriations Subcommittees have cleared the Port of Corpus Christi Authority's request to provide funds on an accelerated basis to cover the costs of certain work, up to the amount of the non-Federal cash contribution for the project. This will allow the Port to negotiate a Project Partnership Agreement with the Department of the Army to begin work on the remaining two separable elements whether or not Federal funding is available.

If funds are provided by Congress for a Work Plan in Fiscal Year (FY) 2018 this project will be considered for eligibility, along with other similar programs, projects and activities across the Nation that are competing for limited Federal resources in accordance with the directions from Congress provided with the Appropriations Act. The project will be similarly considered for inclusion in the FY 2019 President's Budget. However, the Administration cannot commit to including the project in either the FY 2018 Work Plan or the FY 2019 Budget at this time.

Thank you for your interest in the Corps Civil Works program. If you have additional questions or concerns, please feel free to contact me or your staff may contact Ms. Kathleen Williams, Deputy Chief, Southwestern Division Regional Integration Team, at (202) 761-0315.

Sincerely,

James C. Dalton, P.E.

Subject: Checking In

Good morning Millan -

I wanted to take a minute to touch base with you prior to my first day on Monday. I am back from the Philippines and very eager to begin working with you.

One thing I wanted to run by you before coming in on Monday - the FBI agent that is conducting my background check has requested an interview the week of November 27th. Is there a date and time that week that I can arrange a meeting with him without being too disruptive to our schedule?

Please let me know if you need anything from me before I arrive on Monday.

In the meantime, have a wonderful weekend!

Best,

Kelly

Oh gosh. Ok need to give you some info on Nat Geo. Need to reset the salon dinner that is scheduled for sept 14 for q1 of 2018 but keep the sept 12 meet and greet meeting with the CEO. Wanted to give you background. And if ok mosaic Rep Eileen Stuart will be in D.C. Week of Sept 11. Wanted to see if we could have that dinner slot Nat Geo is postponing. Make sense?

Once you forward me the airline itinerary, I will be happy to coordinate it with Lt. Tom Kratochvil (Airport Police) and TSA Customer Service Manager Kathy Bogus. I don't anticipate any issues with your travel through Eppley Airfield.

Take care,

Earl

[redacted]no need to drive all the way to Omaha for a meeting. Here's what I'm thinking:

Can you link me up with an officer from Omaha to assist with the late-night arrival on the 19th? After we get my guy tucked in at the hotel in Omaha, we call it a day.

Oct 20th: this is the heavy lift. If you can - hopefully - spare somebody, I'd need him or her for the duration. The day would start in Omaha, we'd move onto Lincoln for events with Gov. Ricketts, then return to Omaha for the one event & a departure from there.

A side question: would you have any contacts in Omaha's airport that may be able to arrange for a tarmac arrival & departure? This isn't standard for us, but it's what we're currently preferring given the uptick in threats.

Thanks again,

Jessica,

Yes, I am so sorry! I am also copying our travel coordinator as she may want to work with you on this. Just as a reminder, the rate was $240/nt?

The rooms are as follows..

E. Scott Pruitt – March 11 - 12

Lincoln Ferguson – March 11 - 12

Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F March 11 – 12

Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F March 10 - 12

Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F March 10 - 12

Millan Hupp – March 10 – 12

Extra room – Marc 10 -12 : someone will be in this room, we just don't have the name yet

Could you also kindly send confirmation numbers once you have them?

Thank you so much,

Millan

Subject: Follow-Up Items for Administrator Pruitt

Hello Millan,

Thank you so much for your time today on our call. Here are the follow-up items we discussed:

1. The program director is working on an overview of the talk he is giving now and I will pass it along to you as soon as I have it

2. As mentioned on the call, both the Administrator and Rep. Jim Jordan will be speaking during the dinner program

3. Our complete program agenda can be found here: https://www.rb2017.org/index/agenda

4. Mr. Meese will not be in attendance this year

5. We will send you the list of guests as his table as soon as we confirm them

The items you will send me once you have them available:

1. The names and hotel dates of the Administrator's staff

2. The confirmed date/time of the walk through with his advance team

3. Additional item: can you please have all staff attending Resource Bank with the Administrator register using this link by COB tomorrow: https://www.rb2017.org/index/begin?reg_type_id=9717

Let me know if you have any additional questions or concerns. Thank you!

Jessica

Good Afternoon Gail & Millan,

Please find below the confirmation numbers for your team. I met with the Broadmoor earlier today and reviewed the space for the event. I was also able to meet with Greg Maxwell who is currently Assistant Director of Loss Prevention but will be in charge of Loss Prevention starting next week. His contact information is gmaxwell@braodmoor.com or 719-471-6371.

The Broadmoor did ask if there is anything we need to place in the Administrator's sleeping room such as specific brand of K-cups for coffee, etc. Please let me know.

Hi Millan & Gail,

It was great speaking with both of you as well as Juanita and checking off several items.

The Director of Security at the Broadmoor is Mr. Wayne Hoskins whoskins@broadmoor.com or 719-577-5703 direct. I will also reach out him and let him that you will be contacting him.

Attached is the layout of times and rooms at the Broadmoor as well as a meeting space layout PDF. All of the events that morning will be in Broadmoor West.

Once I have the confirmation numbers I will forwarded to your attention.

My cell number is Personal Phone/Ex. 6 Please call if you need anything. As I mentioned earlier, my plan on the 5th is to be a the Broadmoor by 7:30am but I am available earlier if we need to change that.

Take care,

Rhonda Scurek

Rhonda,

Good morning to you. We are very much looking forward to this visit in a couple weeks and truly appreciate your kind hospitality.

I will be managing the logistics and details for the Administrator's visit. I'll also be able assist in initiating the conversations on security.

I will join Gail on her call to you so we may work through some of these items.

Thank you so much,

Millan Hupp

Regarding the Broadmoor: The rate is $330.00 per night. I would be able to allocate 5 rooms to you at the Broadmoor. Would you be booking with them directly to set up names and payment?

I have 4 rooms available at the Cheyenne Mountain Resort. They are extremely tight on the 3rd and the rate would be $199.00 with first night's deposit at the time of reservation. Seven day cancellation applies here.

Do I handle the security details with you or do you need the name of the individual in charge at the Broadmoor? Last question. Do you handle his personal logistics i.e. dinner on the 4th or is that someone else? My CEO, Renee Zentz, is inquiring.

Thank you!

Hello Rhonda, it was great speaking with you yesterday! I was wondering did you find out anything from the other property if they had any rooms available and what the rate would be there and if you confirmed that the rate at the Broadmoor was $330.00? Please let me know as soon as possible as I know that it is already late to make these accommodations and thank you for your prompt attention to this matter. Have a great day and looking forward to speaking with you!

Gail,

Good morning. We are very excited to have the Administrator with us. There is a room block at the Broadmoor, although I do not know the rate. I am copying Renee Zentz, who is the CEO of the Housing & Building Association of Colorado Springs and host of the event. Renee is the main contact for the Broadmoor and can help to answer your questions.

Hello Mr. Tobin, my name is Gail Davis and I am the Administrator's Travel Coordinator and I work with Millan Hupp on his travel. I wanted to reach out to you to ask if there is a block or rooms being held at the Broadmoor and what is the cost per night? I will need several rooms for the special agents, traveling staff with the Administrator and his advance staff who will arrive a day or so before the Administrator. Please let me know how I should go about making those arrangements.

If you have any questions please feel free to reach out to me on 202 564 1444 or davis.gail@epa.gov.

Hi Matthew
I've been talking with the team here and I what I'd like to suggest is that the IPA hold a two-hour roundtable/meeting/seminar with Scott in either Sydney or Melbourne - whichever is more convenient.

The participants would be as follows:

Professor Peter Ridd from James Cook University. He is professor at the university's College of Science and Engineering and he's written extensively about the scientific method and public policy. You might care to pass on this article to Scott's team as an example of Peter's arguments - http://www.onlineopinion.com.au/view.asp?article=11455

Dr Jennifer Marohasy who is a Senior Fellow at the Institute of Public Affairs and the editor of a new book 'Climate Change: The Facts 2017'. Jennifer is Australia's authority of temperature and climate variability.

Dr John Abbot from the University of Tasmania who is researching the use of technology in science policy development

Professor Suri Ratnapla from the University of Queensland. He is a professor of law and an authority on environmental rule-making and federal/state relations.

Professor Aynsley Kellow - Professor of Politics and Policy at the University of Tasmania - author of many works on science and public policy.

All of these people are excellent and I know Scott and his team would learn a great deal from a discussion with them.

Other people who I'd suggest Scott should consider meeting would include Maurice Newman, the former chair of the prime minister's business advisory council, Dr Gary Branks formerly of the Productivity Commission, and Henry Ergas the writer and consultant if Henry happened to be in Australia at the time. I can get you all of these people's details.
I've spoken to Brendan Pearson at the Minerals Council and he mentioned that he's working with the Embassy.

I'm very happy to help in any way possible.
kind regards John

Millan--

Thanks for talking yesterday. Here is a draft itinerary for Sunday. The mine is open on Sunday, but there are not any commercial flights that would get us there and back. We are looking at the availability of a charter. A drive will undoubtedly be too long.

There's a nice wine vineyard in the area so another idea is to have the Administrator come out Sunday afternoon to tour, stay overnight, and then head back to Sydney early on Monday morning. Thoughts?

Thanks

Dear Aaron,

Please see below our draft invitation for Administrator Pruitt's event. Let us know by COB Friday if you would like changes. We would like to begin promoting this early next week. If you have people you would like us to invite please send along names and email addresses. Additionally, I am looping in our public affairs office (Maria) for any media you might want to include.

Just to confirm, this event will be live streamed, on the record. A video will also be posted to our website after the fact. If this is of any concern to your office let me know.

Lastly, as we get closer to the date let me know about any special arrival, hard stop time, etc.

Anything else just let me know.

We look forward to hosting Administrator Pruitt.

Best,

Paige

The Hoover Institution is pleased to invite you to a special edition of

Opening Arguments: Conversations on American Constitutionalism

Returning to "EPA Originalism": A conversation with EPA Administrator Scott Pruitt

Thursday, May 18, 2017

5:00 - 7:00 PM

Hoover Institution

1399 New York Avenue, NW, Suite 500

Washington, DC 20005

In his early statements, including his introductory address to EPA employees, Administrator Pruitt stressed the need to pay greater heed to Congress's laws, and to the federalism inherent in those laws and in the Constitution itself. In conversation with Hoover Institution research fellow Adam White, Pruitt will discuss his vision for the EPA, Congress, and federalism.

This event is part of a monthly series, Opening Arguments: Conversations on American Constitutionalism.

Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F no need to drive all the way to Omaha for a meeting. Here's what I'm thinking:

Can you link me up with an officer from Omaha to assist with the late-night arrival on the 19th? After we get my guy tucked in at the hotel in Omaha, we call it a day.

Oct 20th: this is the heavy lift. If you can - hopefully - spare somebody, I'd need him or her for the duration. The day would start in Omaha, we'd move onto Lincoln for events with Gov. Ricketts, then return to Omaha for the one event & a departure from there.

A side question: would you have any contacts in Omaha's airport that may be able to arrange for a tarmac arrival & departure? This isn't standard for us, but it's what we're currently preferring given the uptick in threats.

Kinder Morgan, Inc. (NYSE: KMI) is one of the largest energy infrastructure companies in North America. It owns an interest in or operates approximately 84,000 miles of pipelines and 155 terminals. KMI's pipelines transport natural gas, refined petroleum products, crude oil, condensate, CO2 and other products, and its terminals transload and store petroleum products, ethanol and chemicals, and handle steel, petroleum coke, and other products. It is also a leading producer of CO2 that we and others use for enhanced oil recovery projects primarily in the Permian basin. For more information please visit www.kindermorgan.com.

Subject: RE: Requesting a meeting with Administrator Pruitt

Good morning! Just wanted to follow up on this request to see if there's any possibility for a meeting this month or next with Administrator Pruitt. My original request was for next week, but obviously we will attend at the Administrator's convenience. Just to remind, I am making the ask on behalf of our Tulsa-based Midstream Commercial Vice President, Larry Huddleston and two of our Vice Presidents for Environment, Safety and Health, Dirk Cockrum and Tom Hutchins. The topics for discussion on our side would be the NSPS OOOOa rule-making, Superfund cleanup sediment policy, the American Burying Beetle/ESA issue and its impact on the oil and gas sector, and EPA participation in FERC-led natural gas project permitting NEPA analyses. As one of the largest energy infrastructure companies in North America, we would also be happy to discuss anything on the Administrator's mind. Thank you for your consideration and I look forward to hearing from you.

Best wishes, Dave

Thank you, Daisy. I had not yet reached out to Mandy but will do so today. Hayley and Milan, please call if I can provide any more information about this meeting request. We can be available virtually any time beginning the week of 13 November except the 29th and 30th. The executive who would be flying in from Tulsa is not available then. Thank you!

Best wishes, Dave

Subject: Requesting a meeting with Administrator Pruitt

Hello Ryan, I apologize for bothering you with this, but am unsure who the right person to contact is. We wish to request a meeting with Administrator Pruitt during the week of November 13, if possible, on behalf of our Tulsa-based Midstream Commercial Vice President, Larry Huddleston, our Vice President for Environment, Safety and Health, Tom Hutchins, and myself. The topics for discussion on our side would be the NSPS OOOOa rule-making, Superfund cleanup sediment policy, the American Burying Beetle/ESA issue and its impact on the oil and gas sector, and EPA participation in FERC-led natural gas project permitting NEPA analyses. As one of the largest midstream companies in North America, we would also be happy to discuss anything on the Administrator's mind. I know you know KMI, but for the scheduling office, below is a brief description. Thank you for your consideration of this request. Best wishes, Dave

Kinder Morgan, Inc., owns an interest in or operates approximately 84,000 miles of pipelines and 155 terminals. KMI's pipelines transport natural gas, refined petroleum products, crude oil, condensate, CO2 and other products, and its terminals transload and store petroleum products, ethanol and chemicals, and handle such products as steel, coal and petroleum coke. Hi Millan,

Do you have any update on the planned arrival time for the Administrator for next Thursday in The Woodlands?

Here are a few questions we put together that we'll have three selected attendees ask during Q&A:

Downstream

Industry has not built a refinery with significant downstream unit capacity in the US since 1977. Do you view EPA regulations as a contributing factor?

Midstream

One of the barriers of oil and gas development is the lack of infrastructure, can you comment on the barriers to new pipeline development at the federal level? Is there a better way to streamline the process?

Upstream

The Texas Railroad Commission has been regulating the oil and natural gas industry for decades. From a federal regulatory perspective, can you comment on the regulation of the oil and natural gas industry at the federal lever versus the state level?

Thank you,

Neal Carlton

Millan,

Nice visiting with you this morning.

- Kate Zaykowski is our Communications Director and she is copied here if you would like to connect her with your press team. The Thursday evening portion of our event that the Administrator is at is not open to press. Her phone is 512-478-6631
- If you need overnight accommodations for Wednesday, 10/18, you can secure a discounted room at our meeting hotel. Call The Woodlands Resort at 800-433-2624 or 281-367-1100. Please reference the TXOGA group when making your reservation. I'd recommend making your reservation today.
- We'll plan on a walk through with you and your team on Wednesday, 10/18 at 3:00pm.
- Our agenda is attached or online at https://www.txoga.org/lonestarenergyforum
- We'll let you know of any updates on security after our call with the hotel this afternoon.
- Your day-of contacts are Neal Carlton Personal Phone/Ex. 6 mobile) and Olivia Watkins Personal Phone/Ex. 6 mobile)
- We'll email some topical questions for Q&A in the coming days.

Best Regards,

Neal Carlton

Hi Millan,

We are very much looking forward to the Administrator providing remarks as part of the TXOGA Lone Star Energy Forum program on Thursday, October 19th at 6:30pm at The Woodlands Resort. We're just two weeks away and I wanted to circle back to cover logistics. We have him on our agenda from 6:30pm to 7:00pm in the Grand Ballroom. All attendees will be seated at round tables and salads will be served immediately following his remarks.

I understand he will need to be out the door right at 7pm but what time will he arrive on the property? Will he have a security detail with him and do we need to provide any additional information leading up to the event? Please share a day-of contact and let me know if you have any questions. Happy to set up a call to discuss further if you would like.

Hi Millan,

We have adjusted our program slightly to fit in the Administrator at 6pm on Thursday, October 19th at The Woodlands Resort and Conference Center. We have a reception starting at 5:30pm in the Grand Ballroom Foyer and our Distinguished Service Awards dinner (honoring Concho CEO Tim Leach) at 6:30pm in the Grand Ballroom. Regarding format, our preference is 15-20 minutes of remarks with 5-10 min of Q&A. Given the 6pm timing, his remarks would be via podium mic or handheld mic in the Foyer to the reception attendees. Depending on where his 8:40pm flight is departing, would it be possible to push the Administrator's remarks to

6:30pm so we can have everyone in the Grand Ballroom and seated and we'll have him out the door by 7pm? We'll certainly make 6pm work but I wanted to see if there is any flexibility so we can have everyone in a more private setting.

Thank you,

Maddy and Millan,

I understand there's still a possibility the Administrator may be able to join us at our event on Friday, October 20th. Is this accurate?

As you likely know, Texas has worked very closely with the EPA during the ongoing storm and aftermath. The help of the EPA has been instrumental to many of our member companies and their operations. The timing of our event and the attendance of the Administrator would be a perfect time to express our appreciation.

As a reminder, we do still have some availability on our agenda during our dinner the evening of Thursday, October 19th but Friday, October 20th would be ideal.

Thank you,

Thank you, Jayme and Maddy.

I am forwarding the form to Neal Carlton, TXOGA's Director of Membership, and have cc'd Mari Ruckel, our VP for Government Affairs, and Kristen Fuchs. Neal will ensure the form is completed and returned today. We previously sent a letter with all the details and I suggest Neal attach with this document of yours.

TXOGA is the state's oldest and largest trade association representing every facet of oil and gas including upstream, midstream and downstream. All sectors would benefit greatly from Administrator Pruitt being able to attend and are hopeful it aligns with his schedule. Our nation's largest operators will be in attendance along with smaller regional and Texas companies. It is really a good mix and is an important gathering worthy of the Administrator's time.

We are needing to finalize our agenda for printing purposes. Do you think it possible we could get a decision this week?

This is the largest of our annual events and really the best one to attend. Should the Administrator need a different venue, we can certainly arrange one to fit his schedule and build attendance

associated with it but this one is the most prominent.

Thanks for your consideration.

Hi Millan!

As promised, I've attached the completed request form. The only thing I left blank is the name of the introducer, only because that hasn't yet been worked out. That said, it'll be one of three people: our President, Larry Mone; our Executive VP, Vanessa Mendoza; or our Board Chairman, Paul Singer. We should know by tomorrow, so I can resend this to you with that slot filled in if you like; but I thought you might want to have it asap.

Taisha told me you two connected about the security walk-through for next Tuesday. I'll join you all as well. And Taisha will be sending you an updated RSVP list (if she hasn't already).

Let me know if you need anything else!

Millan,

I hope you are doing well!

I am not sure if you are the correct person to send this to, if not, please let me know.

We would like to invite Administrator Pruitt to give an address at the National Lawyers Convention in November. Please find the attached invitation letter and Event Request Form with all of the details.

We look forward to hearing back from yo soon.

All the best,

Juli

Hello Sarah,

I was just going to reach out to you. I'm so sorry, but we just found out today that we will now be in Houston that day instead of Dallas. We were really looking forward to rescheduling this meeting and I truly apologize that we must postpone again. We will absolutely let you know when we are back in Dallas or Austin next and likewise, please let us know when you're in DC. We are committed to rescheduling this!

Apologies once again, but please let us know if we can do anything else for you. Thank you for understanding!

Hello Sarah,

We have just learned that Administrator Pruitt is needed to travel with the President on Tuesday to Puerto Rico. I apologize for having to cancel, but was hoping we could reschedule for your next trip to DC or perhaps during one of our upcoming trips to Texas. I would offer a different day next week, but as I mentioned below, he will be flying out early Wednesday morning for the remainder of the week.

Do you have another trip to DC planned? We will be in Dallas on Oct 19. Let us know if maybe we could arrange a meeting that day.

Thank you and we appreciate your understanding.

Hayley

Hi Hayley,

Thank you so much. This time and location will work out great. Please confirm us for 4:45 pm ET on Tuesday, 10/2, at EPA Headquarters to meet with Administrator Pruitt.
Attending with AG Paxton will be the following staff members:

Michael Toth, Special Counsel

Marc Rylander, Communications Director

JB Skees, Executive Assistant/Travel Assistant

Please let me know if you need further information. Thank you again for your assistance!

Hello Sarah,

Thank you for reaching out on behalf of AG Paxton. Administrator Pruitt would be happy to take this meeting. Unfortunately, he is traveling 10/4-10/6. Would AG Paxton be available on 10/3 instead? We could do something later in the afternoon/early evening if he is flying in that day.

Let us know if that would work. Thank you and we look forward to welcoming him here.

To: Pruitt, Scott <Pruitt.Scott@epa.gov>
Subject: Texas Attorney General Paxton requests meeting

Good afternoon,

I am writing on behalf of Texas Attorney General Ken Paxton. AG Paxton respectfully requests a meeting with EPA Administrator Pruitt while he is in Washington DC, October 3 – 6. The topic of the meeting would be federal regulatory reform, an issue that impacts numerous cases that Texas is currently litigating. In May, AG Paxton led a 16-state coalition in calling on the Trump Administration to take action in accordance with two principles – restoring the role of Congress and ensuring impartial adjudications. AG Paxton would like to share his perspective on the proper scope of federal administration agencies as well as some ideas for practical reforms.

As mentioned above, AG Paxton will be in Washington DC the first week in October and is available for a meeting on the following dates and times:

Wednesday, 10/4, 10:00 – 11:00 am

Thursday, 10/5, 10:00 – 11:00 am, and 2:00 – 3:00 pm

Friday, 10/6, 10:00 – 11:00 am

Please let me know if any of these fits in the Administrator's schedule. If not, please feel free to propose a date/time that works best.

Kind regards,

Sarah Burgess

>
> Hi Matthew

I've been talking with the team here and I what I'd like to suggest is that the IPA hold a two-hour roundtable/meeting/seminar with Scott in either Sydney or Melbourne - whichever is more convenient.

The participants would be as follows:

Professor Peter Ridd from James Cook University. He is professor at the university's College of Science and Engineering and he's written extensively about the scientific method and public policy. You might care to pass on this article to Scott's team as an example of Peter's arguments - http://www.onlineopinion.com.au/view.asp?article=11455

Dr Jennifer Marohasy who is a Senior Fellow at the Institute of Public Affairs and the editor of a new book 'Climate Change: The Facts 2017'. Jennifer is Australia's authority of temperature and climate variability.

Dr John Abbot from the University of Tasmania who is researching the use of technology in science policy development

Professor Suri Ratnapla from the University of Queensland. He is a professor of law and an authority on environmental rule-making and federal/state relations.

Professor Aynsley Kellow - Professor of Politics and Policy at the University of Tasmania - author of many works on science and public policy.

All of these people are excellent and I know Scott and his team would learn a great deal from a discussion with them.

Other people who I'd suggest Scott should consider meeting would include Maurice Newman, the former chair of the prime minister's business advisory council, Dr Gary Branks formerly of the Productivity Commission, and Henry Ergas the writer and consultant if Henry happened to be in Australia at the time. I can get you all of these people's details.

I've spoken to Brendan Pearson at the Minerals Council and he mentioned that he's working with the Embassy.

I'm very happy to help in any way possible.

kind regards John

Hello Millan,

It was very nice talking with you this afternoon, thank you so much for your time in answering our questions and going over the program with us. We are all very excited that the Administrator will be joining us for our 46th Annual Sales Convention.

The BG contacts for this program are:

Lisa Chamness – Event Manager

lchamness@bgprod.com

316-250-5686

Brian Shirley – Lead Developer / BG AV Team

bshirley@bgprod.com

316-290-9461

Peter Berlo – VP of Domestic Distributor Operations

pberlo@bgprod.com

401-864-4232

Charlie Polston

cpolston@bglsi.com

918-693-0164

If you need anything else from me or the team please don't hesitate to ask. I look forward to meeting you soon.

Safe travels and thank you!

Lisa Chamness

Subject: DRAFT: Register now for Opening Arguments: Returning to "EPA Originalism": A Conversation with EPA Administrator Scott Pruitt

Dear Aaron,

Please see below our draft invitation for Administrator Pruitt's event. Let us know by COB Friday if you would like changes. We would like to begin promoting this early next week. If you have people you would like us to invite please send along names and email addresses. Additionally, I am looping in our public affairs office (Maria) for any media you might want to include.

Just to confirm, this event will be live streamed, on the record. A video will also be posted to our website after the fact. If this is of any concern to your office let me know.

Lastly, as we get closer to the date let me know about any special arrival, hard stop time, etc.

Anything else just let me know.

We look forward to hosting Administrator Pruitt.

Best,

Paige

The Hoover Institution is pleased to invite you to a special edition of

Opening Arguments: Conversations on American Constitutionalism

Returning to "EPA Originalism": A conversation with EPA Administrator Scott Pruitt

Thursday, May 18, 2017

5:00 - 7:00 PM

Hoover Institution

1399 New York Avenue, NW, Suite 500

Washington, DC 20005

In his early statements, including his introductory address to EPA employees, Administrator Pruitt stressed the need to pay greater heed to Congress's laws, and to the federalism inherent in those laws and in the Constitution itself. In conversation with Hoover Institution research fellow Adam White, Pruitt will discuss his vision for the EPA, Congress, and federalism.

This event is part of a monthly series, Opening Arguments: Conversations on American Constitutionalism.

Hi Alexandra-
Our plans have changed for next week and we won't be coming to NYC. Can I schedule a call between the two of us as well as Millan Hupp, on the Administrators scheduling team, to discuss possible December dates?

Let us know what time you are free on Monday and we can talk about possibilities.

Looking forward to it.

Hello David,

Thank you for sending along and for providing great background information. Would you also be able to complete the attached form for each of these events so that we can capture all necessary information? Millan Hupp and I will then set up a call with you to go through the forms and details of the events before confirming.

We appreciate the invitation and look forward to discussing with you further!

Hayley Ford

Dear Mr. Administrator:

I am pleased to invite you as a featured speaker in the Aspen Institute's Washington Ideas Roundtable Series—monthly lunchtime dialogues featuring key policymakers discussing the evolving role of the United States in world affairs. Your role at the US EPA spearheading President Trump's goals for the Agency is poised to have a dramatic impact on the nation's environmental management. We'd like very much for you to share your perspective on the many crucial environmental and regulatory issues currently at the forefront of discussion and debate in the United States.

For this roundtable, we propose that you deliver brief remarks and then our moderator would ask you a few questions before opening up the table to comments and questions with about 25-30 professionals from business, academia and non-profit organizations. We would plan to hold this event when it could work in your schedule, ideally on a convenient date in February (perhaps February 5-9, 12, or 20-22).

The Washington Ideas Roundtable Series will convene at the Institute's brand-new headquarter offices at 2300 N St. NW in Washington, DC and brings together thought leaders to discuss critical national and global issues. The hallmark of these sessions is the robust exchange of ideas expressed between our featured guest and invited participants who are encouraged to offer probing questions and comments through the course of the session's prescribed 90 minutes (@ 12:00 Noon–1:30 PM). The format can either be on the record with reporters or off the record/not for attribution, depending on your preference. Funding for this monthly series is generously provided by the Smith Family Foundation.

A sampling of past speakers in the series include, among others: then-Homeland Security Secretary Janet Napolitano, then-Under Secretary of Defense Michèle Fluornoy, Senators Dianne Feinstein and Richard Lugar, former national security advisors Brent Scowcroft and Zbigniew Brzezinski, former Secretary of State Madeleine Albright, and King Abdullah II of Jordan.

Additionally, we would also like to extend an invitation for you to speak at and attend the Aspen Energy Week, July 12-16 in Aspen, CO, presented by the Aspen Institute's Energy and Environment Program. Aspen Energy Week, part of a line of energy forums in Aspen for over the past 40 years, is a four-day forum focusing on the US power sector and electricity system. This group of experts and professionals in the energy sector discuss a variety of topics in Aspen's trademark forum format: a moderated roundtable that stresses dialogue between participants, rather than question and answer or merely listening to speakers on a stage.

We would be honored to host you at the Aspen Institute, in DC and in Aspen. Thank you for considering this invitation.

Sincerely,

David Monsma

Yes, I just got off the phone with Teresa Love in Senator Wicker's Jackson office. She will attend both the meeting at the Mansion and the Gaddis farm. The Senator's State Director, who I talked with earlier, will be in DC that day.

Thanks for the compliment. If I find one more typo, I may give up.

Subject: Invitation: 2017 AEI Annual Dinner Honoring Rabbi Lord Jonathan Sacks (October 24)

Good morning Millan,

We are pleased to announce that AEI will be honoring Rabbi Lord Jonathan Sacks with the 2017 Irving Kristol Award at the AEI Annual Dinner on October 24 at the National Building Museum in Washington, DC. The Annual Dinner is our premier gathering of top policymakers, business leaders, and friends from around the country.

We hope Administrator Pruitt and a guest will join us for this very special event. We ask that the Administrator RSVP by October 6. Invitations are nontransferable. Please let me know if you have any questions or need any additional information.

Best regards,

Bailey

Subject: RE: American Chemistry Council

Good morning again Lisa, I think I have all the names now and Im sorry if it might be one or two more than expected. Let me know if there is any trouble accommodating in the same area as I can tell you who need to definitely in the same complex as the Administrator.

Edward Scott Pruitt 11/8 – 11/9

Ryan Jackson 11/8 – 11/9

Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F 11/8 – 11/9 (Security Detail traveling with the Administrator)

Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F 11/7 – 11/9 (Advance Security Detail)

Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F 11/7 – 11/9 (Advance Security Detail)

Lincoln Ferguson 11/8 – 11/9

Kenneth Wagner 11/8 – 11/9

Elizabeth Tate Bennett 11/8 – 11/9

Millan Hupp 11/7 – 11/9 (Director of Advance)

Lisa, since the staff is currently on travel it's hard to get all of their credit card numbers. Would it be ok to hold them by the company and I will make sure that everyone swipes upon arrival. I do understand that the Administrator's will be paid for by American Chemistry Council for room and taxes only.

Would you also be able to send me confirmation numbers for each of the travelers and thanks again for your time and patience with this matter. If you have any questions or concerns, please don't hesitate to call me at 202 564 1444.

Happy Friday!!!!!

Thank you so much for providing this info, Kevin. I have copied the lead advance agent, SA [redacted] as he will likely find this information helpful as well.

One question.

1. Could we please secure the green room/hold room exclusively for the Administrator? I see we have a couple other potential meetings in there but, if possible, if would be ideal to have it available should he need privacy. Might we secure the Plaza Boardroom for that purpose?

Most everything else we should be able to hammer out during our walk-through on the 30th.

Warm regards,

Subject: Updated Iowa REC Meeting Logistics

Millan:

Wanted to provide you with some updated documents. Our events staffer has put the names of the rooms on the locations we plan to have the Administrator move between while at the annual meeting. Please see the attachments and let me know if you have any questions.

We believe it will be easier for Administrator Pruitt to enter/exit from the North entrance. Again, please let me know your thoughts.

Best,
Kevin

Subject: RE: Iowa Communications Contact

Thank you so much Kevin.

Erin – please meet Jahan Wilcox, copied here, from our press team.

Jahan – Erin had a few press related questions. We are speaking to their group on Friday morning, December 1st in Des Moines. At this time, this event is closed press but their magazine would like to do a quick interview of the Administrator. I shared with them that it would be best for you and Erin to connect. I also indicated that any media we might want to invite, we would do so a couple days in advance.

We are working on a second stop after this one which might present a better opportunity to include press. Overall, Erin and Kevin are just hopeful to remain up to speed.

Please let me know how I may assist further.

Thank you all,

Millan Hupp

Millan:

I have cc'd Erin Campbell, IAEC's Communications Director, for your media contact. We will wait to hear from your press folks as to what we can do to be helpful in advance of the Administrator's visit.

Thank you for your part in getting your boss to come (back) to the Hawkeye State!

Best,
Kevin

[redacted] no need to drive all the way to Omaha for a meeting. Here's what I'm thinking:

Can you link me up with an officer from Omaha to assist with the late-night arrival on the 19th? After we get my guy tucked in at the hotel in Omaha, we call it a day.

Oct 20th: this is the heavy lift. If you can - hopefully - spare somebody, I'd need him or her for the duration. The day would start in Omaha, we'd move onto Lincoln for events with Gov. Ricketts, then return to Omaha for the one event & a departure from there.

A side question: would you have any contacts in Omaha's airport that may be able to arrange for a tarmac arrival & departure? This isn't standard for us, but it's what we're currently preferring given the uptick in threats.

Thanks again, [redacted]

Subject: RE: checking in

Hello all,

I know it's been awhile since you've heard from us regarding this event on 11/29. I've taken over as the Administrator's assistant and scheduler and would be happy to work on this for you. We have this on his calendar and are just working out a few other details in order to make him available for this event. Since it's been some time since the request, I wanted to confirm that the details are still the same and that you are still interested in having him keynote. Additionally, I wanted to confirm the agenda was the same. I did notice that the request was for him to speak from 8:30-8:50PM after dinner. Is there any flexibility with that time? I imagine he may prefer speaking at the beginning of the night/dinner instead, as he is doing an early morning event the next day as well.

Let us know your thoughts on the above and we hope to make this work!

Hello Dave,

I apologize for the delay in responding to your initial request, but I would be happy to set up a meeting with Administrator Pruitt at our EPA Headquarters in DC. This may be late notice, but we could do the meeting at 4:45PM next Thurs, Dec 7. Would that work for your group?

Thank you and I look forward to hearing back!

Hayley Ford

Deputy White House Liaison and Personal Aide to the Administrator

Subject: RE: Requesting a meeting with Administrator Pruitt

Good morning! Just wanted to follow up on this request to see if there's any possibility for a meeting this month or next with Administrator Pruitt. My original request was for next week, but obviously we will attend at the Administrator's convenience. Just to remind, I am making the ask on behalf of our Tulsa-based Midstream Commercial Vice President, Larry Huddleston and two of our Vice Presidents for Environment, Safety and Health, Dirk Cockrum and Tom Hutchins. The topics for discussion on our side would be the NSPS OOOOa rule-making, Superfund cleanup sediment policy, the American Burying Beetle/ESA issue and its impact on the oil and gas sector, and EPA participation in FERC-led natural gas project permitting NEPA analyses. As one of the largest energy infrastructure companies in North America, we would also be happy to discuss anything on the Administrator's mind. Thank you for your consideration and I look forward to hearing from you.

Best wishes, Dave

Thank you, Daisy. I had not yet reached out to Mandy but will do so today. Hayley and Milan, please call if I can provide any more information about this meeting request. We can be available virtually any time beginning the week of 13 November except the 29th and 30th. The executive who would be flying in from Tulsa is not available then. Thank you!

Best wishes, Dave

Subject: Requesting a meeting with Administrator Pruitt

Hello Ryan, I apologize for bothering you with this, but am unsure who the right person to contact is. We wish to request a meeting with Administrator Pruitt during the week of November 13, if possible, on behalf of our Tulsa-based Midstream Commercial Vice President, Larry Huddleston, our Vice President for Environment, Safety and Health, Tom Hutchins, and myself. The topics for discussion on our side would be the NSPS OOOOa rule-making, Superfund cleanup sediment policy, the American Burying Beetle/ESA issue and its impact on the oil and gas sector, and EPA participation in FERC-led natural gas project permitting NEPA analyses. As one of the largest midstream companies in North America, we would also be happy to discuss anything on the Administrator's mind. I know you know KMI, but for the scheduling office, below is a brief description. Thank you for your consideration of this request. Best wishes, Dave

Kinder Morgan, Inc., owns an interest in or operates approximately 84,000 miles of pipelines and 155 terminals. KMI's pipelines transport natural gas, refined petroleum products, crude oil, condensate, CO2 and other products, and its terminals transload and store petroleum products, ethanol and chemicals, and handle such products as steel, coal and petroleum coke. It is also a leading producer of CO2 that we and others use for enhanced oil recovery projects primarily in the Permian basin. For more information please visit www.kindermorgan.com.

Tate,

Here is the list of attendees for Thursday afternoon's meeting at the Dallas Builders Association:

- Frank Murphy, Wynne Jackson
- Jeff Dworkin, JLD Custom Homes
- Donnie Evans, Altura Homes (small production builder)
- Sheena Beaver, Dallas Builders Association staff
- David Lehde, Dallas Builders Association staff
- Fred Balda, Hillwood (large developer)
- Gena Terrell, Hillwood
- Adam Auensen, Tonti Properties (multifamily developer)
- Mike Tonti, Tonti Properties
- Jerry Carter (custom home builder)
- Curt Millward, land development for Pulte Homes
- Matt Robinson, Walton Development (small developer)
- Phil Crone, Dallas Builders Association Executive Officer
- Hank Smith, Texas Engineering Solutions
- Owen McDonough, National Association of Home Builders Environmental Policy staff

We look forward to seeing you and the Administrator at 1:30 PM on Thursday.

I'll touch base as we get closer to the meeting. In the meantime, let me know if you've got any questions.

Best,
Owen

Hello Sarah,

We have just learned that Administrator Pruitt is needed to travel with the President on Tuesday to Puerto Rico. I apologize for having to cancel, but was hoping we could reschedule for your next trip to DC or perhaps during one of our upcoming trips to Texas. I would offer a different day next week, but as I mentioned below, he will be flying out early Wednesday morning for the remainder of the week.

Do you have another trip to DC planned? We will be in Dallas on Oct 19. Let us know if maybe we could arrange a meeting that day.

Thank you and we appreciate your understanding.

Hayley

Hi Hayley,

Thank you so much. This time and location will work out great. Please confirm us for 4:45 pm ET on Tuesday, 10/2, at EPA Headquarters to meet with Administrator Pruitt.
Attending with AG Paxton will be the following staff members:

Michael Toth, Special Counsel

Marc Rylander, Communications Director

JB Skees, Executive Assistant/Travel Assistant

Please let me know if you need further information. Thank you again for your assistance!

Kind regards,

Sarah Burgess

Sarah,

Can we plan for 4:45PM at EPA Headquarters? We are located at 1200 Pennsylvania Ave NW. I will have someone send further arrival details as the date approaches.

Will anyone else be attending with AG Paxton?

Thank you!

Hello Sarah,

Thank you for reaching out on behalf of AG Paxton. Administrator Pruitt would be happy to take this meeting. Unfortunately, he is traveling 10/4-10/6. Would AG Paxton be available on 10/3 instead? We could do something later in the afternoon/early evening if he is flying in that day.

Let us know if that would work. Thank you and we look forward to welcoming him here.

To: Pruitt, Scott <Pruitt.Scott@epa.gov>
Subject: Texas Attorney General Paxton requests meeting

Good afternoon,

I am writing on behalf of Texas Attorney General Ken Paxton. AG Paxton respectfully requests a meeting with EPA Administrator Pruitt while he is in Washington DC, October 3 – 6. The topic of the meeting would be federal regulatory reform, an issue that impacts numerous cases that Texas is currently litigating. In May, AG Paxton led a 16-state coalition in calling on the Trump Administration to take action in accordance with two principles – restoring the role of Congress and ensuring impartial adjudications. AG Paxton would like to share his perspective on the proper scope of federal administration agencies as well as some ideas for practical reforms.

As mentioned above, AG Paxton will be in Washington DC the first week in October and is available for a meeting on the following dates and times:

Wednesday, 10/4, 10:00 – 11:00 am

Thursday, 10/5, 10:00 – 11:00 am, and 2:00 – 3:00 pm

Friday, 10/6, 10:00 – 11:00 am

Please let me know if any of these fits in the Administrator's schedule. If not, please feel free to propose a date/time that works best.

Kind regards,

Sarah Burgess

Dear Sydney,

Is there any time in Mr. Pruitt's schedule on Wednesday, June 21 for a short chat about our 2018 Sustainability Conference? A short visit to www.silcny.com plus an even shorter phone call will indicate the audience which is available through this medium.

Regards,

stanley

wrote:

As you know, our all day Sustainability Conference is the same day as the Manhattan Institute board meeting (and I have to find a way to attend both). It does present an opportunity, however, in that Secretary Pruitt can deliver a few remarks to our conference (from 8:00 am to 5:30 pm, on the very same street as the Manhattan Institute meeting!). An alternative is our cocktail party for speakers, 5:00-7:30 pm on Tuesday, May 16.

Please let me know if this grand opportunity proves feasible.

Good morning again Lisa, I think I have all the names now and Im sorry if it might be one or two more than expected. Let me know if there is any trouble accommodating in the same area as I can tell you who need to definitely in the same complex as the Administrator.

Edward Scott Pruitt 11/8 – 11/9

Ryan Jackson 11/8 – 11/9

[redacted] 11/8 – 11/9 (Security Detail traveling with the Administrator)

[redacted] 11/7 – 11/9 (Advance Security Detail)

[redacted] 11/7 – 11/9 (Advance Security Detail)

Lincoln Ferguson 11/8 – 11/9

Kenneth Wagner 11/8 – 11/9

Elizabeth Tate Bennett 11/8 – 11/9

Millan Hupp 11/7 – 11/9 (Director of Advance)

Lisa, since the staff is currently on travel it's hard to get all of their credit card numbers. Would it be ok to hold them by the company and I will make sure that everyone swipes upon arrival. I do understand that the Administrator's will be paid for by American Chemistry Council for room and taxes only.

Would you also be able to send me confirmation numbers for each of the travelers and thanks again for your time and patience with this matter. If you have any questions or concerns, please don't hesitate to call me at 202 564 1444.

Happy Friday!!!!!

Hi Liz,

I hope you're doing well! I know you've spoken to Millan and we've gotten a lot of great info from you on SIGMA already. I apologize, as I should have sent this earlier, but would you mind completing the attached speaker request form so that we have on file? This is helpful to us in many ways in preparing for events and we would really appreciate it.

Thank you so much!

Hayley,

Thank you! We will start the plans for a 2pm reception with the Administrator on the 8th. I will go over specifics for that event with Millan.

Millan - I am very flexible this week and can work with your schedule for a phone call. Do you have time tomorrow? Even a brief one to specifically address any approvals for announcements would be appreciated - since the date is close, I know that our leadership would like to get an announcement out to our membership.

Thank you both so much and I look forward to working with you.

Best,

Liz.

Hello Liz,

Millan Hupp, copied on this message, is our Director of Scheduling and Advance. She will be the main POC for this event. If you'd like to organize a call with her to discuss the below questions, I'm sure she'd be more than happy to do so.

Regarding the reception with the Boards from SIGMA and NATSO, we think that would be a great idea. You and Millan can discuss format on the call but we'll put on the calendar for 2PM that day.

Thank you and we look forward to it!

Subject: RE: SIGMA Invitation - Administrator Scott Pruitt

Hi Hayley,

Thank you again for all of your help in making this happen! Apologies for the length of this email, but I have tried to put together some comprehensive information for you, as well as ask a few questions.

My first question is – who will be our main contact for the event? Will we work with you, an event coordinator, or his chief of staff possibly?

My second – what is your preferred communication protocol? Do you prefer me as your main contact or going through other SIGMA staff that will be overseeing various aspects? Listed here are key SIGMA staff that will be working on the event. (all are copied on this email)

SIGMA CEO	SIGMA Director of Meetings	SIGMA Director of Communications	SIGMA Director of Education
Ryan McNutt	Cheryll Decker	Amy Rider	Liz Menz
RMcNutt@sigma.org	CDecker@sigma.org	ARider@sigma.org	LMenz@sigma.org
202.650.7799	703.375.0481	703.375.0485	703.375.0483 (cell 314.616.3907)
Responsible for hotel details on site in Chicago – security, greenroom, reception		*Responsible for announcements, Responsible for general session address, production signage, and publications details, and needs on stage*	

Following I have listed out the various details and questions that we pulled together in order to make things run smoothly for the Administrator's time with us.

Π Regarding announcement

o Can we get the Administrator's media kit? High resolution headshot, official bio, etc.

o For any announcements, publications, or signage, does the Administrator require approval beforehand and, if so, who do we contact for that approval?

o I have attached a draft email announcement with information taken from the official EPA website.

Π Regarding onsite in Chicago

o Who will be the Administrator's main handler?

o What security details will we need to be aware of?

o Does the Administrator need a greenroom and, if so, what are the requirements?

Π Regarding SIGMA and NATSO Boards

o I have attached the Board of Directors for both SIGMA and NATSO to this email.

o SIGMA and NATSO boards would like to host a small reception at ***2pm on Wednesday November 8th*** in order for the board members to meet and thank the Administrator. We can plan this to his preference either formal (with a podium for him to make remarks) or informal (no podium, less formal meet and greet, time with both boards in a quieter environment).

o If a staffer would like to speak with our CEO, Ryan McNutt, about the event, I am happy to schedule a phone call. His direct contact information is also above.

Π Regarding the Administrator's remarks

o How much time would the Administrator like allotted for his address to the members?

o Our producer, JoAnna Miller, and I would like to schedule a call with the person who will be putting together the Administrator's event profile in order to go over the technical details for exactly what he can expect in the room the day of his address.

o Does the Administrator have an official/preferred introduction to be used for the address?

o Is the Administrator open to a few minutes of Q&A from the membership after his address?

If there is anything you are missing or need from me, please don't hesitate to ask – we are very excited that the Administrator will be able to join us in Chicago and want to make the event as smooth as possible.

Thank you and I look forward to working with you!

Best,

Liz.

Hello Liz,

Yes, I was just about to reach out to you as we figured out his travel schedule this morning. We are able to confirm Wed, Nov 8 with an approximate presentation time of 3:20PM based on our previous conversation. If we built in conversations with the Boards, we could do that prior to his remarks. Would you mind sending along a few more details on the Board conversations, including attendees, topic, background, etc? We can then try to work in based on when he arrives to Chicago.

We really look forward to this event and thank you again for the invitation!

Hi Hayley,

Thanks so much for reaching out today! I just talked with Mike and he so happy that things seem to be working out to have the Administrator at our meeting in Chicago.

This is a bit of the information that we just chatted about this morning. Both dates do still work for us (the 8th and 10th), but we do have a preference to the 8th as it would be great to have Administrator Pruitt open our Annual Conference. Also, the earlier date would coincide meetings for our Board of Directors as well as the Board of Directors for NATSO, the National Association of Truck Stop Owners, and I know that both boards would be privileged to meet the Administrator and be able to pass along their thanks for his efforts in keeping the fuel supply

flowing with the waivers issued during Hurricanes Harvey and Irma.

If there is other information I can provide, please don't hesitate to ask. I am traveling for meetings next week, so the best way to reach me is on my cell at 314.616.3907. I'm happy to discuss any details or concerns and work out a way to have the Administrator at our event – I know our membership would be thrilled to hear him speak!

Thank you so much,

Best,

Liz.

Hello Liz and Mike,

I wanted to introduce myself as part of Administrator Pruitt's scheduling team. I understand that you had been in conversations with us regarding the Administrator speaking at the SIGMA Annual Conference in Chicago in November. We are trying to make this work with his schedule and wanted to touch base on the current agenda. Previously, you communicated that 11/8, 3-4:30PM and 11/10, 9AM-12PM were the available windows. Is that still the case?

Please let me know and we look forward to getting him to Chicago for this event!

> Hello John,
>
> Thank you for your below invitation to Administrator Pruitt. He would be happy to accept and looks forward to this event! I do want to accept with one caveat – we have some pending international travel in January for which the dates have not yet been finalized. However, I think it's flexible to his schedule and so we are confident that we can work them around this. But did want to raise that, in the event it changes. We will know with certainty in the next month or so but we feel comfortable accepting.
>
> I understand that you offered either the breakfast or lunch address spot. We're happy to

have a further conversation with you regarding format, timing, etc. We can either have that now if you need to nail down those details or as the event approaches. Additionally, if you could complete the attached speaking request form, this is very helpful to our team in planning.

Let us know if you have any other questions and we look forward to it!

Subject: Invitation to be Keynote Speaker of 2018 Washington DC Auto Show, MobilityTalks International

Dear Administrator Pruitt:

On behalf of the 2018 Washington Auto Show, *MobilityTalks International*® and the Washington Area New Automobile Dealers Association, I'd like to invite you to be the **federal government keynote speaker** at the Washington Auto Show in January.

With your recent arrival in Washington, you may not be familiar with the show. For the last several years it has been the largest event held in the Walter E. Washington Convention Center and attracts a wide variety of media covering both public policy and the auto industry. In the past several high ranking government officials have used the show as a policy platform, including President Obama, Vice President Biden, the EPA Administrator, Secretary of the Department of Transportation, Secretary of the Department of Energy, Secretary of the Department of Labor and many other senior Washington officials.

We would be honored to have you as the Keynote Speaker on **Thursday, January 25**, which is Press Day at the show. We'd recommend either a breakfast or luncheon speech, but understand that you have a very challenging schedule, and are open to any time that meets your needs on that Thursday. Should you wish to attend on consumer days, the show dates are January 26 – February 4.

We can provide varying levels of access for the press depending on the needs of you and your communications team.

I'd be happy to discuss this further with you or a member of your team, at your convenience.

The show offers a unique opportunity to speak to senior executives of the automakers, suppliers and engineers, as well as the press, from a location that is just a few minutes from your office. My team is very familiar with the needs of cabinet level officials and I'm confident we can meet any requirements you have. The timing of the show, at the beginning of the year, I believe is an excellent time for a major policy speech.

We'll contact your scheduler's office to see what next steps might be.

Subject: For review: IAEC Annual Meeting-Revised

Iowa Association of Electric Cooperatives 75th Annual Meeting, "*Building Legacy through Leadership"*
Friday, December 1, 2017

Time: 9:15-10:00 a.m. General Session keynote (full agenda is attached)

Location: Sheraton West Des Moines, Ballroom 1800 50th Street, West Des Moines, IA 50266

Airport: DSM Airport approximately 20 min drive to conference hotel

Hotel rooms: We are happy to accommodate and book rooms for your staff or a room block is available at the Sheraton West Des Moines. We have a negotiated room rate of $106 plus taxes per night for the nights of Monday, 11/27-Thursday, 11/30. Please contact Annie Schlink, Group Rooms Coordinator, (515) 457-2127, annie.schlink@sheratonwestdesmoines.com

Audience: Approximately 600, CEOs/General Managers, Board of Directors and key staff of the association members from 35 distribution co-ops and 7 generation and transmission co-ops.

About us: Owned by the members they serve, Iowa's not-for-profit electric cooperatives power the lives of 650,000 Iowans throughout all 99 counties and are committed to delivering power that is safe, reliable, affordable and environmentally responsible. The Iowa Association of Electric Cooperatives exists solely to support the interests of member-owned electric cooperatives,

including 35 distribution co-ops and 7 generation and transmission co-ops. Formed in 1942, IAEC provides many vital functions for its members including legislative representation, regulatory oversight, training and education services, safety programs, and communications support.

One thing of note, it is our 75th Anniversary of our association this year and this conference serves as a celebration of those accomplishments our cooperatives have faced in the past 75 years and looking towards our future.

We appreciate the time to address our membership!

Excellent- would you prefer the 3:30pm time or a dinner roundtable later that evening (6:00pm)? I was thinking that the St. Regis would work nicely.

One amendment to that timeframe. With our annual board meeting on June 1, the week of June 5 would be best on our end if that is possible for the Administrator.

Very best,

Matthew

Thank you, Rick, for the kind introduction.

Dear Sidney: It's a pleasure to meet you. Please let me know the preferred date and time for Administrator Pruitt to address BCIU. While we are more than capable on short notice, it's best if we have around 3 weeks' notice to get the perfect table in place. Does anything look open the last week in May/first week in June?

I look forward to working with you. Please feel free to call me at 202-595-2669 if that is easier.

Sincerely,

Matthew Calardo | Program Officer, Middle East & Membership Coordinator

Good morning Bill and Kelsi –

I wanted to connect the two of you in preparation for Administrator Pruitt's attendance at the upcoming ALEC meeting in Nashville on Friday, December 8th.

Kelsi – This is an open press event with the opportunity for a media hit at the conclusion of the Administrator's remarks. Bill will be able to provide additional information on this.

Bill – I will be arriving in Nashville on Thursday, December 7th. I have scheduled a walk-through of the venue with Courtney Cook for 3:00 that afternoon. Please feel free to join us if you feel that it would be helpful.

If you have any questions or concerns, please let me know.

Thank you,

Kelly Kundinger

PCA Backgrounder 20161 (002).docx

Good Morning,

Millan- Thanks for serving as the POC. Please give me a call today 202-679-8223 at your convince to touch base. We will expect to see you at 11:30 and then your boss at 12:30 on Tuesday, May 9th at the Washington Marriott at Metro Center: 775 12th St NW, in the Salon Room AB. I can meet you and your boss at the lobby when you arrive.

As far as remarks for the Administrator, I have attached a short background on PCA and our environmental/regulatory work that may help with drafting. Additionally, I thought it is worth mentioning that the Portland Cement NESHAP is currently undergoing Residual Risk and Technology Review (RTR). PCA members have recently completed 100s of millions of dollars in investment for the September 2015 and September 2015 Portland Cement NESHAP compliance deadlines. However, EPA is working under a consent decree to propose an RTR rule later this year. While we don't expect the Administrator to be heavily involved in this rule, it's one that our members are concerned about and it wouldn't be surprising if he sees a question or two on it.

As far as press goes, are we free to have this open to press or would you prefer us not to do that. Pleas advise.

Finally, do you know if Administrator will join us for lunch or does he just plan to come in and make remarks. Either is fine with us. We are grateful you will be attending! Also, can we expect some Q&A?

Finally, John Stull, the **Chief Executive Officer US Cement** for *LafargeHolcim will be introducing the Administrator.* He had previously been CEO United States for Lafarge since January 2012. After spending five years working for National Refractories and FMC, he joined Lafarge North America in 1992. Following a series of senior posts in operations and manufacturing, he was appointed President River Region in 2002. In

2006 he became Group Senior Vice President Marketing & Supply Chain. In 2008 he was named Regional President Latin America, and then in 2009 Regional President Sub-Saharan Africa. Born in 1960, John Stull in an American national. He holds a Bachelor's degree in Chemical Engineering from the University of Akron, studied business at Bowling Green State University in Ohio, and has an Advanced Management diploma from the Harvard Business School.

Many Thanks,

Rachel

Thank you Sydney!

We can accommodate any time that works for you in the 12-2pm slot. Speaking at 12:30 or 1pm would be good. Max 30 min with Q&A. However, we are flexible. If the administrator wants to just come in and speak that is fine, if he wants to stay and eat that is also great! We are flexible with press and duration of speaking. Whatever is best for you.

When you get a chance can you please let me know who will be staffing the boss, and we can also send over more policy information to help too.

Thank you,

Rachel

Subject: Cement Association MAY Meeting/Keynote Request

Hi Michelle,

I am sure you are super busy, but I wanted to reach out to you because the Portland Cement Association is hosting our annual Washington, D.C. Fly-In on **May 9th and 10th**. PCA represents 92 percent of U.S. cement production capacity and have facilities in all 50 states. Cement and concrete product manufacturing directly or indirectly employs approximately 500,000 people in our country, and our collective industries contribute approximately $100 billion to our economy. The D.C. Fly-In is attended by CEO's and senior company executives. This year we will also invited other concrete trade associations to participate as well.

PCA would be honored to have Administrator Pruitt as our keynote speaker on **Tuesday, May 9th** anytime from **6pm** on at our opening dinner at the 101 Constitution Roof Terrace. Administrator Pruitt is welcome to join us for dinner, or just come to speak, whatever is best for your schedule. Attached is an invitation with additional details. Should this time not accommodate your schedule we also welcome the Administrator at our breakfast on **Wednesday, May 10th** at the Washington Marriott at Metro Center anytime from 7:00am to 10:00am. Additionally, Cement CEO's would be able to come for a meeting on Tuesday, May 9th at 4pm.

Happy to answer any additional questions or concerns via email or phone: 202-679-

8223. If you could let us know no later than April 26th that would be very helpful. Thank you again and enjoy the spring weather!

All My Best,

Rachel Derby

Vice President of Government Affairs

Portland Cement Association

Mobile: 202.679.8223

Direct: 202.719.1983

America's Cement Manufacturers™

PCA is the voice of America's cement manufacturers.

Founded in 1916, the Portland Cement Association (PCA) is the premier policy, research, education, and market intelligence organization serving America's cement manufacturers. Our members are responsible for 92 percent of U.S. cement production capacity and have facilities in all 50 states. The association promotes safety, sustainability, and innovation in all aspects of construction, fosters environmentally responsible continuous improvement in cement manufacturing and distribution, and generally promotes economic growth and sound infrastructure investment. For more information, visit www.cement.org.

What is portland cement?

Portland cement is the general term for the type of cement used in virtually all concrete – one of the most durable, resilient and sustainable construction materials used to build American homes, buildings, and vital infrastructure. Cement is produced by grinding limestone, which is then blended with other raw materials like clay and sand. The mixture is then heated in a large industrial kiln to form an intermediate product called clinker. Once cooled, the clinker is ground with gypsum, limestone, and other additives into the fine gray powder known as portland cement.

PCA members have long been committed to making our high-quality products safely and efficiently while reducing our environmental footprint.

Cement manufacturers are dedicated to resiliency, efficiency, and sustainability.

The U.S. cement industry has long been committed to making high-quality products safely and efficiently, while reducing our environmental footprint. Cement manufacturers have significantly **reduced their use of energy**, cutting the amount of energy used to produce a ton of cement by over 40 percent during the past 40 years.

- To do so, the industry has focused on energy efficiency, equipment reliability, and use of alternative fuels, including those with significant biogenic content.
- The industry has reduced its use of traditional fossil fuels, such as coal and petroleum coke, with alternative fuels now accounting for over 15 percent of total plant energy

consumption. In 2015, U.S. cement kilns burned approximately 46 million scrap tires, totaling 753,370 tons in weight.

Combined with significant investments in air pollution controls, energy efficiency gains also have led to **dramatic emissions reductions**. Thanks to work by the cement industry and other large facilities, air quality in the U.S. has improved drastically, with industrial air emissions down 70 percent since 1970.

The industry is also a **leader in sustainable material use** and management, including reuse of industrial products as ingredients to make cement. Cement manufacturers often use alternative raw materials from industrial byproducts, such as those from coal combustion, steel blast furnace slag, and silica fume, keeping a large portion of these materials from being disposed of in landfills.

Concrete does not rust, rot, or burn, saving energy and resources.

The durability and resiliency **of cement-related products also lower our environmental footprint.** Concrete does not rust, rot, or burn, saving energy and resources needed to replace or repair damaged buildings and infrastructure.

- Because of its rigidity, concrete pavement can enhance the fuel efficiency of vehicles that travel on roads when compared to other pavements. If concrete pavements were used by the U.S. road system, fuel consumption is estimated to decrease by 3 percent nationwide, equating to a reduction in fuel consumption of 273 million barrels of crude oil a year, and a corresponding reduction decrease of greenhouse gas emissions by 51.2 million short tons.
- The energy efficiency of buildings also improves when concrete is used. A concrete construction home has been demonstrated to require 6-12 percent less energy than code-compliant wood frame construction.

PCA's public policy priorities are well-aligned with the new Congress and Administration.

PCA's public policy priorities are well-aligned with the new Congress and Administration, and we look forward to working with you to:

Implement sensible regulatory reform. We need sensible reforms to make sure that federal regulations are necessary, effective, based on sound science, and ensure the highest degree of flexibility and the lowest burden on U.S. manufacturers.

- The Administration should require robust cost-benefit analyses for all new regulations with an emphasis on the impact on jobs. Federal agencies' review of benefits should focus on direct and measurable outcomes based on rigorous scientific review and evidence, not hypothetical projections or secondary benefits.

Rebuild our nation's infrastructure. America's cement producers support efforts to:

- Expand oil, gas and other pipeline development to assure low-cost domestic energy, boost the economy and provide great jobs, while conserving our Nation's bountiful natural resources;
- Invest in new coastal infrastructure to protect against natural disasters;
- Rebuild America's roads and bridges, with an emphasis on resilience;
- Put measures in place to make sure taxpayer money is spent with longevity in mind, so we get the most out of our investments in the future;
- Create tax incentives for private sector investment in infrastructure to pair the best the private sector has to offer with the public's infrastructure;
- Expand the use of public/private partnerships; and
- Modernize our electric grid.

Protect our environment. PCA members take environmental stewardship seriously, and we're proud of our record. We support efforts to focus environmental regulations on protecting Americans from known risks to public health based on sound science and evidence.

- Wherever possible the federal government should utilize market-based incentives for emissions reductions and incentivize the development of new technologies.
    - The primary role of implementing and enforcing environmental standards should be restored to state and

local regulators, who are closest to the environmental impacts and operations of the facilities within their jurisdictions.

Protect our workers. PCA members place the safety of their employees among their highest priorities and core values. PCA is proud that the industry's commitment to safety contributed to the federal government's recognition of 2015 as the safest year on record for Metal and Nonmetal Miners, which includes our industry.

- We support efforts to modernize the agencies responsible for administering health and safety laws and to make sure regulations focus on evidence-based efforts to reduce injuries and improve outcomes.
- We support efforts to improve safety performance that are based on sound Occupational Health and Safety Management Systems, employee engagement, risk reduction and behavior based safety.
- We will continue to work with agency and industry leaders to minimize or eliminate hazards by promoting new and innovative training resources, ensuring the continual development of safe handling procedures and the sharing of best practices.

Hi Hayley,

Thank you again for all of your help in making this happen! Apologies for the length of this email, but I have tried to put together some comprehensive information for you, as well as ask a few questions.

My first question is – who will be our main contact for the event? Will we work with you, an event coordinator, or his chief of staff possibly?

My second – what is your preferred communication protocol? Do you prefer me as your main contact or going through other SIGMA staff that will be overseeing various aspects? Listed here are key SIGMA staff that will be working on the event. (all are copied on this email)

SIGMA CEO	SIGMA Director of Meetings	SIGMA Director of Communications	SIGMA Director of Education
Ryan McNutt	Cheryll Decker	Amy Rider	Liz Menz
RMcNutt@sigma.org	CDecker@sigma.org	ARider@sigma.org	LMenz@sigma.org
202.650.7799	703.375.0481	703.375.0485	703.375.0483 (cell 314.616.3907)

Responsible for hotel details on site in Chicago – security, greenroom, reception details, and needs on stage

Responsible for general session address, production

Responsible for announcements, signage, and publications

Following I have listed out the various details and questions that we pulled together in order to make things run smoothly for the Administrator's time with us.

- Regarding announcement

o Can we get the Administrator's media kit? High resolution headshot, official bio, etc.

o For any announcements, publications, or signage, does the Administrator require approval beforehand and, if so, who do we contact for that approval?

o I have attached a draft email announcement with information taken from the official EPA website.

- Regarding onsite in Chicago

o Who will be the Administrator's main handler?

o What security details will we need to be aware of?

o Does the Administrator need a greenroom and, if so, what are the requirements?

- Regarding SIGMA and NATSO Boards

o I have attached the Board of Directors for both SIGMA and NATSO to this email.

o SIGMA and NATSO boards would like to host a small reception at ***2pm on Wednesday November 8th*** in order for the board members to meet and thank the Administrator. We can plan this to his preference either formal (with a podium for him to make remarks) or informal (no podium, less formal meet and greet, time with both boards in a quieter environment).

o If a staffer would like to speak with our CEO, Ryan McNutt, about the event, I am happy to schedule a phone call. His direct contact information is also above.

- Regarding the Administrator's remarks

o How much time would the Administrator like allotted for his address to the members?

- Our producer, JoAnna Miller, and I would like to schedule a call with the person who will be putting together the Administrator's event profile in order to go over the technical details for exactly what he can expect in the room the day of his address.

- Does the Administrator have an official/preferred introduction to be used for the address?

- Is the Administrator open to a few minutes of Q&A from the membership after his address?

If there is anything you are missing or need from me, please don't hesitate to ask – we are very excited that the Administrator will be able to join us in Chicago and want to make the event as smooth as possible.

Thank you and I look forward to working with you!

Best,

Liz.

Hello Liz,

Yes, I was just about to reach out to you as we figured out his travel schedule this morning. We are able to confirm Wed, Nov 8 with an approximate presentation time of 3:20PM based on our previous conversation. If we built in conversations with the Boards, we could do that prior to his remarks. Would you mind sending along a few more details on the Board conversations, including attendees, topic, background, etc? We can then try to work in based on when he

arrives to Chicago.

We really look forward to this event and thank you again for the invitation!

Hi Hayley,

I just wanted to touch base on this invite to Administrator Pruitt. Our membership would be honored to have the Administrator at our Chicago meeting and be able to thank him for all of the actions he took during the recent natural disasters on behalf of our industry.

Do let me know if there is further information I can provide and I look forward to hearing from

you!

Best,

Liz.

Hi Hayley,

A quick follow up – we also would like to extend the invitation to the Administrator's Chief of Staff Ryan Jackson if he is able to attend the Chicago SIGMA Conference along with the A dministrator.

I am happy to extend that invite directly to Mr. Jackson or his assistant if you feel it's appropriate to send me their contact information.

Thank you again and have a great weekend!

Best,

Liz.

Subject: RE: SIGMA Invitation - Administrator Scott Pruitt

Hi Hayley,

Thanks so much for reaching out today! I just talked with Mike and he so happy that things seem to be working out to have the Administrator at our meeting in Chicago.

This is a bit of the information that we just chatted about this morning. Both dates do still work for us (the 8th and 10th), but we do have a preference to the 8th as it would be great to have A dministrator Pruitt open our Annual Conference. Also, the earlier date would coincide meetings for our Board of Directors as well as the Board of Directors for NATSO, the National A ssociation of Truck Stop Owners, and I know that both boards would be privileged to meet the A dministrator and be able to pass along their thanks for his efforts in keeping the fuel supply flowing with the waivers issued during Hurricanes Harvey and Irma.

If there is other information I can provide, please don't hesitate to ask. I am traveling for meetings next week, so the best way to reach me is on my cell at 314.616.3907. I'm happy to discuss any details or concerns and work out a way to have the Administrator at our event – I know our membership would be thrilled to hear him speak!

Thank you so much,

Best,

Liz.

Hello Liz and Mike,

I wanted to introduce myself as part of Administrator Pruitt's scheduling team. I understand that you had been in conversations with us regarding the Administrator speaking at the SIGMA A nnual Conference in Chicago in November. We are trying to make this work with his schedule and wanted to touch base on the current agenda. Previously, you communicated that 11/8, 3-4:30PM and 11/10, 9AM-12PM were the available windows. Is that still the case?

Please let me know and we look forward to getting him to Chicago for this event!

Subject: RE: Requesting a meeting with Administrator Pruitt

Good morning! Just wanted to follow up on this request to see if there's any possibility for a meeting this month or next with Administrator Pruitt. My original request was for next week, but obviously we will attend at the Administrator's convenience. Just to remind, I am making the ask on behalf of our Tulsa-based Midstream Commercial Vice President, Larry Huddleston

and two of our Vice Presidents for Environment, Safety and Health, Dirk Cockrum and Tom Hutchins. The topics for discussion on our side would be the NSPS OOOOa rule-making, Superfund cleanup sediment policy, the American Burying Beetle/ESA issue and its impact on the oil and gas sector, and EPA participation in FERC-led natural gas project permitting NEPA analyses. As one of the largest energy infrastructure companies in North America, we would also be happy to discuss anything on the Administrator's mind. Thank you for your consideration and I look forward to hearing from you.

Best wishes, Dave

Dear Hayley,

I am writing to confirm our meeting with General Pruitt next week, Wednesday, October 18 at 10:00 a.m. Our group will be myself, my Larson O'Brien colleague, Scott Sommer, and Bill Hunt from OCWD. Please give General Pruitt my warmest regards and let him know that I look forward to seeing him again. Unfortunately, due to the fires in Santa Rosa and the impact they have had on one of our large clients there, Judge Larson will not be able to join us as he is heading north (winds and fire conditions permitting).

Thank you and do not hesitate to reach out to me with any questions or comments. My mobile phone is: Personal Phone/Ex. 6

H Haley: 10 AM on Wednesday October the 18th makes sense. The 3 for sure are Judge Larson, Scott Sommer and Bill Hunt. I'll join if the Administrator would like me too or can catch up later at a dinner. Let me know his preferences but other three know the North Orange County Basin. Its Greek to me but a big deal in my home county.

Subject: Invitation to Administrator Pruitt to Address the Petroleum Equipment & Services Association

Good afternoon.

I'm the Sr. Director of Public Policy for the Petroleum Equipment & Services Association (PESA) which represents the oilfield service, supply, and manufacturing sector. Our 200 member companies span the sector's entire supply chain, including firms like Halliburton, Vallourec, Schlumberger, and Baker Hughes, a GE company.

I'm following up on a letter that was sent to Administrator Pruitt from Schlumberger VP, Government & Industry Relations Dan Domeracki inviting the Administrator to address executives from our member companies at PESA's Executive Fly-In on September 27 or 28.

If you can let me know the name/number of the person in the Administrator's office I should check with, I'd be most grateful.

Kind regards,

Jean

Hi Gail,

Would you like to receive each guest's confirmation letter by email? These are sent out overnight and you would receive 9 separate emails. Otherwise, I will just send you the confirmation numbers for each guest. They do not need to have a confirmation letter to check in (they can check in by name).

Best regards,
Lisa

Hello Gail,

Happy Friday! Thank you for these details! Will all guests listed below be confirmed in their own One bedroom villas? Please let me know who needs to be in the same complex as well.

Yes, we can just accept your guests' credit cards upon arrival.

I will send you confirmation numbers this afternoon.

Best regards,

Lisa

Subject: RE: American Chemistry Council

Good morning again Lisa, I think I have all the names now and Im sorry if it might be one or two

more than expected. Let me know if there is any trouble accommodating in the same area as I can tell you who need to definitely in the same complex as the Administrator.

Edward Scott Pruitt 11/8 – 11/9

Ryan Jackson 11/8 – 11/9

Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F 11/8 – 11/9 (Security Detail traveling with the Administrator)

Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F 11/7 – 11/9 (Advance Security Detail)

Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F 11/7 – 11/9 (Advance Security Detail)

Lincoln Ferguson 11/8 – 11/9

Kenneth Wagner 11/8 – 11/9

Elizabeth Tate Bennett 11/8 – 11/9

Millan Hupp 11/7 – 11/9 (Director of Advance)

Lisa, since the staff is currently on travel it's hard to get all of their credit card numbers. Would it be ok to hold them by the company and I will make sure that everyone swipes upon arrival. I do understand that the Administrator's will be paid for by American Chemistry Council for room and taxes only.

Would you also be able to send me confirmation numbers for each of the travelers and thanks again for your time and patience with this matter. If you have any questions or concerns, please don't hesitate to call me at 202 564 1444.

Happy Friday!!!!!

On Nov 27, 2017, at 6:55 AM, Monsma, David <david.monsma@aspeninst.org> wrote:

The Honorable Scott Pruitt

Administrator of the Environmental Protection Agency

1200 Pennsylvania Avenue, N.W. MC-1101A

Washington, DC 20460

Dear Mr. Administrator:

I am pleased to invite you as a featured speaker in the Aspen Institute's Washington Ideas Roundtable Series—monthly lunchtime dialogues featuring key policymakers discussing the evolving role of the United States in world affairs. Your role at the US EPA spearheading President Trump's goals for the Agency is poised to have a dramatic impact on the nation's environmental management. We'd like very much for you to share your perspective on the many crucial environmental and regulatory issues currently at the forefront of discussion and debate in the United States.

For this roundtable, we propose that you deliver brief remarks and then our moderator would ask you a few questions before opening up the table to comments and questions with about 25-30 professionals from business, academia and non-profit organizations. We would plan to hold this event when it could work in your schedule, ideally on a convenient date in February (perhaps February 5-9, 12, or 20-22).

The Washington Ideas Roundtable Series will convene at the Institute's brand-new headquarter offices at 2300 N St. NW in Washington, DC and brings together thought leaders to discuss critical national and global issues. The hallmark of these sessions is the robust exchange of ideas expressed between our featured guest and invited participants who

are encouraged to offer probing questions and comments through the course of the session's prescribed 90 minutes (@ 12:00 Noon–1:30 PM). The format can either be on the record with reporters or off the record/not for attribution, depending on your preference. Funding for this monthly series is generously provided by the Smith Family Foundation.

A sampling of past speakers in the series include, among others: then-Homeland Security Secretary Janet Napolitano, then-Under Secretary of Defense Michèle Fluornoy, Senators Dianne Feinstein and Richard Lugar, former national security advisors Brent Scowcroft and Zbigniew Brzezinski, former Secretary of State Madeleine Albright, and King Abdullah II of Jordan.

Additionally, we would also like to extend an invitation for you to speak at and attend the Aspen Energy Week, July 12-16 in Aspen, CO, presented by the Aspen Institute's Energy and Environment Program. Aspen Energy Week, part of a line of energy forums in Aspen for over the past 40 years, is a four-day forum focusing on the US power sector and electricity system. This group of experts and professionals in the energy sector discuss a variety of topics in Aspen's trademark forum format: a moderated roundtable that stresses dialogue between participants, rather than question and answer or merely listening to speakers on a stage.

We would be honored to host you at the Aspen Institute, in DC and in Aspen. Thank you for considering this invitation.

Sincerely,

David Monsma

10:30 am on Wedn, June 28 works if good for you. Can come your way. I have a CAC and USG id. I guess they will call you from security. Correct?

What's your cell and office number?

If you mean Tuesday I need to be at the WH at 10 so I would need to push the meeting to 11:30.

Matthew

A face to face would be great before you begin your travels. There are a few areas that we can discuss from a logistics and relationships perspective though not quite as much from a policy and mission perspective without Sarah. Regardless, sitting down to get the ball rolling on this would be beneficial.

Would 10:30AM happen to work for you?

Subject: Re: Connecting

I'm back July 14, and we will need to have an ongoing dialogue with the team to move the ball forward. Probably a call once or twice a week if you guys think appropriate.

I've been in direct contact with the Minister in Aus, and will be speaking with his senior staffer (Cosi) who is the lead from their side on Monday night. Also, Jim Carouso, the Charge at the US Emb in Canberra is a close personal friend and would likely have good inputs, but I want to wait a bit before I contact him. But by next week you should have all the inputs and can decide how best to proceed.

Also, I believe that there will be a large CODEL in the country at the same time. Will try to get some more granularity - R and D from the Senate, across committee jurisdictions.

Just let me know if a sitdown would be useful. Or another call.

It would be great to sit down with you to discuss. I will be in Canada for the CEC Council meeting from Tuesday-Thursday morning. When do you return from Morocco?

Alternatively, if Milan is available I can try to call in.

Thanks Rick for putting the call together. Look forward to continuing the dialogue.

One initial step would be to get a better sense of the current US Australian environmental agreements that are currently in place and whether they should be changed or updated or canceled and replaced with others. It would also be relatively easy to put together a joint advisory task force on environmental issues thus creating a new mechanism for ongoing discussions.

I spoke with my friends at US Pacific Fleet Command and they have numerous environmental and maritime issues they would be interested in furthering.

Hey Matthew,

I am looping them in on this email. We've had about 10 speaking engagements in the last couple weeks and have several out of state trips and two international trips in June so they've been drinking from a water hose a little bit recently. I'm sure one of them will be reaching out soon.

Appreciate your patience!

Kristina, thank you so much for setting up a great meeting. I will be reaching out to your folks to thank them as well. I certainly hope this will continue to be a useful partnership for both of us.

Speaking for sectors staff, we would love to come out to see the Sweeny/Old Ocean facilities. I will likely be back in Texas in Mid-November so you and I can work to set something up on the staff level.

I do think that this would be something the administrator would be interested in seeing so I've cc'd Millan Hupp our director of scheduling and advance and Tate Bennett who heads our office of Public Engagement. The two of them work to determine the Administrator's availability.

Again, thank you so much for your hospitality in Houston – looking forward to seeing Sweeny/Old Ocean soon!

Best,

Daisy

Subject: Potential Site Visit

Daisy –

Thanks for coming in yesterday and providing our team with a deeper understanding of Smart Sectors. It was very helpful as to how our industry can better utilize EPA's resources and improve our dialogue.

As mentioned, we'd like to extend an invitation to you and any interested Smart Sectors staff as well as interested political staff to come out to our Sweeny/Old Ocean, Texas facilities for a tour any time after November 10th. Also, if you think Administrator Pruitt would have availability, we'd like to extend the invitation to him as well.

Our facility at Old Ocean, Texas boasts an investment of $6 billion and has been a job creator in the area. Here is more information on the facility: click here. The facility at Sweeny is also worth seeing and is also a tremendous asset to the industry and our area.

Would it be best for me to coordinate with the Administrator's scheduling office for his potential visit?

What do you need from us to schedule a site visit for staff?

Thanks again, and we look forward to welcoming you to Sweeny/Old Ocean, Texas.

Best,

Kristina

Hayley,

Great – thanks so much! Attached is the completed form and a draft outline of the meeting agenda (with the potential speaking slots highlighted in blue). We are open to adjusting times to accommodate the best/preferred time for a presentation during AAPCA's Spring Meeting.

We appreciate Administrator Pruitt's consideration. Please let us know if you have any questions or would like additional information.

Subject: Invitation to Present at AAPCA's Spring Meeting, April 4 - 6 in Lexington, KY

Administrator Pruitt,

On behalf of the Association of Air Pollution Control Agencies (AAPCA), thank you for the recent opportunities to engage with U.S. EPA and provide feedback on critical Clean Air Act issues. AAPCA is a consensus-driven organization focused on assisting state and local air quality agencies and personnel with implementation and technical issues associated with the federal Clean Air Act. The Association represents more than 40 state and local air agencies, and senior officials from 20 state environmental agencies currently sit on AAPCA's Board of Directors. AAPCA is based in Lexington, Kentucky as an affiliated association of The Council of State Governments (CSG).

We are writing to invite you to attend and present at AAPCA's 2018 Spring Meeting, which will be held in Lexington, Kentucky from April 4 – 6. More information is available in the enclosed invitation from 2018 AAPCA President Stuart Spencer, Associate Director of the Arkansas Department of Environmental Quality, and 2017 AAPCA President Sean Alteri, Director of the Kentucky Division for Air Quality. Regular attendance by senior U.S. EPA officials at Association meetings has been greatly valued by our membership. AAPCA's 2017 Fall Business Meeting included participation from over 150 attendees, including senior air officials from more than 30 state and local environmental agencies. Participants also included nearly 40 U.S. EPA staff from the Offices of Air and Radiation, Research and Development, Inspector General, and Enforcement and Compliance Assurance, as well as several EPA regions. Our members would be especially interested in hearing from you and your staff about recent and forthcoming Clean Air Act issues, cooperative federalism, and opportunities to work together on issues like NAAQS nonattainment, interstate transport, air toxics, and resource priorities.

Please let me know if you have any questions about AAPCA's 2018 Spring Meeting, or if we can serve as a resource on any Clean Air Act issues in the future.

Thanks so much for your consideration, and we look forward to seeing you in Lexington!

Dear Hayley,

I am writing to confirm our meeting with General Pruitt next week, Wednesday, October 18 at 10:00 a.m. Our group will be myself, my Larson O'Brien colleague, Scott Sommer, and Bill Hunt from OCWD. Please give General Pruitt my warmest regards and let him know that I look forward to seeing him again. Unfortunately, due to the fires in Santa Rosa and the impact they have had on one of our large clients there, Judge Larson will not be able to join us as he is heading north (winds and fire conditions permitting).

Thank you and do not hesitate to reach out to me with any questions or comments. My mobile phone is: Personal Phone/Ex. 6

Best,

Subject: Re: [SPAM] Re: Hi From Hugh Hewitt

H Haley: 10 AM on Wednesday October the 18th makes sense. The 3 for sure are Judge Larson, Scott Sommer and Bill Hunt. I'll join if the Administrator would like me too or can catch up later at a dinner. Let me know his preferences but other three know the North Orange County Basin. Its Greek to me but a big deal in my home county.

Hugh

ATC - aerial parking lot.pdf

Hi Millan,

Nice speaking with you this morning! The Additive Technology Center (ATC) is located at 9701 Windisch Rd, Suite 100, West Chester, OH 45069. I have attached two pdfs with directions and an aerial shot indicating where to drop off, enter the building, etc. We're happy to block off any sections of the lot to allow the Administrator's transportation to wait during his visit. I can address with the advance team on Tuesday if that's best.

How should I go about coordinating a time for the walkthrough Tuesday? I think we're pretty flexible on our end so will just depend on the advance team's travel arrangements. When you send the list of attendees, can you indicate which individuals will be arriving early?

Let me know if you have any questions on this.

Thank you!

Katie and Morgan,

It was such a pleasure to chat with you yesterday. We are very much looking forward to this visit on October 6 and look forward to further exploring a smaller meeting/roundtable with some of your execs as well. Also, just so you are aware, I am copying our Staff Advance lead, Forrest McMurray, and our Security Advance lead, SA John Mickle.

Forrest – we have agreed upon a one-on-one discussion with their CEO with controlled Q&A. I have also alerted them that the Administrator has a 1:55PM flight to his next location and they have generously agreed to assist us in ensuring that he is on the road to the airport (9 miles, 12 minutes) by 1:00PM.

Katie and Morgan -- please also note that I am copying Amy Graham in our press shop. She will be able to answer your initial press related questions as well as offer direction on the invitation you have provided.

Amy – Katie and Morgan are hopeful to invite local press and to begin inviting/promoting to members. I asked that they kindly connect with you first before doing so.

Thank you so much. I look forward to working with you both.

Hi Millan,

Thanks again for talking with us today, we are so looking forward to having Administrator Pruitt at the event!

I have attached the flyer that we would like to push out to our list. The people on the list are general membership of about 4,000 people. We also want to be sure it is okay to promote this on our social media, which mentions both Administrator Pruitt and Sen. Jeff Flake will be at the lunch. Let me know if this is okay to send out.

You will also see that the flyer has our different sponsors for the event.

Please feel free to reach out by phone or email with any thoughts or concerns, thanks!

Best,

Morgan Carr

Good Afternoon Gail & Millan,

Please find below the confirmation numbers for your team. I met with the Broadmoor earlier today and reviewed the space for the event. I was also able to meet with Greg Maxwell who is currently Assistant Director of Loss Prevention but will be in charge of Loss Prevention starting next week. His contact information is gmaxwell@braodmoor.com or 719-471-6371.

The Broadmoor did ask if there is anything we need to place in the Administrator's sleeping room such as specific brand of K-cups for coffee, etc. Please let me know.

Administrator Scott Pruitt	EPA	4-Oct	5-Oct	Broadmoor	YKR35	VIP
Lincoln Ferguson	EPA	4-Oct	5-Oct	Broadmoor	6J255	
Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F	EPA	4-Oct	5-Oct	Broadmoor	VLCHH	Agent in Charge
	EPA	3-Oct	5-Oct	Broadmoor	JSV6T	Advance Agent
Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F	EPA	3-Oct	5-Oct	Broadmoor	YCHRM	Advance Agent
Ms. Millan Hupp	EPA	3-Oct	5-Oct	CMR	352925559	Director of Scheduling and Advance
Amy Graham	EPA	3-Oct	5-Oct	CMR	352925731	

I believe at this point the only thing I need from you is ETAs once you have and credit card information. Please let me know if I owe you any additional information.

Have a great end to your Monday.

Take care,

Rhonda Scurek

Hi Millan & Gail,

It was great speaking with both of you as well as Juanita and checking off several items.

The Director of Security at the Broadmoor is Mr. Wayne Hoskins whoskins@broadmoor.com or 719-577-5703 direct. I will also reach out him and let him that you will be contacting him.

Attached is the layout of times and rooms at the Broadmoor as well as a meeting space layout PDF. All of the events that morning will be in Broadmoor West.

Once I have the confirmation numbers I will forwarded to your attention.

My cell number is Personal Phone/Ex. 6 Please call if you need anything. As I mentioned earlier, my plan on the 5th is to be a the Broadmoor by 7:30am but I am available earlier if we need to change that.

Take care,

Rhonda Scurek

Rhonda,

Good morning to you. We are very much looking forward to this visit in a couple weeks and truly appreciate your kind hospitality.

I will be managing the logistics and details for the Administrator's visit. I'll also be able assist in initiating the conversations on security.

I will join Gail on her call to you so we may work through some of these items.

Thank you so much,

Millan Hupp

Hi Gail,

I am finally able to get back with you with more concrete answers.

Regarding the Broadmoor: The rate is $330.00 per night. I would be able to allocate 5 rooms to you at the Broadmoor. Would you be booking with them directly to set up names and payment?

I have 4 rooms available at the Cheyenne Mountain Resort. They are extremely tight on the 3rd and the rate would be $199.00 with first night's deposit at the time of reservation. Seven day cancellation applies here.

Do I handle the security details with you or do you need the name of the individual in charge at the Broadmoor? Last question. Do you handle his personal logistics i.e. dinner on the 4th or is that someone else? My CEO, Renee Zentz, is inquiring.

Thank you!

Subject: Invitation to Present at AAPCA's Spring Meeting, April 4 - 6 in Lexington, KY

Administrator Pruitt,

On behalf of the Association of Air Pollution Control Agencies (AAPCA), thank you for the recent opportunities to engage with U.S. EPA and provide feedback on critical Clean Air Act issues. AAPCA is a consensus-driven organization focused on assisting state and local air quality agencies and personnel with implementation and technical issues associated with the federal Clean Air Act. The Association represents more than 40 state and local air agencies, and senior officials from 20 state environmental agencies currently sit on AAPCA's Board of Directors. AAPCA is based in Lexington, Kentucky as an affiliated association of The Council of State Governments (CSG).

We are writing to invite you to attend and present at AAPCA's 2018 Spring Meeting, which will be held in Lexington, Kentucky from April 4 – 6. More information is available in the enclosed invitation from 2018 AAPCA President Stuart Spencer, Associate Director of the Arkansas Department of Environmental Quality, and 2017 AAPCA President Sean Alteri, Director of the Kentucky Division for Air Quality. Regular attendance by senior U.S. EPA officials at Association meetings has been greatly valued by our membership. AAPCA's 2017 Fall Business Meeting included participation from over 150 attendees, including senior air officials from more than 30 state and local environmental agencies. Participants also included nearly 40 U.S. EPA staff from the Offices of Air and Radiation, Research and Development, Inspector General, and Enforcement and Compliance Assurance, as well as several EPA regions. Our members would be especially interested in hearing from you and your staff about recent and forthcoming Clean Air Act issues, cooperative federalism, and opportunities to work together on issues like NAAQS nonattainment, interstate transport, air toxics, and resource priorities.

Please let me know if you have any questions about AAPCA's 2018 Spring Meeting, or if we can serve as a resource on any Clean Air Act issues in the future.

Thanks so much for your consideration, and we look forward to seeing you in Lexington!

Hi Millan,

Email #2! This email is to introduce you to our Director of Communications, Amy Rider. Amy 's direct contact info is 703.375.0485 and ARider@sigma.org. If you can put her in contact with the appropriate folks on your staff, I'd appreciate it!

Amy oversees all of our communication and publications. She'll be the one to request press kits, approvals for any announcements and text, as well as overseeing our press relations before the meeting and onsite (She intends to address that topic with your communications/press team).

If I can weigh in on anything, do let me know. I will be staying on top of all of the SIGMA details from our end so that we're able to provide one comprehensive event profile for you as we confirm details.

Thanks again!

Best,

Liz.

Mr. Martella,

Good afternoon to you. Yes, we have you held on the calendar for Wednesday, October 4. We currently have a commitment that morning in DC but expect to be able to get the Administrator into Cincinnati by 1130AM. Additionally, he must travel to Colorado Springs that evening on a 4:50PM flight. Kindly let me know if a timeframe of 1230PM – 330PM might work for what you are envisioning.

Thank you so much for your consideration and I look forward to hearing from you. I have copied Hayley Ford on this email as well as she is assisting us in Scheduling and is likely with whom you will be working.

Warm regards,

Ryan and Samantha—I hope you are both well. I am following up on the brief discussion with Administrator Pruitt regarding additive manufacturing in the conversation regarding the ICAO aircraft standards.

Attached is an invitation for Administrator Pruitt and his team to visit GE's industry leading additive manufacturing facility in October. We are confident this will be a valuable educational opportunity and something that transforms the way manufacturing is thought about in the future.

This could be scheduled as a day trip to Cincinnati. We propose October 4 but will be flexible around the Administrator's preferences.

Please let me know if I can answer any questions. We look forward to seeing you then. Thank you -- Roger

Hello Sarah,

We have just learned that Administrator Pruitt is needed to travel with the President on Tuesday to Puerto Rico. I apologize for having to cancel, but was hoping we could reschedule for your next trip to DC or perhaps during one of our upcoming trips to Texas. I would offer a different day next week, but as I mentioned below, he will be flying out early Wednesday morning for the remainder of the week.

Do you have another trip to DC planned? We will be in Dallas on Oct 19. Let us know if maybe we could arrange a meeting that day.

Thank you and we appreciate your understanding.

Hayley

Hi Hayley,

Thank you so much. This time and location will work out great. Please confirm us for 4:45 pm ET on Tuesday, 10/2, at EPA Headquarters to meet with Administrator Pruitt.
Attending with AG Paxton will be the following staff members:

Michael Toth, Special Counsel

Marc Rylander, Communications Director

JB Skees, Executive Assistant/Travel Assistant

Please let me know if you need further information. Thank you again for your assistance!

Kind regards,

Sarah,

Can we plan for 4:45PM at EPA Headquarters? We are located at 1200 Pennsylvania Ave NW. I will have someone send further arrival details as the date approaches.

Will anyone else be attending with AG Paxton?

Thank you!

Good morning Hayley,

Thank you! AG Paxton is flying in on Tuesday, 10/3, so late afternoon on that day works great. We anticipate him arriving in DC by noon. Please let me know what time best fits in Administrator Pruitt's schedule. Thank you again for your consideration.

Kind regards,

Hello Sarah,

Thank you for reaching out on behalf of AG Paxton. Administrator Pruitt would be happy to take this meeting. Unfortunately, he is traveling 10/4-10/6. Would AG Paxton be available on 10/3 instead? We could do something later in the afternoon/early evening if he is flying in that day.

Let us know if that would work. Thank you and we look forward to welcoming him here.

To: Pruitt, Scott <Pruitt.Scott@epa.gov>
Subject: Texas Attorney General Paxton requests meeting

Good afternoon,

I am writing on behalf of Texas Attorney General Ken Paxton. AG Paxton respectfully requests a meeting with EPA Administrator Pruitt while he is in Washington DC, October 3 – 6. The topic of the meeting would be federal regulatory reform, an issue that impacts numerous cases that Texas is currently litigating. In May, AG Paxton led a 16-state coalition in calling on the Trump Administration to take action in accordance with two principles – restoring the role of Congress and ensuring impartial adjudications. AG Paxton would like to share his perspective on the proper scope of federal administration agencies as well as some ideas for practical reforms.

As mentioned above, AG Paxton will be in Washington DC the first week in October and is available for a meeting on the following dates and times:

Wednesday, 10/4, 10:00 – 11:00 am

Thursday, 10/5, 10:00 – 11:00 am, and 2:00 – 3:00 pm

Friday, 10/6, 10:00 – 11:00 am

Please let me know if any of these fits in the Administrator's schedule. If not, please feel free to propose a date/time that works best.

Kind regards,

Sarah Burgess

Millan,

Allow me to introduce you to my friend Nate Morris. Nate is the co-founder and CEO of Rubicon Global.

As discussed, I think it would be great for Nate and the Administrator get together and Nate would be happy to come to Washington to meet. I have also cc'd Michael Allegretti, on Nate's team.

Nate,

Millan is a good friend and I have gotten to know her and the Administrator over the last few years. They are doing some very important things at EPA and I think it would be great for you and the Administrator to meet. Scott is also from Kentucky - so I know that is always the best base for a friendship!

Warm Regards,

Matt

Ok. Totally understand. Let me check w ambassador. I am in Morocco 11-17. Do you have some dates after that?

Thanks

Hello Ashley,

Thank you for reaching out with this invitation. I work in Administrator Pruitt's office along with Millan Hupp, copied here. I believe the two of you connected earlier this year in regards to this event and unfortunately we weren't able to make it work with his schedule. We would love to explore the opportunity to have him visit in the spring.

Could you please complete the attached form with as much detail as you can? This will help in getting a better understanding. We will then want to set up a call with you to hear more details about how these work.

Thank you and we appreciate the invitation!

Subject: Scott Pruitt at Liberty University
Importance: High

Good Afternoon,

I hope you're doing well. My name is Ashley Lison and I am the Executive Director of Convocation here at Liberty University. Liberty is the largest university in Virginia, and hosts the largest weekly gathering of young adults in the world: 12,000+ students residentially, and over 90,000 online via our live stream. Our Convocations often garner local and national media attention, as well as millions of views on social

media.

Last year, I spoke with Michelle (see below) about hosting the Administrator at Convocation, but unfortunately we were never able to confirm a date. We are currently booking for Spring of 2018, and we would love to solidify a date for the Administrator to join us!

I'm not sure how familiar you are with our school, but our Convocation serves as a platform for ideas where individuals from all walks of life inform, inspire and engage college students. Our guest list is quite diverse ranging from TV personalities to Ted talk speakers, missionaries and pastors, Grammy award winners, world class athletes, political leaders, artists etc. Some of our guests this year have included: Steph Curry of the Golden State Warriors, Brian Littrell of the Backstreet Boys, Olympian Simone Biles, soccer legend Kaka, political leaders like Donald Trump, Bernie Sanders & Gary Johnson, comedians like Larry the Cable Guy, Jeff Foxworthy and many more.

Please let me know what we can do to make this partnership happen!

Thank you,

Ashley O. Lison

Good Afternoon Michelle,

I hope you're doing well. My name is Ashley Lison and I am the Director of Convocation at Liberty University. I understand that you spoke with my assistant Alyssa Kidder this afternoon regarding AG Pruitt joining us at Convocation in the Spring! We're so excited about this possibility and would love to add him to the Spring schedule press release which will be sent out tomorrow or Monday. Would it be possible to firm up a date that would work with his schedule before or after his confirmation hearing?

Thank you,

Ashley O. Lison

Sarah,

We are looking at flights and the schedule now and will be in touch soon. We may be able to fly into Austin the evening before and do something that morning of 10/19. We have an evening event in Dallas. I believe Austin would be most convenient for you, correct?

We can be in touch soon but please let us know if you have any questions in the meantime and if you don't mind holding that morning, that would be great. Thank you!

Hello Sarah,

We have just learned that Administrator Pruitt is needed to travel with the President on Tuesday to Puerto Rico. I apologize for having to cancel, but was hoping we could reschedule for your next trip to DC or perhaps during one of our upcoming trips to Texas. I would offer a different day next week, but as I mentioned below, he will be flying out early Wednesday morning for the remainder of the week.

Do you have another trip to DC planned? We will be in Dallas on Oct 19. Let us know if maybe we could arrange a meeting that day.

Thank you and we appreciate your understanding.

To: Pruitt, Scott <Pruitt.Scott@epa.gov>
Subject: Texas Attorney General Paxton requests meeting

Good afternoon,

I am writing on behalf of Texas Attorney General Ken Paxton. AG Paxton respectfully requests a meeting with EPA Administrator Pruitt while he is in Washington DC, October 3 – 6. The topic of the meeting would be federal regulatory reform, an issue that impacts numerous cases that Texas is currently litigating. In May, AG Paxton led a 16-state coalition in calling on the Trump Administration to take action in accordance with two principles – restoring the role of Congress and ensuring impartial adjudications. AG Paxton would like to share his perspective on the proper scope of federal administration agencies as well as some ideas for practical reforms.

As mentioned above, AG Paxton will be in Washington DC the first week in October and is

available for a meeting on the following dates and times:

Wednesday, 10/4, 10:00 – 11:00 am

Thursday, 10/5, 10:00 – 11:00 am, and 2:00 – 3:00 pm

Friday, 10/6, 10:00 – 11:00 am

Please let me know if any of these fits in the Administrator's schedule. If not, please feel free to propose a date/time that works best.

Kind regards,

Sarah Burgess

The Hoover Institution is pleased to invite you to a special edition of

Opening Arguments: Conversations on American Constitutionalism

Returning to "EPA Originalism": A conversation with EPA Administrator Scott Pruitt

Thursday, May 18, 2017

5:00 - 7:00 PM

Hoover Institution

1399 New York Avenue, NW, Suite 500

Washington, DC 20005

In his early statements, including his introductory address to EPA employees, Administrator Pruitt stressed the need to pay greater heed to Congress's laws, and to the federalism inherent in those laws and in the Constitution itself. In conversation with Hoover Institution research fellow Adam White, Pruitt will discuss his vision for the EPA, Congress, and federalism.

This event is part of a monthly series, Opening Arguments: Conversations on American Constitutionalism.

Register Now!

Hi Hayley,

Thank you so much. This time and location will work out great. Please confirm us for 4:45 pm ET on Tuesday, 10/2, at EPA Headquarters to meet with Administrator Pruitt.
Attending with AG Paxton will be the following staff members:

Michael Toth, Special Counsel

Marc Rylander, Communications Director

JB Skees, Executive Assistant/Travel Assistant

Please let me know if you need further information. Thank you again for your assistance!

Kind regards,

Sarah Burgess

Sarah,

Can we plan for 4:45PM at EPA Headquarters? We are located at 1200 Pennsylvania Ave NW. I will have someone send further arrival details as the date approaches.

Will anyone else be attending with AG Paxton?

Thank you!

Good morning Hayley,

Thank you! AG Paxton is flying in on Tuesday, 10/3, so late afternoon on that day works great. We anticipate him arriving in DC by noon. Please let me know what time best fits in Administrator Pruitt's schedule. Thank you again for your consideration.

Kind regards,

Hello Sarah,

Thank you for reaching out on behalf of AG Paxton. Administrator Pruitt would be happy to take this meeting. Unfortunately, he is traveling 10/4-10/6. Would AG Paxton be available on 10/3 instead? We could do something later in the afternoon/early evening if he is flying in that day.

Let us know if that would work. Thank you and we look forward to welcoming him here.

Subject: Texas Attorney General Paxton requests meeting

Good afternoon,

I am writing on behalf of Texas Attorney General Ken Paxton. AG Paxton respectfully requests a meeting with EPA Administrator Pruitt while he is in Washington DC, October 3

– 6. The topic of the meeting would be federal regulatory reform, an issue that impacts numerous cases that Texas is currently litigating. In May, AG Paxton led a 16-state coalition in calling on the Trump Administration to take action in accordance with two principles – restoring the role of Congress and ensuring impartial adjudications. AG Paxton would like to share his perspective on the proper scope of federal administration agencies as well as some ideas for practical reforms.

As mentioned above, AG Paxton will be in Washington DC the first week in October and is available for a meeting on the following dates and times:

Wednesday, 10/4, 10:00 – 11:00 am

Thursday, 10/5, 10:00 – 11:00 am, and 2:00 – 3:00 pm

Friday, 10/6, 10:00 – 11:00 am

Please let me know if any of these fits in the Administrator's schedule. If not, please feel free to propose a date/time that works best.

Kind regards,

Sarah Burgess

Good morning Bill and Kelsi –

I wanted to connect the two of you in preparation for Administrator Pruitt's attendance at the upcoming ALEC meeting in Nashville on Friday, December 8th.

Kelsi – This is an open press event with the opportunity for a media hit at the conclusion of the Administrator's remarks. Bill will be able to provide additional information on this.

Bill – I will be arriving in Nashville on Thursday, December 7th. I have scheduled a walk-through of the venue with Courtney Cook for 3:00 that afternoon. Please feel free to join us if you feel that it would be helpful.

If you have any questions or concerns, please let me know.

Thank you,

Kelly Kundinger

Thank you Sydney!

We can accommodate any time that works for you in the 12-2pm slot. Speaking at 12:30 or 1pm would be good. Max 30 min with Q&A. However, we are flexible. If the administrator wants to just come in and speak that is fine, if he wants to stay and eat that is also great! We are flexible with press and duration of speaking. Whatever is best for you.

When you get a chance can you please let me know who will be staffing the boss, and we can also send over more policy information to help too.

Thank you,

Rachel

Subject: Cement Association MAY Meeting/Keynote Request

Hi Michelle,

I am sure you are super busy, but I wanted to reach out to you because the Portland Cement Association is hosting our annual Washington, D.C. Fly-In on **May 9th and 10th**. PCA represents 92 percent of U.S. cement production capacity and have facilities in all 50 states. Cement and concrete product manufacturing directly or indirectly employs approximately 500,000 people in our country, and our collective industries contribute approximately $100 billion to our economy. The D.C. Fly-In is attended by CEO's and senior company executives. This year we will also invited other concrete trade associations to participate as well.

PCA would be honored to have Administrator Pruitt as our keynote speaker on **Tuesday, May 9th** anytime from **6pm** on at our opening dinner at the 101 Constitution Roof Terrace. Administrator Pruitt is welcome to join us for dinner, or just come to speak, whatever is best for your schedule. Attached is an invitation with additional details. Should this time not accommodate your schedule we also welcome the Administrator at our breakfast on **Wednesday, May 10th** at the Washington Marriott at Metro Center anytime from 7:00am to 10:00am. Additionally, Cement CEO's would be able to come for a meeting on Tuesday, May 9th at 4pm.

Happy to answer any additional questions or concerns via email or phone: 202-679-8223. If you could let us know no later than April 26th that would be very helpful. Thank you again and enjoy the spring weather!

All My Best,

Rachel Derby

The Hoover Institution is pleased to invite you to a special edition of

Opening Arguments: Conversations on American Constitutionalism

Returning to "EPA Originalism": A conversation with EPA Administrator Scott Pruitt

Thursday, May 18, 2017

5:00 - 7:00 PM

Hoover Institution

1399 New York Avenue, NW, Suite 500

Washington, DC 20005

In his early statements, including his introductory address to EPA employees, Administrator Pruitt stressed the need to pay greater heed to Congress's laws, and to the federalism inherent in those laws and in the Constitution itself. In conversation with Hoover Institution research fellow Adam White, Pruitt will discuss his vision for the EPA, Congress, and federalism.

This event is part of a monthly series, Opening Arguments: Conversations on American Constitutionalism.

Absolutely--below is a preliminary list. I will send a finalized one once I have it.

Also, did you have a sense for how the hour is going to be structured? My expectation was a 30 second introduction from me, a few minutes of introductory remarks from the Administrator, and then we would open things up to a discussion/Q&A. Of course we are glad to proceed however you prefer if you have something different in mind.

Joshua Esses (Proskauer Rose)
Michelle Roberts (Blackrock)
Leigh Llewelyn (Lankler Siffert Wohl)
Joe Celentino (Wachtell Lipton Rosen & Katz)
Sarah Baugh (Skadden Arps)
Claudia Ricciardi (Cravath)
John Peterson (Kirkland & Ellis)
Jonathan Gartner (Weil Gotshal) [tentative]
Sara Nommensen (Judge Richard Sullivan) [tentative]
[a handful of pending invitations]

Tate,

Good speaking with you just now! I just checked, and radio city is not even a ten minute drive from my firm, Proskauer Rose, located at 41st st and 8th avenue. I'm certain we could host by me, if that would work on your end.

Best,

Josh

Location I think is flexible--midtown would probably make sense, and I can get you a specific suggestion or two once I organize the rest of the attendees, assuming that works on your end.

Looking forward!

Josh

Hi Lisa-

Tate Bennett with EPA Public Engagement and Environmental Education here. I handle some of the Administrator's proactive agenda and site visits.

Just gave you a buzz, Lisa, but I wanted to follow up about a potential meeting for Administrator with your NYC Chapter or Chapter Leadership next Thursday the 28th of September(?). Administrator Pruitt will be in the area and would love to get together.

This could be a small or large gathering, and it would not preclude a future visit. Give me a shout when you can?

The Gaddis Farms Lake House
2180 Queens Hill Road
Bolton, MS 39041

Directions from I-20 West:

1. Take Exit #27 / Bolton
2. Turn **Right** on Bolton-Brownsville Road go **.5 mile**
3. Turn **Left** on Williams Lake Road go **1.9 miles**
4. Turn **Left** on Queens Hill Road go **1.9 miles**
5. Arrive at the Lake House and turn right into driveway

10-6-17

THE GADDIS FARMS

OWNERSHIP: A family owned Corporation that was started in 1897 and incorporated in 1937.

LAND AREA: In excess of 28,000 acres of land is involved in this operation which consists of a number of farms that lie in a geographical area between Raymond, Bolton, Edwards and The Big Black River in Hinds County, MS.

MANAGEMENT: Ted H. Kendall III – Chairman
Ted H. Kendall IV –President, Manager
Kendall Garraway – Vice-President, Manager

LAND USES: Cotton – 1500 acres
Soybeans – 2500 acres
Corn – 2500 acres
Hybrid Bermuda Hayfields – 500 acres
Improved Pasture – 8000 acres
Winter Grazing – 1200 acres
Pine Plantations – 5500 acres
Hardwood Timber – 6500 acres

Approximately 75% of The Gaddis Farms acreage is utilized in hunting leases and hunting clubs.

LIVESTOCK:

Brood Herd – Approximately 1250 cows. Breeds used are Angus, Brangus, and Gelbvieh. All raised calves are weaned and placed in the winter grazing operation.

Winter Grazing – All home raised calves plus approximately 1000 purchased calves are placed on ryegrass pastures in the fall and grazed until May or June and then are either sold on the Producers Internet Auction or sent to a feedyard under a retained ownership program.

Retained Ownership – Approximately 500-1000 head are fed in Kansas and Nebraska.

Mississippi Governor Phil Bryant and EPA Administrator Scott Pruitt
Thursday, October 12, 2017

Schedule

11:30 am Depart for Jackson

Noon – 1:30 pm Lunch

- The Manship Wood Fired Kitchen
  1200 N State Street, Ste 100
  Jackson, MS 39202
  601-398-4562

- There is an entrance with a circular drive on the east side of the building, accessible from Poplar Bvd.

- List of invitees attached. (List C) - PENDING

1. Katherine Kline and Bobby Morgan (both from Governor's office) will arrive early to great guests.

Mississippi State Capitol
1901-1903

The state capitol is the third capitol building built in the capital city of Jackson. The first building was completed in 1822, the second building in 1833 and the current capitol building was completed in 1903. The building was erected on the site of the old state penitentiary and was designed by Theodore Link, an architect from St. Louis, Missouri. The building cost $1,093,641 dollars, which was paid by the Illinois Central Railroad by the back taxes they owed the state.

In 1979-1983, the capitol building underwent a complete restoration, which cost $19 million. The renovation remained true to the original building and strived to maintain the original design when at all possible.

The Beaux Arts style building was designed to house all branches of the Mississippi state government. Currently, only the Legislature and the executive branches are contained in the capitol. The judicial branch is housed in the Gartin Justice Building across High Street.

The capitol is 402 feet long and 180 feet to the top of the dome. The dome interior contains 750 lights which illuminate the blind-folded lady representing "Blind Justice" and four scenes: two Indians, a Spanish explorer and a Confederate general. The eagle which sits atop the dome is made of solid copper coated with gold leaf. The eagle is 8 feet high and 15 feet wide.

On the first floor, the Hall of Governors is located. Portraits of Mississippi's governors since the creation of the Mississippi Territory in 1798 are on display. The State Library and the Supreme Court chambers, now both committee meeting rooms, are located on the second floor. The Legislature is housed on the third floor, along with the Governor, Lieutenant Governor and Speaker of the House's offices. The public viewing for both chambers is located on the fourth floor.

The grounds of the capitol building contains one of the 53 replicas of the original Liberty Bell and a statue erected in memory of the ladies, mothers, sisters, wives and daughters of the Confederate soldiers. Among the trees on the grounds are the state tree, the magnolia, along with two Japanaese magnolias. The battleship figurehead is from the second USS Mississippi. The ship was sold to Greece in 1914 but the figurehead was presented to Mississippi by the United States Navy in December 1909.

The Mississippi State Capitol is designated a Mississippi landmark building and is listed in the National Register of Historic Places.

Sarah,

We are looking at flights and the schedule now and will be in touch soon. We may be able to fly into Austin the evening before and do something that morning of 10/19. We have an evening event in Dallas. I believe Austin would be most convenient for you, correct?

We can be in touch soon but please let us know if you have any questions in the meantime and if you don't mind holding that morning, that would be great. Thank you!

Hello Sarah,

We have just learned that Administrator Pruitt is needed to travel with the President on Tuesday to Puerto Rico. I apologize for having to cancel, but was hoping we could reschedule for your next trip to DC or perhaps during one of our upcoming trips to Texas. I would offer a different day next week, but as I mentioned below, he will be flying out early Wednesday morning for the remainder of the week.

Do you have another trip to DC planned? We will be in Dallas on Oct 19. Let us know if maybe we could arrange a meeting that day.

Thank you and we appreciate your understanding.

Hayley

Hi Hayley,

Thank you so much. This time and location will work out great. Please confirm us for 4:45 pm ET on Tuesday, 10/2, at EPA Headquarters to meet with Administrator Pruitt. Attending with AG Paxton will be the following staff members:

Michael Toth, Special Counsel

Marc Rylander, Communications Director

JB Skees, Executive Assistant/Travel Assistant

Please let me know if you need further information. Thank you again for your assistance!

To: Pruitt, Scott <Pruitt.Scott@epa.gov>
Subject: Texas Attorney General Paxton requests meeting

Good afternoon,

I am writing on behalf of Texas Attorney General Ken Paxton. AG Paxton respectfully requests a meeting with EPA Administrator Pruitt while he is in Washington DC, October 3 – 6. The topic of the meeting would be federal regulatory reform, an issue that impacts numerous cases that Texas is currently litigating. In May, AG Paxton led a 16-state coalition in calling on the Trump Administration to take action in accordance with two principles – restoring the role of Congress and ensuring impartial adjudications. AG Paxton would like to share his perspective on the proper scope of federal administration agencies as well as some ideas for practical reforms.

As mentioned above, AG Paxton will be in Washington DC the first week in October and is available for a meeting on the following dates and times:

Wednesday, 10/4, 10:00 – 11:00 am

Thursday, 10/5, 10:00 – 11:00 am, and 2:00 – 3:00 pm

Friday, 10/6, 10:00 – 11:00 am

Please let me know if any of these fits in the Administrator's schedule. If not, please feel

free to propose a date/time that works best.

Kind regards,

Sarah Burgess

Hi Becky,

It was nice talking with you by phone earlier this evening! I just tried you at your house number you gave me, but got the answering machine. I understand it's late so we can talk tomorrow, but I did want to get you this information as soon as possible.

As we discussed, we had some out-of-town travel surface that needs to happen around the time of this event. It is now looking like we will be out of town that week of Dec 11. As I know your folks will be booking flights very soon, we are hoping that we could move the date of this event. I sincerely apologize for the inconvenience that this causes but I'm hopeful that we can still make this a great event with strong involvement.

In offering other dates that would work for us, we could do Dec 4 mid-afternoon, Dec 5, Dec 6, or Dec 7 afternoon. Would any of those dates work for you?

Please let me know. We really appreciate you working with us on this and can't wait to address the group. Thank you for understanding!

Hello Becky,

I work on Administrator Pruitt's scheduling team and Liz sent me your below email. Thank you for the invitation. We have a scheduling meeting on Thursday and I will be in touch following that meeting. Please let me know if you have any questions in the meantime.

Thank you!

Liz…would be very pleased to host a half-day meeting and discussion for Administrator Pruitt with 25-30 key leaders from around the country at Heritage before the end of the year. If you can arrange some dates that might be possible, I will proceed with locking down meeting details and sending invitations. Becky

Hi Jennifer,

We look forward to this event tomorrow! To confirm, he will arrive at 7:30AM and stay until approximately 8AM. He will have a few staff that will be meeting him there - Liz Bowman, Lincoln Ferguson, and Ryan Jackson. Wanted you to be expecting them as well.

Let me know if you need anything further!

Jennifer,

Administrator Pruitt looks forward to this event next week! We have on the calendar but would like to get a little more information from you. Copied here is Aaron Dickerson who can send you our speaking request form. Since it's a small group, some of the information may not be applicable so no need to complete everything. But as much as you can provide would be helpful. Let us know if you need anything from us!

Aaron-Can you send the speaking request form before you leave today?

Thank you all!

Hayley Ford

[16_143_BMSI_emailsig_white_8_20]<https://www.broadmoor.com/>

Good Afternoon,

Good morning. I am one of the advance agents on the U.S. Environmental Protection Agency (EPA) Administrator's Protective Service Detail. Administrator Pruitt is a Cabinet-level official and a federally protected person. He will be arriving at the Broadmoor on Wednesday, October 4, 2017<x-apple-data-detectors://6>, and staying for one night, along with his security detail. We respectfully request your assistance with the following:

I understand the difficulty in doing so based on occupancy, but I would like to keep our group in close proximity if at all possible for security purposes. Per our security protocols, we would like to have two armed agents positioned on both sides of the principal, with the other staff members in close proximity. I believe Gail Davis from our agency might have already requested the rooms be blocked in this fashion.

The individuals we would like to arrangement for are as follows:
U.S. EPA Administrator E. Scott Pruitt
Special Agent in Charge Pasquale Perrotta (armed federal agent)
Special Agent William Stull (armed federal agent)
Millan Hupp (Staff Advance, replacing Lincoln Ferguson's spot)
Amy Graham (Staff Advance, possibly replacing Brian Boats spot)

Reservations have already been made for our lodging at the Broadmoor. I will be arriving on Tuesday, October 3, 2017<x-apple-data-detectors://9>, and would like to hold their rooms if at all possible on my credit card so that I can be issued their room keys, unless that is not necessary. After they settle in, the accounts would be converted to each individual's government credit card. We do not want to stop at the desk upon his arrival at the hotel, hence the requests for the keys in advance. We request four individual keys to the Administrator's room in the event we need to enter for security or medical emergency purposes.

If you could please share this information with your Director of Security, as we would like

to advise him of our presence in your hotel and to briefly meet with him or his representative to go over emergency contingency plans the hotel has in place for emergency evacuation due to fire, natural disaster, earthquake, medical issues, and the like. I will be available to meet Tuesday, October 3, 2017<x-apple-data-detectors://10> to conduct a walk-through of the property.

Thank you in advance for your cooperation and assistance with the visit.

V/r,

Subject: RE: [External] Join us for the 2017 TXOGA Lone Star Energy Forum

Hi Millan,

We have adjusted our program slightly to fit in the Administrator at 6pm on Thursday, October 19th at The Woodlands Resort and Conference Center. We have a reception starting at 5:30pm in the Grand Ballroom Foyer and our Distinguished Service Awards dinner (honoring Concho CEO Tim Leach) at 6:30pm in the Grand Ballroom. Regarding format, our preference is 15-20 minutes of remarks with 5-10 min of Q&A. Given the 6pm timing, his remarks would be via podium mic or handheld mic in the Foyer to the reception attendees. Depending on where his 8:40pm flight is departing, would it be possible to push the Administrator's remarks to 6:30pm so we can have everyone in the Grand Ballroom and seated and we'll have him out the door by 7pm? We'll certainly make 6pm work but I wanted to see if there is any flexibility so we can have everyone in a more private setting.

Thank you,

Maddy and Millan,

I understand there's still a possibility the Administrator may be able to join us at our event on Friday, October 20th. Is this accurate?

As you likely know, Texas has worked very closely with the EPA during the ongoing storm and aftermath. The help of the EPA has been instrumental to many of our member companies and their operations. The timing of our event and the attendance of the Administrator would be a perfect time to express our appreciation.

As a reminder, we do still have some availability on our agenda during our dinner the evening of Thursday, October 19th but Friday, October 20th would be ideal.

Thank you,

Subject: FW: [External] Join us for the 2017 TXOGA Lone Star Energy Forum

Thank you, Jayme and Maddy.

I am forwarding the form to Neal Carlton, TXOGA's Director of Membership, and have cc'd Mari Ruckel, our VP for Government Affairs, and Kristen Fuchs. Neal will ensure the form is completed and returned today. We previously sent a letter with all the details and I suggest Neal attach with this document of yours.

TXOGA is the state's oldest and largest trade association representing every facet of oil and gas including upstream, midstream and downstream. All sectors would benefit greatly from Administrator Pruitt being able to attend and are hopeful it aligns with his schedule. Our nation's largest operators will be in attendance along with smaller regional and Texas companies. It is really a good mix and is an important

gathering worthy of the Administrator's time.

We are needing to finalize our agenda for printing purposes. Do you think it possible we could get a decision this week?

This is the largest of our annual events and really the best one to attend. Should the Administrator need a different venue, we can certainly arrange one to fit his schedule and build attendance associated with it but this one is the most prominent.

Thanks for your consideration.

Subject: RE: October/December dates for an event

How about for now, we set aside 45 mins to 1 hour and when we're a little closer, we can determine a start time? As things come up, I might reach out and confirm a time based on other requests for that day. If you want to have guests save the date now, when you get to a point where you need to advertise an exact start time, let me know and we can decide.

Thanks!

Now I really am cc'ing Paige, who I omitted last time.

We're aiming for about 30. It won't technically be a "roundtable," because our table isn't big enough, but it will be a close setting with a select audience, conducive to discussion.

My guess is that any time of day will be good for this particular format; our invited audience will want to be there.

That works great for us. Many thanks. Do you want to pick a particular time of day — morning, midday, end of the day — or should we hold the whole day for now.

I'm cc'ing Paige Mathes, who runs Hoover's operations.

Thanks again—

All the best,

Adam

Subject: October/December dates for an event

Tate,

I checked with my office, and it looks like the week of October 30 is kind of a mess for Hoover. A lot of the staff and fellows (including me) will be at Hoover's HQ in California for much of the week, and later we have events with HR McMaster and others.

Could we propose some December dates? I know that Dec. 4, 13, 14 or 15 work so far.

Best,

Adam

The others are credentialed for tomorrow and I was instructed to let them attend tonight if they specifically asked, which they did. We have 3 confirmed and 2 potentials, if everyone shows it's one more than was originally planned. I am betting Harry will not make it out tonight and am 50/50 on Nate.

Subject: Re: Format for Administrator - TXOGA

Neal and Kate-

Lincoln and I just updated the Administrator on the 4 media reps that are now attending as well as the plane/ billboard situation. Given these circumstances, he'd like to respectfully request that the entire format now be Q&A with two chairs on stage (and no need for a podium). I know this is different than a typical ("talk at you") speech, but we all agree it might be more informative for everyone in the audience. Can either of you run the traps and confirm this format prior to our arrival?

Here are a few additional questions for Todd to consider and thanks for your understanding! See below:

What is your relationship with the President and what has it been like to work with him?

Earlier this week, you issued a directive to get rid of the abusive sue and settle process at the EPA in which special interests develop policy with agencies behind closed doors. Could you explain what your directive on the issue does?

The left strictly defines "environmentalism" and designate "environmentalists" as an exclusive, limited type of crowd. What is your response to this? What do you consider true environmentalism?

Regarding the “Waters of the United States” (WOTUS) rule you are working to properly define as what “navigable waters” should be under the Clean Water Act.....What are your goals as you conduct a re-evaluation?

Are you working to include a streamlined permitting process at EPA as a part of the President's infrastructure package? Should it be included?

What has it been like to run such a newsworthy agency? More difficult than you imagined?

On Oct 17, 2017, at 6:38 PM, Neal Carlton <ncarlton@txoga.org> wrote:

Jahan, my cell is in my email signature if you need to reach me anytime.

I think the last part of the Upstream question was accidentally left off. Below are the 3 complete questions our team put together. Do you

have other questions that would be good?

Downstream

Industry has not built a refinery with significant downstream unit capacity in the US since 1977. Do you view EPA regulations as a contributing factor?

Midstream

One of the barriers of oil and gas development is the lack of infrastructure, can you comment on the barriers to new pipeline development at the federal level? Is there a better way to streamline the process?

Upstream

The Railroad Commission has been regulating the oil and natural gas industry for decades. From a federal regulatory perspective, can you comment on the regulation of the oil and natural gas industry at the federal level versus the state level?

Now I really am cc'ing Paige, who I omitted last time.

We're aiming for about 30. It won't technically be a "roundtable," because our table isn't big enough, but it will be a close setting with a select audience, conducive to discussion.

My guess is that any time of day will be good for this particular format; our invited audience will want to be there.

Subject: Thank you!

HI Millan,

I hope you had safe travels back to D.C.! I just wanted to thank you for helping coordinate everything for your team to come out here on Friday. We absolutely loved having the Administrator speak at our luncheon and participate in a roundtable, our members were so happy, as well as our CEO. You were so accommodating and helpful throughout the whole process, we can't thank you enough for that.

Amy told me that her last day was on Friday - so sad but we feel honored that she spent it with us! That being said, who would be the best person to ask media/social questions? We are wanting to post a couple of thing on social media and just want to make sure that everyone from your team is okay with it!

Hopefully our cross will pass again! Until then, please let me know if you ever need anything from the AZ Chamber and we will gladly help.

Best,

Morgan Carr

John,

Good evening to you. Hope you are well and looking forward to a wonderful Thanksgiving holiday. I'd like to determine a good date for the follow up call that we discussed when we spoke a few weeks ago. On this call, I will anticipate including a member of our communications/press team as well as our head of Public Engagement and then likely the appropriate member of our policy team.

May we look at Monday morning, November 28th or Wednesday, November 30th ? Might one of those days work for you and your team?

We look forward to talking with you.

Warm regards,

Sent: Thursday, September 28, 2017 1:26 PM
To: Jackson, Ryan <jackson.ryan@epa.gov>
Subject: Nov. 10 VIP Event - Commissioning Newest Chemical Facility (Chevron Phillips)

Hey Ryan!

Hope you are doing well! We're interested in inviting Administrator Pruitt to attend a VIP event we're holding on Nov. 10 at our Sweeny/Old Ocean, TX facility. The celebration is to mark our full downstream plastics operation and brand new unit as up and running. This is an excellent event to message TSCA implementation, the industry voluntarily taking initiative to lower emissions (the new unit as the most up to date technology with all the bells and whistles), energy jobs, the growing energy sector, the importance of worker safety (as Chevron Phillips boasts an impressive worker safety record), and of course – resilience of the industry to bounce back from Hurricane Harvey.

The event will begin at 10 am CT and a VIP tour of the new facility will be offered to a select group at 9:00 am CT. We'd love for Administrator Pruitt to give remarks for five to seven minutes (length of time is subject to change – may be longer) as 300 Chevron Phillips employees will be filling the audience. We'll serve light food/beverages for attendees. The entire event will be done by 11:00 CT. There will be a short time between the conclusion of the tour at 9:45 am CT and the beginning of the event for meet and greet time with senior executives of Chevron Phillips Chemical, Chevron Corporation, and Phillips 66.

We'll have a step and repeat in a holding area for photos and any media interviews Pruitt would like to do. Of course, the opportunity for a gaggle is available before and after the event.

Other VIPs we are inviting are: Secretary Rick Perry (DoE), Secretary Alexander Acosta (DoL), Sen. John Cornyn, Sen. Ted Cruz, Chairman Kevin Brady, Rep. Brian Babin, Rep. Randy Weber, and Gov. Greg Abbott.

Do you think Pruitt would be able to attend?

Thanks, and let me know if you need anything else from me! We'll have a more formal invitation to follow.

Best,

Kristina

Laura and Michele,

Thank you for the below request. I am handling the Administrator's scheduling and would be happy to bring your request to our scheduling team. Could you please complete the attached speaking request form with as much information as you can provide? We will be able to let you know shortly if we're able to confirm.

Thank you and we appreciate the invitation!

Tate,

Thanks for the outreach yesterday. Attached is the invitation for Mr. Pruitt. Again, we would be extremely grateful for an appearance. We can be flexible on time between 5-7pm. Also our comms department can work with yours and coordinate a message. The EPA reforms are a big priority for us and Mr Pruitt is viewed as welcomed agent of change. Please let us know.

Thank you so much!

Laura.

The others are credentialed for tomorrow and I was instructed to let them attend tonight if they specifically asked, which they did. We have 3 confirmed and 2 potentials, if everyone shows it's one more than was originally planned. I am betting Harry will not make it out tonight and am 50/50 on Nate.

Subject: Re: Format for Administrator - TXOGA

Neal and Kate-

Lincoln and I just updated the Administrator on the 4 media reps that are now attending as well as the plane/ billboard situation. Given these circumstances, he'd like to respectfully request that the entire format now be Q&A with two chairs on stage (and no need for a podium). I know this is different than a typical ("talk at you") speech, but we all agree it might be more informative for everyone in the audience. Can either of you run the traps and confirm this format prior to our arrival?

Here are a few additional questions for Todd to consider and thanks for your understanding! See below:

What is your relationship with the President and what has it been like to work with him?

Earlier this week, you issued a directive to get rid of the abusive sue and settle process at the EPA in which special interests develop

policy with agencies behind closed doors. Could you explain what your directive on the issue does?

The left strictly defines "environmentalism" and designate "environmentalists" as an exclusive, limited type of crowd. What is your response to this? What do you consider true environmentalism?

Regarding the “Waters of the United States” (WOTUS) rule you are working to properly define as what “navigable waters” should be under the Clean Water Act.....What are your goals as you conduct a re-evaluation?

Are you working to include a streamlined permitting process at EPA as a part of the President's infrastructure package? Should it be included?

What has it been like to run such a newsworthy agency? More difficult than you imagined?

On Oct 17, 2017, at 6:38 PM, Neal Carlton <ncarlton@txoga.org> wrote:

Jahan, my cell is in my email signature if you need to reach me anytime.

I think the last part of the Upstream question was accidentally left off. Below are the 3 complete questions our team put together. Do you have other questions that would be good?

Downstream

Industry has not built a refinery with significant downstream unit capacity in the US since 1977. Do you view EPA regulations as a contributing factor?

Midstream

One of the barriers of oil and gas development is the lack of infrastructure, can you comment on the barriers to new pipeline development at the federal level? Is there a better way to streamline the process?

Upstream

The Railroad Commission has been regulating the oil and natural gas industry for decades. From a federal regulatory perspective, can you comment on the regulation of the oil and natural gas industry at the federal level versus the state level?

Subject: October/December dates for an event

Tate,

I checked with my office, and it looks like the week of October 30 is kind of a mess for Hoover. A lot of the staff and fellows (including me) will be at Hoover's HQ in California for much of the week, and later we have events with HR McMaster and others.

Could we propose some December dates? I know that Dec. 4, 13, 14 or 15 work so far.

Best,

Adam

Sent: Thursday, September 28, 2017 1:26 PM
To: Jackson, Ryan <jackson.ryan@epa.gov>
Subject: Nov. 10 VIP Event - Commissioning Newest Chemical Facility (Chevron Phillips)

Hey Ryan!

Hope you are doing well! We're interested in inviting Administrator Pruitt to attend a VIP event we're holding on Nov. 10 at our Sweeny/Old Ocean, TX facility. The celebration is to mark our full downstream plastics operation and brand new unit as up and running. This is an excellent event to message TSCA implementation, the industry voluntarily taking initiative to lower emissions (the new unit as the most up to date technology with all the bells and whistles), energy jobs, the growing energy sector, the importance of worker safety (as Chevron Phillips boasts an impressive worker safety record), and of course – resilience of the industry to bounce back from Hurricane Harvey.

The event will begin at 10 am CT and a VIP tour of the new facility will be offered to a select group at 9:00 am CT. We'd love for Administrator Pruitt to give remarks for five to seven minutes (length of time is subject to change – may be longer) as 300 Chevron Phillips employees will be filling the audience. We'll serve light food/beverages for attendees. The entire event will be done by 11:00 CT. There will be a short time between the conclusion of the tour at 9:45 am CT and the beginning of the event for meet and greet time with senior executives of Chevron Phillips Chemical, Chevron Corporation, and Phillips 66.

We'll have a step and repeat in a holding area for photos and any media interviews Pruitt would like to do. Of course, the opportunity for a gaggle is available before and after the

event.

Other VIPs we are inviting are: Secretary Rick Perry (DoE), Secretary Alexander Acosta (DoL), Sen. John Cornyn, Sen. Ted Cruz, Chairman Kevin Brady, Rep. Brian Babin, Rep. Randy Weber, and Gov. Greg Abbott.

Do you think Pruitt would be able to attend?

Thanks, and let me know if you need anything else from me! We'll have a more formal invitation to follow.

Best,

Kristina

Laura and Michele,

Thank you for the below request. I am handling the Administrator's scheduling and would be happy to bring your request to our scheduling team. Could you please complete the attached speaking request form with as much information as you can provide? We will be able to let you know shortly if we're able to confirm.

Thank you and we appreciate the invitation!

Hayley Ford

Subject: Fwd: pruitt invite

Tate,

Thanks for the outreach yesterday. Attached is the invitation for Mr. Pruitt. Again, we would be extremely grateful for an appearance. We can be flexible on time between 5-7pm. Also our comms department can work with yours and coordinate a message. The EPA reforms are a big priority for us and Mr Pruitt is viewed as welcomed agent of change. Please let us know.

Thank you so much!

Laura.

Subject: Re: Format for Administrator - TXOGA

Neal and Kate-

Lincoln and I just updated the Administrator on the 4 media reps that are now attending as well as the plane/ billboard situation. Given these circumstances, he'd like to respectfully request that the entire format now be Q&A with two chairs on stage (and no need for a podium). I know this is different than a typical ("talk at you") speech, but we all agree it might be more informative for everyone in the audience. Can either of you run the traps and confirm this format prior to our arrival?

Here are a few additional questions for Todd to consider and thanks for your understanding! See below:

What is your relationship with the President and what has it been like to work with him?

Earlier this week, you issued a directive to get rid of the abusive sue and settle process at the EPA in which special interests develop policy with agencies behind closed doors. Could you explain what your directive on the issue does?

The left strictly defines "environmentalism" and designate "environmentalists" as an exclusive, limited type of crowd. What is your response to this? What do you consider true environmentalism?

Regarding the "Waters of the United States" (WOTUS) rule you are working to properly define as what "navigable waters" should be under the Clean Water Act.....What are your goals as you conduct a re-evaluation?

Are you working to include a streamlined permitting process at EPA as a part of the President's infrastructure package? Should it be included?

What has it been like to run such a newsworthy agency? More difficult than you imagined?

On Oct 17, 2017, at 6:38 PM, Neal Carlton <ncarlton@txoga.org> wrote:

Jahan, my cell is in my email signature if you need to reach me anytime.

I think the last part of the Upstream question was accidentally left off. Below are the 3 complete questions our team put together. Do you have other questions that would be good?

Downstream

Industry has not built a refinery with significant downstream unit capacity in the US since 1977. Do you view EPA regulations as a contributing factor?

Midstream

One of the barriers of oil and gas development is the lack of infrastructure, can you comment on the barriers to new pipeline development at the federal level? Is there a better way to streamline the process?

Upstream

The Railroad Commission has been regulating the oil and natural gas

industry for decades. From a federal regulatory perspective, can you comment on the regulation of the oil and natural gas industry at the federal level versus the state level?

Subject: October/December dates for an event

Tate,

I checked with my office, and it looks like the week of October 30 is kind of a mess for Hoover. A lot of the staff and fellows (including me) will be at Hoover's HQ in California for much of the week, and later we have events with HR McMaster and others.

Could we propose some December dates? I know that Dec. 4, 13, 14 or 15 work so far.

Best,

Adam

Subject: Administrator Pruitt Schedule Request

Dear Mr. Dickerson:

Michelle Hale asked me to shoot you an email regarding setting up a meeting with Administrator Pruitt to discuss two matters.

I worked for the Administrator as a legal intern in the executive office and Assistant Attorney General while he was Oklahoma's Attorney General. While I was at the AG's Office, Administrator Pruitt and I discussed my political plans and he asked that I keep him updated. There have been some recent developments that I would like to share with him and discuss. The second item that I would like to discuss is the "Greenhouse Gas Emissions and Fuel Efficiency Standards for Medium-and Heavy-Duty Engines and Vehicles" and its impact on businesses in Oklahoma.

Would you be able to provide guidance as to whom I should forward my request? I know Michelle and Sydney have returned to Oklahoma.

Thank you for your assistance. I look forward to hearing from you soon.

Sincerely,

Erick Harris

John,

Good evening to you. Hope you are well and looking forward to a wonderful Thanksgiving holiday. I'd like to determine a good date for the follow up call that we discussed when we spoke a few weeks ago. On this call, I will anticipate including a member of our communications/press team as well as our head of Public Engagement and then likely the appropriate member of our policy team.

May we look at Monday morning, November 28th or Wednesday, November 30th ? Might one of those days work for you and your team?

We look forward to talking with you.

Warm regards,

Millan Hupp

WGA 2017 Winter Meeting Draft Agenda.docx
EPA Administrator Pruitt Speaker Request Form from WGA.docx

Hayley: Greetings from the Western Governors' Association. I manage communications for WGA and handle agenda development for our meetings.

Thank you for considering our request to have Administrator Pruitt deliver a keynote at the 2017 WGA Winter Meeting, Dec. 1-2 at the Arizona Biltmore. As noted in the attached Speaker Request form, we would welcome the Administrator's participation on either day. The attached agenda shows the public meeting schedule and also notes when the Governors are available for private sidebar meetings with the Administrator, should he seek one-on-ones.

The nonpartisan, collegial spirit of WGA meetings has consistently provided an opportunity for collaborative and productive discussions between Cabinet members and Governors on Western policy issues. It would be our honor to continue that tradition with Administrator Pruitt.

Please let me know what other information you need or questions that you have.

ADMINISTRATOR SCOTT PRUITT EVENT REQUEST FORM
U.S. Environmental Protection Agency

Deadline for Acceptance:	We don't have a firm deadline for acceptance, but knowing about attendance no later than Nov. 17 would give WGA and EPA two weeks to prepare for Administrator Pruitt's appearance. Earlier is always better, though, when it comes to acceptance.
Requesting Individual / Affiliation:	James Ogsbury, Executive Director, Western Governors' Association
Event Title:	2017 Winter Meeting of the Western Governors' Association
Event Date:	December 1-2, 2017 (Governors will be arriving Nov. 30, but the public meeting sessions are on Dec. 1-2)
Is the Above Date Flexible:	We would welcome Administrator Pruitt on Dec. 1 or 2.
Event Time & Duration:	We have an afternoon session on Friday, Dec. 1, during which the Administrator could speak, perhaps at 3:30 p.m. On Saturday, Dec. 2, the session runs from 9:30am to noon. The Administrator could kick off the day or speak later in the morning. We are open to suggestions from EPA for speaking times within the schedule of our public sessions. Typically, we set aside 30 minutes for a session such as this. The Administrator might speak for 15-20 minutes and then have a short conversation with the attending Governors.
Type of Event:	Meeting
Purpose of the Event:	The 2017 WGA Winter Meeting will bring together as many as a dozen Western Governors to have public discussions of the most critical policy issues facing the region. In addition, special guests such as the Administrator will address regional issues from the federal perspective and have public conversations with the Governors. Upwards of 300 attendees are expected and media is invited to cover the event.
Role of the Administrator:	WGA invites the Administrator to deliver a keynote of 15-20 minutes and then have a short conversation with the attending Governors.
Requested Presentation Topic, if Speaking Involved:	This would be up to the Administrator, but WGA encourages a topic that addresses the EPA's work in the West.
Requested Presentation Format:	Keynote
Speech/Presentation Duration:	The session would be 30 minutes total: 15-20 minutes for a keynote, then a short conversation with the attending Governors.

17cv01906 Sierra Club v. EPA ED_001523B_00002019-00001

ADMINISTRATOR SCOTT PRUITT EVENT REQUEST FORM

U.S. Environmental Protection Agency

Would You Consider a Surrogate:	No
Event Location:	Arizona Biltmore, 2400 E Missouri Ave, Phoenix, AZ 85016
Event Audience:	Upwards of 300 attendees are expected, mostly WGA Sponsors from industries such as natural resources, banking, healthcare and tourism, to mention just some categories.
Event Host(s)/Organizer(s):	Western Governors' Association
Host(s)' Relationship to EPA:	The Western Governors' Association helps Western Governors communicate and collaborate with EPA on a variety of policy issues.
Run of Show/ Agenda:	Agenda attached separately
Is there a Hold Room Available for the Administrator?	That can be easily arranged.
Open Press/Closed Press?	Public sessions of the meeting are open to media.
Dress Code:	Business Casual, Western
Teleprompter Available:	We have not used a teleprompter in the past, but would be open to considering one if there is a need.
Microphone / Room Setup:	The Administrator would speak at a podium with a microphone on stage with the Governors, who would be seated nearby. The precise room setup has not been determined, but the Administrator will speak in a ballroom at the Biltmore on a proscenium-type stage. The audience will most likely be seated at "rounds" in front of him.
Honorable Guests Attending:	As noted, there will be as many as a dozen Western Governors in attendance. WGA has invited a variety of other federal and state officials, but at this date do not have confirmed guest attendees. Past guests have included the Secretaries of Interior and Energy, as well as Canadian Premiers.
Notable Federal, State or Local Appointed or Elected officials attending:	See above
Individual Introducing Administrator:	In all likelihood, the Administrator would be introduced by South Dakota Gov. Dennis Daugaard, who is the Chair of WGA.
Person to contact for media purposes:	Joe Rassenfoss, WGA Communications Director, 303-803-8008 or joe@westgov.org
Is this event held Weekly, Monthly, Annually?	Annually
Day of Event Point of Contact:	Joe Rassenfoss, WGA Communications Director, 303-803-8008 or joe@westgov.org

Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F

17cv01906 Sierra Club v. EPA ED_001523B_00002019-00002

Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F

Is the host of the event a registered 501(c)(3), (4), or has a 527 Political Action Committee (PAC):	U.S. Enviro WGA acts as an instrumentality of the 19 western states that we serve. We are a non-profit organization under Section 170c of the Tax Code.
Will there be a "gift" presented to the Administrator? If so, what is the US currency value of the gift?	No gift is planned at this time. If one will be presented, WGA will reach out in advance and share its currency value.
Will a meal be provided, if so what is the US currency value?	No meal is planned at this time, althought the Administrator is invited to join a private lunch with Governors at noon on Friday, Dec. 1. We can provide a currency value if he so chooses.

Please return this form completed to scheduling@epa.gov and Aaron Dickerson at dickerson.aaron@epa.gov

17cv01906 Sierra Club v. EPA ED_001523B_00002019-00003

WGA Winter Meeting
November 30 – December 2, 2017
Arizona Biltmore
Phoenix, AZ

Draft Agenda
(not for public distribution)
**subject to change*

Dress for meeting is business casual.

Thursday, November 30, 2017	
12:00 – 4:00 p.m.	**Staff Advisory Council Meeting** *Lunch provided. Note: see separate agenda*
2:00 – 6:00 p.m.	**Early Registration Open**
6:00 – 7:00 p.m.	**Governors' Reception with WGA Chairman and Platinum Sponsors and Staff Advisory Council** *Governors, Spouses, Chairman/Platinum Sponsors and Staff*
7:00 – 9:00 p.m.	**Governors' Private Dinner with Spouses** **No Staff*
Friday, December 1, 2017	
8:00 a.m. – 5:30 p.m.	**Registration Open**
8:00 – 9:30 a.m.	**Chairman Sponsor Breakfast with WGA Chair/Vice Chair** *Note: one staff per Governor*
8:00 a.m. – Noon	**Open Time for Governors to Schedule Private Meetings** *Please email Sarah Olsen at solsen@westgov.org to arrange for a sidebar meeting room.*
12:00 – 1:30 p.m.	**Private Governors' Lunch** *Note: one staff per Governor*
1:30 – 1:45 p.m.	**Governors' Group Photo**
1:45 – 2:15 p.m.	**All Governors' Press Conference**
2:30 – 2:45 p.m.	**Welcome and Opening Remarks** Jim Ogsbury, WGA Executive Director

DRAFT

	Governor Dennis Daugaard, WGA Chair
2:45 – 3:30 p.m.	**Roundtable I: The Changing Face of the West** Invited experts will look at the data (Census, healthcare, labor, etc.) to illustrate how the people, jobs and cities of the West have changed in the past 25 years -- and where we might be going next.
3:30 – 4:00 p.m.	**Keynote: Administration Official or Arizona Invitee** *To be determined*
4:00 – 4:45 p.m.	**Roundtable II: Energy Panel** We will work to buildout a panel on energy issues other than those we have highlighted in the past, in all likelihood based on the energy resolution being developed.
5:15 – 5:45 p.m.	**"Meet & Greet" with Governors & John Ratzenberger** *Governors, Spouses have a meet and greet with the evening keynoter, actor John Ratzenberger*
5:45 – 6:45 p.m.	**Private Reception with Governors, VIPs & WGA Sponsors** *Governors, Spouses, VIP's and all WGA Sponsors*
7:00 – 9:00 p.m.	**Dinner Keynote with John Ratzenberger** *Governors, Spouses, and all attendees* The *Cheers* star and outspoken advocate for American manufacturing and skilled labor, will address why exposing young students to the full array of career options is the best path for American to avoid what he calls "The Industrial Tsunami Heading Our Way."

DRAFT

Saturday, December 2, 2017

7:30 – 11:00 a.m.	**Registration Open**
8:00 – 9:15 a.m.	**Breakfast -** *all attendees*
9:30 – 10:30 a.m.	**Roundtable III: Here Come the Robots** Whether they are taking over jobs in factories or mines – and don't forget drones and Autonomous Vehicles – some say that robots threaten jobs and, in turn, tax bases. Others assert that robots will create other, better-paying jobs. Bill Gates suggests "taxing" the robots." Our panel of experts tries to separate fact

	from fiction to help us more clearly what will come next.
10:30 – 10:45 a.m.	**Keynote: Administration Official or Arizona Invitee** *To be determined*
10:45 – 11:15 a.m.	**Governors' 2017 Policy Resolutions** Vice Chair Gov. David Ige will announce the latest resolutions adopted by the Western Governors. In addition, WGA will share updates on other ongoing Initiatives, including the inaugural WGA Spring Summit.
11:15 a.m. – 12:00 p.m.	**Roundtable IV: The Long View of the State-Federal Relationship** Colorado historian Patty Limerick will lead a panel of historians examining the genesis of the state-federal relationship and how it has evolved over the years.
12:00 p.m.	**Closing Remarks – Gov. Dennis Daugaard**

Subject: Re: Format for Administrator - TXOGA

Neal and Kate-

Lincoln and I just updated the Administrator on the 4 media reps that are now attending as well as the plane/ billboard situation. Given these circumstances, he'd like to respectfully request that the entire format now be Q&A with two chairs on stage (and no need for a podium). I know this is different than a typical ("talk at you") speech, but we all agree it might be more informative for everyone in the audience. Can either of you run the traps and confirm this format prior to our arrival?

Here are a few additional questions for Todd to consider and thanks for your understanding! See below:

What is your relationship with the President and what has it been like to work with him?

Earlier this week, you issued a directive to get rid of the abusive sue and settle process at the EPA in which special interests develop policy with agencies behind closed doors. Could you explain what your directive on the issue does?

The left strictly defines "environmentalism" and designate "environmentalists" as an exclusive, limited type of crowd. What is your response to this? What do you consider true environmentalism?

Regarding the "Waters of the United States" (WOTUS) rule you are working to properly define as what "navigable waters" should be under the Clean Water Act.....What are your goals as you conduct a re-evaluation?

Are you working to include a streamlined permitting process at EPA as a part of the President's infrastructure package? Should it be included?

What has it been like to run such a newsworthy agency? More difficult than you imagined?

On Oct 17, 2017, at 6:38 PM, Neal Carlton <ncarlton@txoga.org> wrote:

Jahan, my cell is in my email signature if you need to reach me anytime.

I think the last part of the Upstream question was accidentally left off. Below are the 3 complete questions our team put together. Do you have other questions that would be good?

Downstream

Industry has not built a refinery with significant downstream unit capacity in the US since 1977. Do you view EPA regulations as a contributing factor?

Midstream

One of the barriers of oil and gas development is the lack of infrastructure, can you comment on the barriers to new pipeline development at the federal level? Is there a better way to streamline the process?

Upstream

The Railroad Commission has been regulating the oil and natural gas industry for decades. From a federal regulatory perspective, can you comment on the regulation of the oil and natural gas industry at the federal level versus the state level?

Subject: Format for Administrator - TXOGA

Neal,

Thank you for the time this afternoon. If it works for your folks, the format that allows the Administrator to offer remarks then for Mr. Staples or Mr. Tillman to moderate the Q&A would be great for us as well.

Jahan – pretty please confirm the below questions to be asked of the Administrator.

Downstream

Industry has not built a refinery with significant downstream unit capacity in the US since 1977. Do you view EPA regulations as a contributing factor?

Midstream

One of the barriers of oil and gas development is the lack of infrastructure, can you comment on the barriers to new pipeline development at the federal level? Is there a better way to streamline the process?

Upstream

The Texas Railroad Commission has been regulating the oil and natural gas industry for decades. From a federal regulatory perspective, can you comment

Neal,

Thank you for circling back here. I will be the POC that day and would be glad to set aside some time this week to go over logistics. May we do Tuesday? We are traveling tomorrow and

will not be back until late.

Look forward to discussing.

Millan

Hi Millan,

We have adjusted our program slightly to fit in the Administrator at 6pm on Thursday, October 19th at The Woodlands Resort and Conference Center. We have a reception starting at 5:30pm in the Grand Ballroom Foyer and our Distinguished

Service Awards dinner (honoring Concho CEO Tim Leach) at 6:30pm in the Grand Ballroom. Regarding format, our preference is 15-20 minutes of remarks with 5-10 min of Q&A. Given the 6pm timing, his remarks would be via podium mic or handheld mic in the Foyer to the reception attendees. Depending on where his 8:40pm flight is departing, would it be possible to push the Administrator's remarks to 6:30pm so we can have everyone in the Grand Ballroom and seated and we'll have him out the door by 7pm? We'll certainly make 6pm work but I wanted to see if there is any flexibility so we can have everyone in a more private setting.

Thank you,

Maddy and Millan,

I understand there's still a possibility the Administrator may be able to join us at our event on Friday, October 20th. Is this accurate?

As you likely know, Texas has worked very closely with the EPA during the ongoing storm and aftermath. The help of the EPA has been instrumental to many of our member companies and their operations. The timing of our event and the attendance of the Administrator would be a perfect time to express our appreciation.

As a reminder, we do still have some availability on our agenda during our dinner the evening of Thursday, October 19th but Friday, October 20th would be ideal.

Thank you,

Subject: FW: [External] Join us for the 2017 TXOGA Lone Star Energy Forum

Thank you, Jayme and Maddy.

I am forwarding the form to Neal Carlton, TXOGA's Director of Membership, and have cc'd Mari Ruckel, our VP for Government Affairs, and Kristen Fuchs. Neal will ensure the form is completed and returned today. We previously

sent a letter with all the details and I suggest Neal attach with this document of yours.

TXOGA is the state's oldest and largest trade association representing every facet of oil and gas including upstream, midstream and downstream. All sectors would benefit greatly from Administrator Pruitt being able to attend and are hopeful it aligns with his schedule. Our nation's largest operators will be in attendance along with smaller regional and Texas companies. It is really a good mix and is an important gathering worthy of the Administrator's time.

We are needing to finalize our agenda for printing purposes. Do you think it possible we could get a decision this week?

This is the largest of our annual events and really the best one to attend. Should the Administrator need a different venue, we can certainly arrange one to fit his schedule and build attendance associated with it but this one is the most prominent.

Thanks for your consideration.

Subject: October/December dates for an event

Tate,

I checked with my office, and it looks like the week of October 30 is kind of a mess for Hoover. A lot of the staff and fellows (including me) will be at Hoover's HQ in California for much of the week, and later we have events with HR McMaster and others.

Could we propose some December dates? I know that Dec. 4, 13, 14 or 15 work so far.

Best,

Adam

Hayley,

We are quite excited about the possibility of having the Administrator attend our annual meeting.

I also wanted to clarify that this meeting will only be in Seattle in 2018 and the only real flexibility would be to have it on Tuesday the 24th of April as opposed to Monday the 23rd of April 2018.

Thank you so very much for your direction in accomplishing this.

Should you have any other questions for us, please don't hesitate to contact me.

Hello Bob,

Thank you for your message and invitation to the Administrator. I was hoping that you could complete the attached speaking request form for this event so that we could capture additional information. I also noticed that in your letter you mentioned that if we couldn't accommodate a trip to Seattle, perhaps we could do the address at a different time or location. Does your group do an annual DC fly-in or do you have any other events that would also be possibilities? In the chance that we can't make it to Seattle for this, we would be interested in exploring other opportunities to get the Administrator in front of your group.

Please let me know your thoughts. Thank you and we appreciate you reaching out!

Subject: BP Board of Directors Dinner / National Gallery of Art Event

Hello Mary,

I work on Administrator Pruitt's scheduling team and Samantha Dravis passed along an invitation to the 9/20 BP BoD Dinner/NGA Event. We appreciate you extending the invitation. We are hoping to gather a few more details on this event. Could you share anything more regarding who will be there, the topic/purpose of event, if anyone is speaking and/or if you would like the Administrator to speak, etc? If it's not too much trouble, I've attached our speaker request form that includes details we typically seek for speaking events. Some of these may not be relevant to this invite, but would you mind providing as much as possible so that we are prepared?

Thank you and we look forward to responding back to you very shortly. Again, thank you for including him in this event.

Hi Hayley,
We totally understand.

We would love to visit with the Administrator when he is out in California next. Whenever he can make it out here we will be sure to receive him warmly.

Seth

I am so sorry to do this, but he likely will not return in time for this event, and we will have to cancel. Details are still being finalized so we're not positive on the time that he will return, but I imagine it will be beyond the end time of your reception. As I mentioned below, he is also taking an early flight out of town on Wednesday morning.
>
> I know this was already a rescheduled event, but we are committed to getting him in front of your group and will gladly try to coordinate something in the future. Please let me know if you have any other trips planned to DC and we will try to work a rescheduled trip to California into the schedule.

Hi Haley,

We are having a reception at the Willard Hotel on Tuesday, Oct. 3rd at 7PM. We would love for him to join us.

Let me know if that is a possibility.

On Sat, Sep 9, 2017 at 4:55 AM, Ford, Hayley <ford.hayley@epa.gov> wrote:

Seth,

When will your group be flying in? He is leaving early on the 4th to go out of town and will be out the rest of that week. The dates in your original email stated 4th-6th but you said Tues-Thurs (which conflicts) but we could do something Tuesday if you'll be here with enough time.

Let me know if that could be arranged. Thank you!

Hi, Tate,

Everyone was so disappointed that Administrator Pruitt had to cancel his trip to CA this week. We do wish him a speedy recovery from his knee surgery. I know what that's like.

I wanted to make you aware that approximately 100 members of the four California Lincoln Clubs will be together in Washington DC, October 4, 5,6 for our biennial trip.

During this trip we schedule pretty much nonstop meetings and meal events with many of our most important government officials.

On behalf of the Lincoln Clubs of CA, I would like to extend a formal invitation to Scott to address the group, preferably at a meal time, breakfast, lunch or dinner. But we could easily schedule something anytime of day.

Again, we will be in DC all day Oct 4,5,6. (Tues, Wed, Thurs).

We hope Administrator Pruitt will have the time to visit with us.

Best Regards,

John Warner

President

EPA Administrator Pruitt Speaker Request Form.docx

Hello Maria,

It was nice connecting with you. Attached is the form we discussed to complete for the February Fed Soc event in Florida. Millan and I will review when we receive it and let you know if we have other questions. We also will want to set up a call with the event organizer (not sure if that's you?) to discuss other items related to the event before we officially confirm. One item in particular we'll be looking for information on is how this event will be advertised. We would appreciate the Administrator's name not being included on any materials until we have this conversation.

Thank you and we look forward to hopefully having him keynote this event!

Thanks, Hayley! That would be excellent.

Ryan and I have chatted about it a bit and I know he's juggling a few things to hopefully make it work.

Let me know if you need anything additional from us. I look forward to hearing from you soon!

We think this would be an excellent opportunity for Pruitt to speak to TSCA implementation and showcase how industry is voluntarily lowering emissions without regulatory intervention.

Excellent. Thank you, Millan.

Hayley – do you need anything else from me?

Attached is our attendee invitation for your review as well.

The speaking time for Pruitt has now been requested at 15-20 minutes if that helps as well. I think he has OU Dad's day on the 11th of November if I remember Ryan telling me correctly. We'd be done with our event by 11am CT on the 10th of November if that also helps.

Thanks so much!

Kristina Baum

Kristina,

I am so glad you reached out. Looping in Hayley Ford who is assisting with our scheduling. She will be able to work with you on this event.

Warm regards,

Millan Hupp

Subject: Nov. 10 VIP Event - Commissioning Newest Chemical Facility (Chevron Phillips)

Hey Ryan!

Hope you are doing well! We're interested in inviting Administrator Pruitt to attend a VIP event we're holding on Nov. 10 at our Sweeny/Old Ocean, TX facility. The celebration is to mark our full downstream plastics operation and brand new unit as up and running. This is an excellent event to message TSCA implementation, the industry voluntarily taking initiative to lower emissions (the new unit as the most up to date technology with all the bells and whistles), energy jobs, the growing energy sector, the importance of worker safety (as Chevron Phillips boasts an impressive worker safety record), and of course – resilience of the industry to bounce back from Hurricane Harvey.

The event will begin at 10 am CT and a VIP tour of the new facility will be offered to a select group at 9:00 am CT. We'd love for Administrator Pruitt to give remarks for five to seven minutes (length of time is subject to change – may be longer) as 300 Chevron Phillips employees will be filling the audience. We'll serve light food/beverages for attendees. The entire event will be done by 11:00 CT. There will be a short time between the conclusion of the tour at 9:45 am CT and the beginning of the event for meet and greet time with senior executives of Chevron Phillips Chemical, Chevron Corporation, and Phillips 66.

We'll have a step and repeat in a holding area for photos and any media interviews Pruitt would like to do. Of course, the opportunity for a gaggle is available before and after the event.

Other VIPs we are inviting are: Secretary Rick Perry (DoE), Secretary Alexander Acosta (DoL), Sen. John Cornyn, Sen. Ted Cruz, Chairman Kevin Brady, Rep. Brian Babin, Rep. Randy Weber, and Gov. Greg Abbott.

Do you think Pruitt would be able to attend?

Thanks, and let me know if you need anything else from me! We'll have a more formal invitation to follow.

Best,

Kristina

Hello Mary,

I work on Administrator Pruitt's scheduling team and Samantha Dravis passed along an invitation to the 9/20 BP BoD Dinner/NGA Event. We appreciate you extending the invitation. We are hoping to gather a few more details on this event. Could you share anything more regarding who will be there, the topic/purpose of event, if anyone is speaking and/or if you would like the Administrator to speak, etc? If it's not too much trouble, I've attached our speaker request form that includes details we typically seek for speaking events. Some of these may not be relevant to this invite, but would you mind providing as much as possible so that we are prepared?

Thank you and we look forward to responding back to you very shortly. Again, thank you for including him in this event.

Hi Hayley –

It was great speaking with you, and we're excited that Administrator Pruitt will get to see and experience the vehicles. The plan we discussed for Tuesday, November 21 is as follows (these are estimated times…hopefully with a bit of cushion):

2:45 pm	Arrive at EPA, Lexus LC500 walk around/introduction (I'll probably arrive 5+ minutes early)
2:50 pm	Drive Lexus LC500 to the National Park Service H2 station on NY Ave
3:10 pm	Arrive at NPS H2 station, Toyota Mirai walk around/introduction
3:15 pm	See/experience refueling of the Toyota Mirai
3:20 pm	Drive the Toyota Mirai in the local area
3:30 pm	Depart NY Ave station and return to EPA in the Lexus LC500
3:50 pm	Arrive at EPA (flexible…no rush from our side)

Other details you requested are below:

Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F

Hi Tom,

I work in Administrator Pruitt's office with Millan and Daisy and wanted to reach out to you on your below request. The Administrator appreciates the offer and would be interested in doing this. Would next week be too soon? With the Thanksgiving holiday, Monday afternoon or Tuesday would work for us. He is particularly interested in the Toyota Mirai you mentioned below. He would be interested in seeing this and test driving (although not sure if he can actually test drive this one or only the Lexus LC500).

Let us know what you think and if we could schedule a visit for one of those dates.

Thank you again for the offer!

Hi Millan –

I just wanted to let you know the offer still stands for Administrator Pruitt to take a drive in our new Lexus LC500 sports sedan. He saw one in Texas and seemed excited to take it for a spin – time permitting, of course. I'm happy to help make that happen here in DC (and maybe even show him our Hydrogen Fuel Cell vehicle…the Toyota Mirai).

No rush, just wanted to make sure you know the offer stands. Thanks!

Hi Tom – I apologize for the delay in getting back to you! I was actually just over at AAM this morning meeting with Mitch Bainwol to discuss EPA's sector strategies – it would be great to follow up with Toyota on the program in the coming weeks.

Mitch also mentioned the LC500 and the possibility the Administrator taking it for a spin. I've cc 'd Millan Hupp who is our Director of Scheduling at EPA so that we can see if there's a time that works to get the Administrator in for a lunchtime drive.

Thanks!

Hi Daisy –

I wanted to follow up on one item from Administrator Pruitt's trip to our Plano HQ. Just today, we took delivery of a brand new Lexus LC500 (the same car we showed him in the parking garage). Is there a good day in the next week or so for the Administrator to go for a lunchtime drive?

How to Fix It

The email address might be misspelled or it might not exist. Try one or more of the following:

- **Retype the recipient's address, then resend the message -** If you're using Outlook, open this non-delivery report message and click Send Again from the menu or ribbon. In Outlook on the web, select this message, and then click the "To send this message again, click here." link located just above the message preview window. In the To or Cc line, delete and then retype the entire recipient's address (ignore any address suggestions). After typing the complete address, click Send to resend the message. If you're using an email program other than Outlook or Outlook on the web, follow its standard way for resending a message. Just be sure to delete and retype the recipient's entire address before resending it.
- Remove the recipient from the recipient Auto-Complete List, then resend the message - If you're using Outlook or Outlook on the web, follow the steps in the "Remove the recipient from the recipient Auto-Complete List" section of this article. Then resend the message. Be sure to delete and retype the recipient's entire address before clicking Send.
- Contact the recipient by some other means, (by phone, for example) to confirm you're using the right address. Ask them if they've set up an email forwarding rule that could be forwarding your message to an incorrect address.

If the problem continues, forward this message to your email admin. If

you're an email admin, refer to the More Info for Email Admins section below.

Was this helpful? *Send feedback to Microsoft.*

More Info for Email Admins

Status code: 550 5.1.351

When Office 365 tried to send the message, the external email server returned an error stating that the recipient is unknown or the mailbox is unavailable. This error was reported by an email server outside Office 365.

If you or the sender can't fix the problem, contact the responsible party's email admin - Give them the error code and error message from this non-delivery report (NDR) to help them troubleshoot the issue. To determine who the responsible party might be, check the error for information about where the problem is happening. For example, look for a domain name like contoso.com. A domain name in the error might suggest who is responsible for the error. It could be the recipient's email server, or it could be a third-party service that your organization or the recipient's organization is using to process or filter email messages.

Although the sender might be able to fix the issue by correcting the recipient address, it's likely that only the recipient's email admin can fix the problem. Unfortunately, it's unlikely Office 365 Support will be able to help with these kinds of externally reported errors.

Subject: BP Board of Directors Dinner / National Gallery of Art Event

Hello Mary,

I work on Administrator Pruitt's scheduling team and Samantha Dravis passed along an invitation to the 9/20 BP BoD Dinner/NGA Event. We appreciate you extending the invitation. We are hoping to gather a few more details on this event. Could you share anything more regarding who will be there, the topic/purpose of event, if anyone is speaking and/or if you would like the Administrator to speak, etc? If it's not too much trouble, I've attached our

speaker request form that includes details we typically seek for speaking events. Some of these may not be relevant to this invite, but would you mind providing as much as possible so that we are prepared?

Thank you and we look forward to responding back to you very shortly. Again, thank you for including him in this event.

Millan

I am copying Todd Staples, President of Texas Oil and Gas Association, on this email, so that he can connect with you and Administrator Pruitt's staff. We belong to several trade associations in Texas; however, I feel certain TXOGA will be the best resource for you for a Texas engagement. Honestly, the Lone Star Forum is the premier event for our industry and I think it would be a home run for you. But if that does not work with the schedule, Todd is the best person to work with to find another opportunity.

Good luck on the road, and hope to see you soon!

Jayme,

Thank you very much for the follow up. Yes, I did receive your email and I am so sorry to have not let you know. We've been on the road since I spoke to you but this is certainly something in which the Administrator would be interested in participating. I have copied his scheduler, Maddy Morris, on this email as she would be glad to work with you to determine the best fit.

You had mentioned that if we could not make October 2o work then there may be another opportunity to spend time with your folks. Could you kindly let us know what those opportunities might be?

Additionally, we always welcome suggestions with regards to our ongoing outreach to stakeholders and other groups. We are hopeful to spend some time in Texas in the near future.

Thank you,

Millan

Millan,

Thanks for visiting with me about the possibility of getting your boss to Houston for TXOGA's annual meeting! I've forwarded the email below with a link to TXOGA so you can see more of the details. I confirmed that there will be 250-300 at the luncheon, which is the keynote and preferred time slot for him to speak on October 20. Of course, they would happily rearrange the schedule to accommodate him, if another time that day is a better fit. Also, there is a dinner the night before that we could make work; however, that will be a smaller crowd. The attendees are high level oil/gas folks, including several CEOs and Texas elected officials. Past speakers have included both Presidents and Laura Bush, Rudy Giuliani, Alan Greenspan, to name a few.

Other speakers on this year's program are CEOs of Pioneer and Enterprise Products. Other

companies in The Woodlands are Anadarko and Exxon Mobil and I wouldn't be surprised if those CEOs don't also show up, if Scott is on the agenda. I can also get you the heads of government affairs at any of the companies that could schedule private meetings with their CEOs, if he has a desire for any meetings of those kind. I used to work for Shell and I'm happy to facilitate a meeting there with CEO Bruce Culpepper, if he has any interest.

I've attached the original letter from TXOGA CEO Todd Staples, as well. Let me know if you have any questions, or feel free to get in touch with Todd directly. Thanks for your help and I hope to meet you sometime soon!

Tate,

Good speaking with you just now! I just checked, and radio city is not even a ten minute drive from my firm, Proskauer Rose, located at 41st st and 8th avenue. I'm certain we could host by me, if that would work on your end.

Best,

Josh

Hi Lisa-

Tate Bennett with EPA Public Engagement and Environmental Education here. I handle some of the Administrator's proactive agenda and site visits.

Just gave you a buzz, Lisa, but I wanted to follow up about a potential meeting for Administrator with your NYC Chapter or Chapter Leadership next Thursday the 28th of September(?). Administrator Pruitt will be in the area and would love to get together.

This could be a small or large gathering, and it would not preclude a future visit. Give me a shout when you can?

Hi Hayley –

It was great speaking with you, and we're excited that Administrator Pruitt will get to see and experience the vehicles. The plan we discussed for Tuesday, November 21 is as follows (these are estimated times…hopefully with a bit of cushion):

2:45 pm Arrive at EPA, Lexus LC500 walk around/introduction (I'll probably arrive 5+

minutes early)

2:50 pm	Drive Lexus LC500 to the National Park Service H2 station on NY Ave
3:10 pm	Arrive at NPS H2 station, Toyota Mirai walk around/introduction
3:15 pm	See/experience refueling of the Toyota Mirai
3:20 pm	Drive the Toyota Mirai in the local area
3:30 pm	Depart NY Ave station and return to EPA in the Lexus LC500
3:50 pm	Arrive at EPA (flexible…no rush from our side)

Other details you requested are below:

Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F

Subject: RE: Plano Follow-Up

Hi Tom,

I work in Administrator Pruitt's office with Millan and Daisy and wanted to reach out to you on your below request. The Administrator appreciates the offer and would be interested in doing this. Would next week be too soon? With the Thanksgiving holiday, Monday afternoon or Tuesday would work for us. He is particularly interested in the Toyota Mirai you mentioned below. He would be interested in seeing this and test driving (although not sure if he can actually test drive this one or only the Lexus LC500).

Let us know what you think and if we could schedule a visit for one of those dates.

Thank you again for the offer!

Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F

Hi Millan –

I just wanted to let you know the offer still stands for Administrator Pruitt to take a drive in our new Lexus LC500 sports sedan. He saw one in Texas and seemed excited to take it for a spin – time permitting, of course. I'm happy to help make that happen here in DC (and maybe even show him our Hydrogen Fuel Cell vehicle…the Toyota Mirai).

No rush, just wanted to make sure you know the offer stands. Thanks!

Hi Tom – I apologize for the delay in getting back to you! I was actually just over at AAM this morning meeting with Mitch Bainwol to discuss EPA's sector strategies – it would be great to follow up with Toyota on the program in the coming weeks.

Mitch also mentioned the LC500 and the possibility the Administrator taking it for a spin. I've cc 'd Millan Hupp who is our Director of Scheduling at EPA so that we can see if there's a time that works to get the Administrator in for a lunchtime drive.

Thanks!

Hi Daisy –

I wanted to follow up on one item from Administrator Pruitt's trip to our Plano HQ. Just today, we took delivery of a brand new Lexus LC500 (the same car we showed him in the parking garage). Is there a good day in the next week or so for the Administrator to go for a lunchtime drive?

From: Renee Zentz
Sent: Sun 9/24/2017 8:39:56 PM
Subject: Ideas for Dinner on the 4th

Good afternoon Millan, as discussed there are a couple of ideas for small private dinner or reception the evening of the 4th, if the Administrator is so inclined. Please remember, while I or my Executive team members have close relationships with the following, none have actually been contracted to attend. I thought best to clear this idea with you and your team first.

First idea is a dinner with owners and/or CEOs of companies effected by the EPA on a daily basis and who are supportive of the Administrator:

- Bill Hybl - President and CEO of El Pomar Foundation
- Phil Anschutz and/ or his son in law, who's name escapes me but is the CEO of oil and gas side of the Anschutz Corporation
- Larry Mizel - Chairmen and CEO MDC Holding
- George Solich - President and CEO FourPoint Energy
- Charlie McNeil - CEO of Nexgen Resources
- Jim Johnson - CEO & Chairman of GE Johnson

Another idea would be to meet with the CEO's of Industry Associations who are heavily impacted by the EPA;

- Colorado Mining Association
- Associated General Contractors of Colorado
- Colorado Oil and Gas Association
- Colorado Home Builders Association
- Western Energy Alliance

Our appreciation for Administrator Pruitt's commitment to remove or reduce barriers to business cannot be fully expressed. The idea of hosting a small private dinner or reception is only an effort to say thank you and maximize his trip to Colorado Springs. If Mr. Pruitt wishes to do something else Wednesday evening, I am here to help in any way.

Sincerely,

Renee Zentz

Subject: RE: Speaker request form for Administrator Pruitt from WGA

Hello Joe,

I'm happy to let you know that Administrator Pruitt would like to accept your invitation to speak at the Western Governor's Association Winter Meeting. In looking at the agenda, I had a few questions regarding the best time for him to speak. I see that the keynote is 3:30-4PM on that Friday. Ideally, we would like to get him on a flight mid-afternoon that day for his next event. Could you provide a little more information about the agenda and the possibility of him delivering his remarks at potentially the breakfast or lunch that day instead? We understand and want his address to be a "keynote" setting, but just need a little more information on if there is

flexibility and what you would recommend.

He will also absolutely want to take advantage of the private meeting time with Governors as well. I will have our Intergovernmental group reach out to the POC to set those up once we determine his speaking time.

Thank you and I look forwarding to hearing from you!

Subject: Speaker request form for Administrator Pruitt from WGA

Hayley: Greetings from the Western Governors' Association. I manage communications for WGA and handle agenda development for our meetings.

Thank you for considering our request to have Administrator Pruitt deliver a keynote at the 2017 WGA Winter Meeting, Dec. 1-2 at the Arizona Biltmore. As noted in the attached Speaker Request form, we would welcome the Administrator's participation on either day. The attached agenda shows the public meeting schedule and also notes when the Governors are available for private sidebar meetings with the Administrator, should he seek one-on-ones.

The nonpartisan, collegial spirit of WGA meetings has consistently provided an opportunity for collaborative and productive discussions between Cabinet members and Governors on Western policy issues. It would be our honor to continue that tradition with Administrator Pruitt.

Please let me know what other information you need or questions that you have.

Subject: EPA Admin in AUS

Ray,

We've been advised that EPA Administrator Pruitt will be in Australia in early September. Pruitt is having dinner at the US Embassy in Canberra on Tuesday, September 5, with a group of CEOs including Peabody AUS President George S.

If Pruitt is interested, we can easily make arrangements for the Administrator to visit one of our Australia operations. We have a mine called Metropolitan (Metrop) located about an hour south from downtown Sydney. There are hourly flights from Canberra to Sydney that take about 45 minutes. Metrop is an underground operation located in close proximity to houses and other community activity. It is a great story of how a mining operation works closely with local stakeholders to support jobs but also demonstrate environmental stewardship. We could do the entire trip (starting from Sydney airport) in 4-5 hours. We can provide additional info if they are interested but this would be a great opportunity for Trump Admin to show support for coal internationally and also a way to connect Australia and US on coal policy.

Subject: Re: Format for Administrator - TXOGA

Neal and Kate-

Lincoln and I just updated the Administrator on the 4 media reps that are now attending as well as the plane/ billboard situation. Given these circumstances, he'd like to respectfully request that the entire format now be Q&A with two chairs on stage (and no need for a podium). I know this is different than a typical ("talk at you") speech, but we all agree it might be more informative for everyone in the audience. Can either of you run the traps and confirm this format prior to our arrival?

Here are a few additional questions for Todd to consider and thanks for your understanding! See below:

What is your relationship with the President and what has it been like to work with him?

Earlier this week, you issued a directive to get rid of the abusive sue and settle process at the EPA in which special interests develop policy with agencies behind closed doors. Could you explain what your directive on the issue does?

The left strictly defines "environmentalism" and designate "environmentalists" as an exclusive, limited type of crowd. What is your response to this? What do you consider true environmentalism?

Regarding the “Waters of the United States” (WOTUS) rule you are working to properly define as what “navigable waters” should be under the Clean Water Act.....What are your goals as you conduct a re-evaluation?

Are you working to include a streamlined permitting process at EPA as a part of the President's infrastructure package? Should it be included?

What has it been like to run such a newsworthy agency? More difficult than you imagined?

On Oct 17, 2017, at 6:38 PM, Neal Carlton <ncarlton@txoga.org> wrote:

Jahan, my cell is in my email signature if you need to reach me anytime.

I think the last part of the Upstream question was accidentally left off. Below are the 3 complete questions our team put together. Do you have other questions that would be good?

Downstream

Industry has not built a refinery with significant downstream unit capacity in the US since 1977. Do you view EPA regulations as a contributing factor?

Midstream

One of the barriers of oil and gas development is the lack of infrastructure, can you comment on the barriers to new pipeline development at the federal level? Is there a better way to streamline the process?

Upstream

The Railroad Commission has been regulating the oil and natural gas industry for decades. From a federal regulatory perspective, can you comment on the regulation of the oil and natural gas industry at the federal level versus the state level?

Tate,

Here is the list of attendees for Thursday afternoon's meeting at the Dallas Builders Association:

- Frank Murphy, Wynne Jackson
- Jeff Dworkin, JLD Custom Homes
- Donnie Evans, Altura Homes (small production builder)
- Sheena Beaver, Dallas Builders Association staff
- David Lehde, Dallas Builders Association staff

- Fred Balda, Hillwood (large developer)
- Gena Terrell, Hillwood
- Adam Auensen, Tonti Properties (multifamily developer)
- Mike Tonti, Tonti Properties
- Jerry Carter (custom home builder)
- Curt Millward, land development for Pulte Homes
- Matt Robinson, Walton Development (small developer)
- Phil Crone, Dallas Builders Association Executive Officer
- Hank Smith, Texas Engineering Solutions
- Owen McDonough, National Association of Home Builders Environmental Policy staff

We look forward to seeing you and the Administrator at 1:30 PM on Thursday.

I'll touch base as we get closer to the meeting. In the meantime, let me know if you've got any questions.

Best,
Owen

I just wanted to send you guys a note saying thanks for all your help in coordinating our visit with the Administrator on Tuesday! It went very smoothly and that was mostly due to your help. We're looking forward to working with EPA, and the Administrator's office in particular, in the future. And Cheryl and Lincoln, it was nice to meet you in person!

Don't hesitate to reach out to me if we can be helpful in anyway.

Best,

Autumn

EPA Administrator Pruitt Speaker Request Form (5-17-17).docx

Hi Millan!

As promised, I've attached the completed request form. The only thing I left blank is the name of the introducer, only because that hasn't yet been worked out. That said, it'll be one of three people: our President, Larry Mone; our Executive VP, Vanessa Mendoza; or our Board Chairman, Paul Singer. We should know by tomorrow, so I can resend this to you with that slot filled in if you like; but I thought you might want to have it asap.

Taisha told me you two connected about the security walk-through for next Tuesday. I'll join you all as well. And Taisha will be sending you an updated RSVP list (if she hasn't already).

Let me know if you need anything else!

Hi Amy,

Absolutely 2:30 works, so great the Vice President will be there as well! No worries, if anyone is accustomed to calls from the White House changing your schedule, it is me. We actually have to be back over to the office for a meeting in the afternoon so would not be able to make the 3:00PM work. Thank you for working to get it set up though!

Best,

Sydney

Subject: RE: Administrator Pruitt's Participation in CNP

Hi Sydney-

I got a call from the Vice President's office yesterday asking to speak at the CNP meeting on Friday the 19th. We, of course, accommodated that request…but it's going to require me to push Administrator Pruitt's remarks back by 15 minutes. So instead of addressing our group from 2:15-2:45 pm, we have him on for 2:30-3:00 pm. Will you confirm that he can do that? Sorry for the last minute adjustment!

Also, I've been in touch with Tony Perkins' assistant Lindsay Hoefer, and she and I discussed the possibility of Administrator Pruitt meeting with Tony right after he speaks (say 3:00-3:30 pm)? I've got a meeting room on the 6th floor of the hotel that they could use. Let me know if that's a possibility.

Looking forward to hearing back from you.

Good morning Amy,

Request for you, is it at all possible for me us to move the speech to the 2:15 time slot instead of the 1:45 to accommodate a meeting at the White House? I am so sorry for the change.

Thank you!

Sydney Hupp

Sorry all…I accidentally sent the attached docs before adding my message.

Sydney…here's the first confirmation document. Included is a speaker release form (last page). The Administrator does not need to sign this. However, if he chooses to do so, please also look at our Speaker Guidelines as well.

If he does not sign, we will record his remarks (audio and video) for archival purposes only, meaning that CNP will retain a copy for our historical records, and we will send your office a copy as well. But we will not share the presentation with our members.

Let me know if there are any questions about these documents. I look forward to hearing back from you and welcome any questions.

Best,

Amy

Hi Sydney-

On Friday, we have 1:45-2:15 pm and 2:15-2:45 pm available. After a brief introduction, the Administrator would have about 25 minutes total for his remarks and any questions he wants to take (if any). Let me know if either option works with his schedule.

Thanks!

Hi Amy,

Absolutely 2:30 works, so great the Vice President will be there as well! No worries, if anyone is accustomed to calls from the White House changing your schedule, it is me. We actually have to be back over to the office for a meeting in the afternoon so would not be able to make the 3:00PM work. Thank you for working to get it set up though!

Best,

Sydney

Hi Sydney-

I got a call from the Vice President's office yesterday asking to speak at the CNP meeting on Friday the 19th. We, of course, accommodated that request…but it's going to require me to push Administrator Pruitt's remarks back by 15 minutes. So instead of addressing our group from 2:15-2:45 pm, we have him on for 2:30-3:00 pm. Will you confirm that he can do that? Sorry for the last minute adjustment!

Also, I've been in touch with Tony Perkins' assistant Lindsay Hoefer, and she and I discussed the possibility of Administrator Pruitt meeting with Tony right after he speaks (say 3:00-3:30 pm)? I've got a meeting room on the 6th floor of the hotel that they could use. Let me know if that's a possibility.

Looking forward to hearing back from you.

Kevin/Millian,

It was nice to speak with you guys yesterday. Can you send me the updated schedule? If you can attach a document or copy in the body that would be great because I can't open the cloud attachment.

A couple things:

1) I need to reschedule two tours due to the additions listed below. I want to confirm there are no conflicts before rescheduling.

2) For the lunches and dinners, I envision the Pruitts and one or two staff members. What are your thoughts?

3) Will you arrange transportation to and from all these events or should I handle?

Please let me know if you have any questions.

Best,

Maria

Hello Team Italy,

We look forward to talking to you in about an hour. I have attached a new EPA Notional Itinerary for our phone call.

There are several adjustments to this calendar. As the Administrator has been asked to testify before Congress, he and his delegation will be arriving one day later. This means we will be taking all the CONI and Nettuno Baseball events off the calendar.

We will walk you through the other changes on our call.

Thank you so much for your patience and flexibility. We know that you are very busy preparing for the President's arrival and we appreciate your help.

Sydney…here's the first confirmation document. Included is a speaker release form (last page). The Administrator does not need to sign this. However, if he chooses to do so, please also look at our Speaker Guidelines as well.

If he does not sign, we will record his remarks (audio and video) for archival purposes only, meaning that CNP will retain a copy for our historical records, and we will send your office a copy as well. But we will not share the presentation with our members.

Let me know if there are any questions about these documents. I look forward to hearing back from you and welcome any questions.

Best,

Amy

Can we do the 1:45 to 2:15 time slot please? As for your question about remarks, I am looping

in Millan who handles Advance and Lincoln who handles Speechwriting. They will be your go to for questions of those nature moving forward. Looking forward to working with you on this!

Thanks!

Hi Sydney-

On Friday, we have 1:45-2:15 pm and 2:15-2:45 pm available. After a brief introduction, the Administrator would have about 25 minutes total for his remarks and any questions he wants to take (if any). Let me know if either option works with his schedule.

Thanks!

Amy

Good morning Amy,

Hope this email finds you well! I am reaching out about your invitation for Administrator Pruitt to participate in CNP. My apologies for the delay in getting back to you! If you would kindly fill out the attached form so that we may see how the event fits into May, I would greatly appreciate it. Please let me know if you have any questions!

Thank you!

Hi Millan,

Jessica from The Heritage Foundation gave me your contact information. The Daily Signal would like to schedule a Facebook Live interview with Scott Pruitt Thursday at Resource Bank. Is he available either before or after his address on Thursday night for a quick interview with The Daily Signal?

Please let me know what time is most convenient for him.

Thanks,
Morgan Walker

Subject: Meeting Request - EPA Administrator

Hey Sydney and Millan

Attached is one of the completed meeting request forms for Administrator Pruitt that we discussed. The request is for CGI, a group that I represent here in Oklahoma. They would like to meet in DC.

CGI is currently one of the prime vendors to EPA and has been focused on EPA's information technology modernization. They would like to bring in the US President of CGI, who is from Oklahoma, the Federal CGI President, and the VP of CGI who was the CIO at EPA under President Bush.

Thank you so much for all your help and offer of assistance. It would be great if the folks from CGI could get some time with Scott in DC.

Please let me know if you need anything else from my end.

Scott

Subject: Resource Bank Address Timeline

Hi Millan,

Following up on our conversation earlier this week, attached is a detailed timeline of the dinner event Administrator Pruitt is speaking at next week. In addition, below is a detailed overview of the presentations:

Rep. Jordan should speak for 10 minutes (before dinner). Administrator Pruitt should speak for 10 minutes, and will speak after the main course. After Pruitt, John Malcolm will come up and Rep. Jordan will return to the stage for a moderated Q&A led by John Malcolm (the Heritage Foundation).

The topic: Why And How We Can Limit The Federal Government

Rep. Jordan should draw from his time as a leader in the Ohio State House as well as his work in the Congress to explain the need to limit the government, the frustrations in moving in this direction, and an idea of the way forward. The recent AHCA and Omnibus are good illustrations. And it might be good to let them know about a few upcoming issues. The audience is made up of leaders of think tanks, policy experts and donors. The theme of the conference is "Rise to the Challenge." He should definitely give the audience a stake in the fights ahead and some suggestions of what they can do to help turn the country around.

Administrator Pruitt's experience in the states as a leader among the attorneys general will also bring an added perspective to his comments. He should remind the audience of some of the fights he was engaged in with the Obama Administration (and just how bad it was). His selection as EPA Administrator (and maybe mention Sen. Sessions as AG and others now in the Administration who have fought hard to rollback and contain the power of the federal government) should give us hope. The Paris Climate Agreement is one area the audience will be interested in hearing about. The Executive Orders and review of regulations are other ways the Administration is beginning to turn the corner.

Both can speak as allies who have looked at Washington as a problem. They have led in the states. They have taken the federal government to court. They inspire others to do the same.

John Malcolm's moderated Q&A will be more of a conversation to draw out some of these themes, point out the different roles the states and Congress have in these fights and tease out a few of the ideas of the way forward.

Question: can you confirm if the administrator prefers a lav or podium mic for his remarks?

Please let me know if you have any questions or concerns with this information.

Sincerely,

Jessica

Subject: Reporters

For what it's worth, here's some reporters worth looping in for the event:

Amy Harder — Axios's energy columnist

Ben Geman — Axios's daily energy newsletter

Alex Guillen, Andrew Restuccia, and Politico's other energy/environmental reporters (http://www.politico.com/energy-and-environment)

Esther Whieldon — Politico Pro's energy reporter

Anthony Adranga — Politico's morning energy newsletter

Greg Ip, Wall Street Journal

Cassandra Sweet, Wall Street Journal

Louise Radnofsky, Wall Street Journal

Lawrence Hurley, Reuters

Brady Dennis, Washington Post

Also reporters at Energy & Environment News, a major trade press (https://www.eenews.net)

***

I could think of folks at the political magazines too.

Good morning, all!

As promised, I've attached a draft of the invitation for the Administrator's appearance on the 21st of next month for your team to review. It's pretty standard, but please don't hesitate to let us know if there's anything you'd like changed or added. If you can have any edits to us by Friday, that would be great.

Feel free to reach out to me directly should you have any questions, concerns, etc.

Best,

-Ralf

I've Cc'd our events director, Taisha Camacho, who will begin working on securing a venue. I think it would be a good idea to perhaps get on a short call in the next week or two with her, our comms director, and the relevant members of your team to discuss some logistical matters. Let us know if/when you might be available to do that.

Looking forward to working with you again!

Hi Millan,

Hope you had a great weekend. I just wanted to follow up to see if your team has had a chance to think about possible dates yet. As you can imagine, our program calendar is pretty robust, so we try to be as strategic as possible in calendaring our smaller events around appearances by high-level speakers such as Admin. Pruitt. That said, if you can give us an idea of what week(s) Admin. Pruitt might prefer (even if not an exact date yet)—or if he's leaning toward speaking at our private board meeting next month in lieu of a public event—that information would be helpful to our event staff in their planning of the broader program calendar.

Best,

-Ralf

Ralf,

Yes, everything was perfect with the request form. The Administrator very much wants to participate here so we are just working on determining the best date.

Dean - it is a pleasure to meet you via email. This sounds like a wonderful opportunity. It is very kind of you all to want to include him! Would you be willing to share what questions you would have of him for this video, who all will be seeing it, and when you would like to do the filming?

Thank you very much,

Millan

Subject: RE: Invitation to speak at MI

Hi Millan!

Just thought I'd check in to make sure everything was okay with the request form I submitted last week. As always, feel free to let me know if you need anything further on my part.

I also wanted to introduce my colleague Dean Ball (Cc'd), who is putting together a short 40th Anniversary video to be shown at our annual Hamilton Awards Dinner (to which the Administrator has also been invited). The video would feature interviews with several of our country's most prominent political and intellectual figures discussing their thoughts on MI's past, present, and future; and we'd be honored to include Administrator Pruitt. It would only require about 30 minutes of his time, and we would be more than happy to send someone down to his office to film. If that's something you guys are open to, please feel free to coordinate with Dean.

I look forward to hearing back from you soon.

Kind regards,

-Ralf

Good afternoon, Michelle!

My name is Ralf Mangual, and I manage legal policy projects here at the Manhattan Institute. I just got off the phone with Millan Hupp who kindly returned my call in regards to an invite our President would like to extend to Administrator Pruitt. She asked me to send an e-copy of the letter (see attached) your way. We're thinking late May but are very flexible in terms of timing.

Please don't hesitate to reach out to me at any time if you have any questions or need more information. Thanks in advance for your time, and I hope we'll have the pleasure of hosting Administrator Pruitt again soon.

Kind regards,

-Ralf

MANHATTAN

INVITES YOU TO A LUNCHEON CONVERSATION

FEATURING:

Administrator, Environmental Protection Agency

Wednesday,
June 21, 2017

Harvard Club
35 West 44th Street
New York City

RECEPTION:
12:00 - 12:30 PM

LUNCH SERVED:
12:30 - 1:00 PM

PROGRAM:
1:00 - 2:00 PM

AN EPA THAT WORKS

RECONCILING ENVIRONMENTAL PROTECTION AND ECONOMIC GROWTH

When President Trump signed an executive order earlier this year undoing Obama-era environmental regulations, he told the crowd assembled at the Environmental Protection Agency: "I am taking historic steps to lift restrictions on American energy, to reverse government intrusion, and to cancel job-killing regulations." The man tasked with carrying out this mission is new EPA Administrator Scott Pruitt, who previously served as Attorney General of Oklahoma.

As Oklahoma AG, Pruitt was a leading opponent of overreach by the Obama EPA, resisting initiatives to impose federal control over carbon emissions, via the Clean Power Plan, and to expand the agency's power to regulate development, via the Clean Water Rule. Now, as the EPA's boss, Administrator Pruitt is presenting a sharp contrast with the previous administration, declaring: "I believe that we as a nation can be both pro-energy and jobs, and pro-environment. We don't have to choose between the two."

Administrator Pruitt has a full agenda, from efforts to increase the quality of American air and water to determining the future of the Paris Agreement on climate struck by the Obama Administration. Please join Administrator Pruitt, as he shares his vision for the EPA with Howard Husock, MI Vice President for Research and Publications.

To RSVP, please call **646-839-3372**

If you accept and find you are unable to attend, please be sure to let us know.
Please also note the Harvard Club's business-attire dress code: jacket and tie (no jeans).

THIS INVITATION IS NONTRANSFERABLE.

Subject: Reporters

For what it's worth, here's some reporters worth looping in for the event:

Amy Harder — Axios's energy columnist

Ben Geman — Axios's daily energy newsletter

Alex Guillen, Andrew Restuccia, and Politico's other energy/environmental reporters (http://www.politico.com/energy-and-environment)

Esther Whieldon — Politico Pro's energy reporter

Anthony Adranga — Politico's morning energy newsletter

Greg Ip, Wall Street Journal

Cassandra Sweet, Wall Street Journal

Louise Radnofsky, Wall Street Journal

Lawrence Hurley, Reuters

Brady Dennis, Washington Post

Also reporters at Energy & Environment News, a major trade press (https://www.eenews.net)

***

I could think of folks at the political magazines too.

Subject: Follow-Up Items for Administrator Pruitt

Hello Millan,

Thank you so much for your time today on our call. Here are the follow-up items we discussed:

1. The program director is working on an overview of the talk he is giving now and I will pass it along to you as soon as I have it

2. As mentioned on the call, both the Administrator and Rep. Jim Jordan will be speaking during the dinner program

3. Our complete program agenda can be found here: https://www.rb2017.org/index/agenda

4. Mr. Meese will not be in attendance this year

5. We will send you the list of guests as his table as soon as we confirm them

The items you will send me once you have them available:

1. The names and hotel dates of the Administrator's staff

Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F

3. Additional item: can you please have all staff attending Resource Bank with the Administrator register using this link by COB tomorrow:
https://www.rb2017.org/index/begin?reg_type_id=9717

Let me know if you have any additional questions or concerns. Thank you!

Jessica

Subject: Administrator Pruitt in CO this week

Hi Millan: I will be attending the Heritage Foundation Resource Bank meeting this week in Colorado where Mr. Pruitt will be addressing the attendees. Would there be time in his schedule to meet with some of the key state think tank CEOs that work on environmental issues for a few minutes? We do not have anything in particular to discuss but thought it would be a good opportunity for him to meet some of the state think tank leaders that focus on environmental/EPA issues and for us to receive a quick briefing from him. Please let me know if even a 15 minute meet/greet could work with his schedule in Colorado Springs. Thank you.

March 8, 2017

Administrator Scott Pruitt

Environmental Protection Agency
1200 Pennsylvania Avenue, N.W.
Washington, DC 20460

sent via email: dickerson.aaron@epa.gov

Dear Administrator Pruitt:

The Northwest's leading independent, free-market think tank, Washington Policy Center (WPC), would like to invite you to be the keynote speaker for our statewide 2017 Solutions Summit policy conference in Washington state. The event will be held on Tuesday, May 16, 2017 in Spokane. We hope this date will work with your schedule.

Washington Policy Center will be honored to host you and cover all first-class travel costs for you and a staff member or guest.

The statewide event encompasses two half-day conferences that are designed to provide insight and solutions for our region's top policy challenges. Each conference will feature panels on: the environment, agriculture, education, transportation, budget and taxes, health care, and business & labor reform issues. They will bring together prominent local and national speakers on each of these important issues to help shape the public debate by educating policymakers and informing citizens.

This is our state's largest policy event that will be attended by over 700 people including lawmakers, business and community leaders, media, and civic-minded citizens from across the state. We would be honored to have you join us as the keynote speaker at lunch for the event in Spokane.

Washington Policy Center is a non-profit think tank, similar to The Heritage Foundation and the American Enterprise Institute, and one of the largest and most impactful members of State Policy Network. Our research and education advance the public debate and develop innovative policy solutions.

Year-in and year-out, WPC's events are some of the best-attended in our state, and are a must-attend for some of the nation's top policy leaders including Defense Secretary Gen. Jim Mattis, Dr. Charles Krauthammer, Gov. Susana Martinez, former Defense Secretary Robert Gates, Dr. Ben Carson, Governor Scott Walker, Governor Bobby Jindal, and Governor Mitch Daniels.

Over the past few years, dozens of our ideas have been passed by voters and the legislature and signed into law. Citizens depend on our analysis to make decisions on our state's pressing public policy matters. Our work is featured in the media an average of over seven times a day and has been covered by national media including *USA Today*, CBS News, Fox News, and *The Wall Street Journal*.

Thank you for your consideration of our request. I hope to hear from you at your earliest convenience so we can begin planning your visit.

Sincerely,

Dann Mead Smith

Subject: RE: Administrator Pruitt's Participation in CNP

Sydney-

Thanks to Congressman Scalise's office…I'm able to push the Administrator into that 2:15-2:45 pm slot!

Updated paperwork, speaker guidelines and program attached. In addition, belwo is a narrative bio we've written up based upon his long version on the website. Feel free to make changes or let me know if it's okay as is.

On February 17, 2017, the U.S. Senate confirmed Scott Pruitt as the 14th Administrator of the U.S. Environmental Protection Agency. Mr. Pruitt's overarching goal is to lead EPA in a way that our future generations inherit a better and healthier environment. Most recently, he served as the Attorney General for Oklahoma. Mr. Pruitt became a national leader through a career of advocating to keep power in the hands of hard-working Americans. He has a proven track record of working with others, including industry, farmers, ranchers, landowners and small business owners, who want to do the right thing by the environment. He is recognized as a leader in the cause to restore the proper balance between the states and federal government, and he established Oklahoma's first federalism unit to combat unwarranted regulation and overreach by the federal government. Before being elected attorney general, he served eight years in the Oklahoma State Senate where he was a leading voice for fiscal responsibility. After earning his Bachelor's Degree from Georgetown College and graduating from the University of Tulsa College of Law, Mr. Pruitt went into private legal practice, specializing in constitutional law. In addition to his life as a civil servant, Mr. Pruitt is a successful entrepreneur. As a co-owner and managing general partner of Oklahoma City's Triple-A minor league baseball affiliate, the Oklahoma City Redhawks, Mr. Pruitt took over the team's marketing operations and helped it become one of the minor league leaders in attendance and merchandise sales. Mr. Pruitt and his wife Marlyn proudly raised their daughter, McKenna, and son, Cade, in Tulsa.

Thanks so much,

Amy

Good morning Amy,

Request for you, is it at all possible for me us to move the speech to the 2:15 time slot instead of the 1:45 to accommodate a meeting at the White House? I am so sorry for the change.

Thank you!

Sorry all…I accidentally sent the attached docs before adding my message.

Sydney…here's the first confirmation document. Included is a speaker release form (last page). The Administrator does not need to sign this. However, if he chooses to do so, please also look at our Speaker Guidelines as well.

If he does not sign, we will record his remarks (audio and video) for archival purposes only, meaning that CNP will retain a copy for our historical records, and we will send your office a copy as well. But we will not share the presentation with our members.

Let me know if there are any questions about these documents. I look forward to hearing back from you and welcome any questions.

Best,

Amy

Hi Sydney-

On Friday, we have 1:45-2:15 pm and 2:15-2:45 pm available. After a brief introduction, the Administrator would have about 25 minutes total for his remarks and any questions he wants to take (if any). Let me know if either option works with his schedule.

Thanks!

To: Hupp, Millan <hupp.millan@epa.gov>
Subject: Resource Bank Address Timeline

Hi Millan,

Following up on our conversation earlier this week, attached is a detailed timeline of the dinner event Administrator Pruitt is speaking at next week. In addition, below is a detailed overview of the presentations:

Rep. Jordan should speak for 10 minutes (before dinner). Administrator Pruitt should speak for 10 minutes, and will speak after the main course. After Pruitt, John Malcolm will come up and Rep. Jordan will return to the stage for a moderated Q&A led by John Malcolm (the Heritage Foundation).

The topic: Why And How We Can Limit The Federal Government

Rep. Jordan should draw from his time as a leader in the Ohio State House as well as his work in the Congress to explain the need to limit the government, the frustrations in moving in this direction, and an idea of the way forward. The recent AHCA and Omnibus are good illustrations. And it might be good to let them know about a few upcoming issues. The audience is made up of leaders of think tanks, policy experts and donors. The theme of the conference is "Rise to the Challenge." He should definitely give the audience a stake in the fights ahead and some suggestions of what they can do to help turn the country around.

Administrator Pruitt's experience in the states as a leader among the attorneys general will also bring an added perspective to his comments. He should remind the audience of some of the fights he was engaged in with the Obama Administration (and just how bad it was). His selection as EPA Administrator (and maybe mention Sen. Sessions as AG and others now in the Administration who have fought hard to rollback and contain the power of the federal government) should give us hope. The Paris Climate Agreement is one area the audience will be interested in hearing about. The Executive Orders and review of regulations are other ways the Administration is beginning to turn the corner.

Both can speak as allies who have looked at Washington as a problem. They have led in the

states. They have taken the federal government to court. They inspire others to do the same.

John Malcolm's moderated Q&A will be more of a conversation to draw out some of these themes, point out the different roles the states and Congress have in these fights and tease out a few of the ideas of the way forward.

Question: can you confirm if the administrator prefers a lav or podium mic for his remarks?
Please let me know if you have any questions or concerns with this information.

Sincerely,

Jessica

Rick,

It was a pleasure to meet you last week at the meeting between Administrator Pruitt and Morocco's Ambassador, Her Highness Lalla Joumala. Based on last week's meeting, my office is putting together the itinerary for the Administrator's trip to Morocco which will include speaking at the Atlantic Dialogue. Can you please send me the latest agenda and logistics for the Atlantic Dialogue, so that we can incorporate this in the planning for the Administrator's trip.

We will be coordinating the agenda and planning for this trip with the U.S. Embassy in Rabat and also consulting with the Morocco Embassy in Washington. If you have any other Morocco suggestions, please let us know. Mark Kasman, Director for Regional and Bilateral Affairs, is leading the trip planning efforts and he can be contacted at kasman.mark@epa.gov or 202-564-2024.

Thank you,

Richard,

I wanted to get back to you on CERAWeek 2018. You can tentatively count on the Administrator speaking at next year's event. With it being several months away, it's difficult for us to give a firm commitment at this time, but we have it on the calendar and can more firmly commit as the event approaches.

Please reach back out to me in January and we can likely give a firm response at that time.

Thank you and we appreciate the invitation!

> It was great speaking with you earlier today. As we discussed, attached is an invitation from Dan Yergin for Scott Pruitt to speak at CERAWeek 2018, scheduled March 5-9, 2018 in Houston. I believe that Dan has already invited Administrator Pruitt to speak. The best days would be either Wednesday or Thursday, March 7 or 8. That said, we could accommodate almost any day that week. The format of his address would be the same as CERAWeek 2017.

Hayley,
Here is a confirmation letter for Administrator Pruitt's address to our Convention next month. Please do fill out the "Speaker Information Form" with contact information for the day of the program.

Please let me know if you need anything further from me at this point.

That should work for his schedule. Please count us as confirmed.

In terms of format, since it will be a very large crowd, we typically like to do the fireside chat format. He can give his address and then do Q&A on stage with perhaps the President of Fed Soc or someone else in attendance that would make sense. We're happy to discuss over a call as well.

Thanks!

That is great to hear! The only spot we have open for an address is Friday, November 17th at 11:15 a.m. ending by 12 noon. It would be an address of 20 - 25 minutes and then Q&A from the audience. Does that work at all for his schedule?

Thanks,

Juli

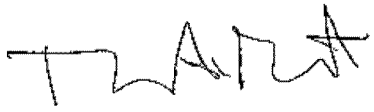
Hon. Scott Pruitt
Environmental Protection Agency
1200 Pennsylvania Avenue, N.W.
Washington, DC 20460

Dear Administrator Pruitt,

I am delighted that you have agreed to participate in the Federalist Society's National Lawyers Convention, which will take place November 16-18, 2017. The bulk of the Convention will take place at the Mayflower Hotel in Washington, D.C.



We have you confirmed to deliver an address which is scheduled for Friday, November 17 at the Mayflower Hotel at 1127 Connecticut Avenue, N.W., here in Washington, D.C. Your address will begin at 11:15 a.m., after an introduction. Please plan on prepared remarks of about 20 minutes, which will be followed by Q&A from the audience. We are trying to find the right person to do a "fireside chat" format. The address and Q&A will end at 12:00 noon.

Press will be in attendance at the event and it will be recorded.

Please complete the information sheet that has been emailed to you in the form of a link and is also available HERE. The information you provide will help us complete the Convention program. In addition, we will make meal reservations based on the information you provide. I hope that you are able to attend the social events as our guest. Please also indicate the name and title of any guest you will bring to the social events.

We will be in touch to coordinate details as we get closer to the event. Please do not hesitate to contact me at (202) 822-8138 or dean.reuter@fedsoc.org or Juli Nix at juli.nix@fedsoc.org should you have any questions. Again, thank you for agreeing to participate in our Convention.

Very truly yours,

Dean A. Reuter

Thank you for working out all of the details for the administrator to come to Nashville. I know that behind the scenes there is a massive logistical effort going on to make a trip like this successful. Speaking of successful, the administrator's visit was the highlight of our convention. It would not have happened without the concerted effort on your part. Everybody from the president of the company to the board of directors to the convention attendees gave the administrator rave reviews and were very impressed with the organization of the EPA staff. In short, it was a grand slam. Well done!

PS- Would you please forward this email to Sarah, Liz, and the security team? I did not have their email addresses.

With grateful appreciation,

Charlie

Millan,
I wanted to tell you on a personal level how grateful I am for all the preliminary work that you have done over the past several months to make the Nashville trip a reality. You were the person that made the entire event happen. It was a pleasure and a delight to work with you on this project. Thank you for your professionalism and your attention to detail.

In light of the new security threats that all of you are dealing with, I wanted you to know that our prayer team will be praying for the administrator, for you, and for the EPA staff that travels with the administrator.

Respectfully,
Charlie

I came out from Oklahoma with the Administrator back in March. I had been handling the fundraising/political for him prior to doing so. He recognized an area where he felt that I would serve well and asked that I fill the role. So, with an eagerness to serve in some way, I made the move.

If it has been on your mind for some time, you ought to find a way to do it. Just know, it's no Nebraska. :)

Clint,

I am so sorry about this. Tate and I have both been traveling the past couple weeks but would really like to hop on the phone with you. Maybe we can try for Monday if that is alright with you?

Again, my sincere apologies for not responding sooner.

Look forward to hearing from you.

Isam,

Yes, that answers all of our questions. Please see below for arrival information. We look forward to seeing you soon!

The meeting will be held in **EPA's William Jefferson Clinton North Building** located at 1200 Pennsylvania Ave NW. This is part of the EPA Headquarters complex located on 12th Street NW between Constitution and Pennsylvania Avenues. Additional directions and a map can be found at: http://www2.epa.gov/aboutepa/visiting-epa-headquarters

The Embassy vehicles are cleared to park in the building's courtyard which can be accessed from the SW corner of Pennsylvania Ave and 12th Street NW. The driveway is marked by a guard booth on 12th Street just south of Pennsylvania Avenue.

The delegation will be met by Ms. Cheryl Woodward, in the building courtyard, to greet and escort the Ambassador and delegation to the meeting room. Ms. Woodward's mobile number is Personal Phone/Ex. 6 f needed.

Thank you!

Hi Hayley,

Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F

Her Highness will be accompanied in her meeting with Mr Pruitt by the DCM, Mrs Bentahila and myself (Political Coordinator).

I hope this answers your question to Rick.

Could you confirm to us which entrance we should use (12th street?).

Best

Isam Taib

Hi Hayley,

Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F

Her Highness will be accompanied in her meeting with Mr Pruitt by the DCM, Mrs Bentahila and myself (Political Coordinator).

I hope this answers your question to Rick.

Could you confirm to us which entrance we should use (12th street?).

Best

Isam Taib

Hi Forrest,

Nice to e-meet you! As Millan referenced, I'll make sure you have full details for the logistics of the day and the talking points for the conversation.

I'm on site in Chicago by Monday afternoon, the 6th and will probably be the best contacts for SIGMA logistics - my cell is Personal Phone/Ex. 6 and you're welcome to call/text that anytime.

Thank for the intro, Millan!
Best,
Liz.

Hello Hayley and Millan! I'm Holly, the Federal Affairs assistant at ACC. We had some confusion on our end as to when the Administrator will speak at our BOD meeting in Charleston on November 9. Right now, we have him speaking at 9:15am. We can easily accommodate him anytime between 9:15am and 11:30am – whatever time works best for him. Please let me know which time you prefer, and I'll make sure we're all updated on our side.

Thank you

Best,

Holly Halsey | American Chemistry Council

Hello Rick,

We have just learned that Administrator Pruitt is needed to travel with the President on Tuesday to Puerto Rico. I apologize for having to cancel, but was hoping we could reschedule. Are there dates that are best for the Ambassador? In looking at the calendar, we could do Oct 11 or 16. Do either of those dates work?

Thank you and we appreciate your understanding.

>> Regarding your offer of dinner with AG Landry on Thurs, Oct 26, we had actually already organized a separate personal dinner for him that evening. However, we are organizing breakfast the morning of Fri, Oct 27 before the speaking engagement and we would be happy to have AG Landry attend if he would like. It is more of an event, with several area CEOs and industry representatives. We don't yet have a firm location, but I can share details with you as they develop this week. Would that work? If not, we're happy to have the Administrator meet AG Landry for coffee in between events or before the breakfast event.

>> I apologize for the delay, but I wanted to check on a few things before responding to you. First of all, I'd been working with Greg Bowser on the Administrator speaking at the Louisiana Chemical Association and Industry Alliance per our below emails. We had confirmed an 11:15AM keynote at that event. Therefore, I'm confused by your below mention of 9AM. We will be flying in the evening before and another staff member was scheduling a breakfast for that morning before the keynote, but I'm not sure who was attending that event. It's possible that's what you're referring to. Do you mind clarifying? We just have a few people on our end scheduling different events for the trip so want to be sure I'm not mixing anything up.

Not a problem, Millan!

We're very excited to be able to welcome Admin. Pruitt back to the Institute for a June 21st luncheon event. Just to double-check, he'd be unavailable to also address our board on the 17th of May, correct?

I've Cc'd our events director, Taisha Camacho, who will begin working on securing a venue. I think it would be a good idea to perhaps get on a short call in the next week or two with her, our comms director, and the relevant members of your team to discuss some logistical matters. Let us know if/when you might be available to do that.

Looking forward to working with you again!

Hi Millan,

Hope you had a great weekend. I just wanted to follow up to see if your team has had a chance to think about possible dates yet. As you can imagine, our program calendar is pretty robust, so we try to be as strategic as possible in calendaring our smaller events around appearances by high-level speakers such as Admin. Pruitt. That said, if you can give us an idea of what week(s) Admin. Pruitt might prefer (even if not an exact date yet)—or if he's leaning toward speaking at our private board meeting next month in lieu of a public event—that information would be helpful to our event staff in their planning of the broader program calendar.

Best,

-Ralf

Ralf,

Yes, everything was perfect with the request form. The Administrator very much wants to participate here so we are just working on determining the best date.

Dean - it is a pleasure to meet you via email. This sounds like a wonderful opportunity. It is very kind of you all to want to include him! Would you be willing to share what questions you would have of him for this video, who all will be seeing it, and when you would like to do the filming?

Thank you very much,

Millan

Hi Millan!

Just thought I'd check in to make sure everything was okay with the request form I submitted last week. As always, feel free to let me know if you need anything further on my part.

I also wanted to introduce my colleague Dean Ball (Cc'd), who is putting together a short 40th Anniversary video to be shown at our annual Hamilton Awards Dinner (to which the Administrator has also been invited). The video would feature interviews with several of our country's most prominent political and intellectual figures discussing their thoughts on MI's past, present, and future; and we'd be honored to include Administrator Pruitt. It would only require about 30 minutes of his time, and we would be more than happy to send someone down to his office to film. If that's something you guys are open to, please feel free to coordinate with Dean.

I look forward to hearing back from you soon.

Kind regards,

-Ralf

Good afternoon, Michelle!

My name is Ralf Mangual, and I manage legal policy projects here at the Manhattan Institute. I just got off the phone with Millan Hupp who kindly returned my call in regards to an invite our President would like to extend to Administrator Pruitt. She asked me to send an e-copy of the letter (see attached) your way. We're thinking late May but are very flexible in terms of timing.

Please don't hesitate to reach out to me at any time if you have any questions or need more information. Thanks in advance for your time, and I hope we'll have the pleasure of hosting Administrator Pruitt again soon.

Kind regards,

-Ralf

Event Request Form for
Administrator E. Scott Pruitt

U.S. Environmental Protection Agency

To request the Administrator to attend and/or speak at your event, please complete and submit the following form.

Group: Mid-America Regulatory Conference (MARC)

Name of Event: MARC 2017 Annual Meeting

Date of Event:
June 18-21, 2017
Would like him to speak either the morning of Monday, June 19, 2017, or Tuesday, June 20, 2017

Type of Event (banquet, lecture, panel discussion, etc.):

Lecture

Role of the Administrator:

Speaker

Approximate time will the Administrator's Remarks Begin (example 9:00 am):

TBD depending on the Administrator's schedule

Expected length of the Administrator's remarks:

30 minutes

Will there be Q&A? If so, for how long and who from? Ex: press, attendees:
Q&A is optional depending on the Admnistrator. If Q&A is included, questions can be restricted or limited.

Event begins (example 9:00 am): 9:00 am

Event ends (example 9:00 am): 5:00 pm

Event address (please include room name or number if applicable):

The Swissotel, 323 E. Wacker Drive, Chicago, IL 60601-9722

Will there be a hold room for the Administrator? (please include room name and/or number):
One can be provided.

Please list the name and title of the individual who will introduce the Administrator:

Dana L. Murphy, Chairman, Oklahoma Corporation Commission

Approximate size of the audience. Please also include a brief description of the makeup of the

audience (attorneys, business owners, veterans, students etc.):

Approximately 500, Commissioners and staff of member state agencies as well as representatives of regulated industries and the public at large.

Please indicate your request for the topic of the Administrator's remarks, if applicable:

Generally in the area involving utilities

Please list any special guests, elected officials, or other dignitaries who are invited or are expected to attend:

Rick Perry, US Secretary of Energy--Invited

Please list any other speakers at this event:

Will be known closer to the event.

Is this event open to the media?:

Press are not invited. If the Administrator requests, the press can be invited. However, Industry press that registers to attend would generally be those such as Fort Nightly.

Please list a point of contact for the day of the event, including a cell phone number and e-mail address for the contact:

Dana L. Murphy, 405-596-6632 d.murphy@occemail.com

If applicable, please list the name(s) and contact information of the person(s) who will greet the Administrator upon arrival, including a cell phone number and e-mail address for each contact:

Same as above

Please list any special information or directions, such as ongoing construction, specific points of entry, or parking instructions, about the event or location:

None at this time

Please list below any other relevant information such as agendas, background information or other relevant information about the event. (Information may also be attached and submitted with this form.)

See www.marc.conference.org

Please include a contact number for the event location: Swissotel: 1-312-565-0565

Please indicate whether this event is held weekly, monthly or annually: Annually

Please indicate the attire for this event (business, formal, casual, etc.): Business

Please list any agencies, businesses, schools or universities, or other organizations that may be sponsoring or co-sponsoring this event:

See www.marc.conference.org

Please provide the security contact if contracted or head of security for event location:

None at this time

Great! 1pm it is.

I'd recommend watching the video prior.. I think it's about 15mins. That way we just do the breathing portion and have you sign.. you will not have to go through training again on Wednesday, then.

Thanks for the sizes and Eric's, I'll get this over to our team at the mine.

I'm sure you have it mapped but I've attached directions (there is a bridge out on the other side by Rt 18/Patterson creek road so what I've attached is the best way to go).

Thanks,

Zach

Millan-

Sounds good, other than timing. We have an operations meeting until noon at our HQ, so myself and our superintendent won't be at the mine until 1... is there anyway we can push so you can arrive around that time?

Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F no problem.

Just need names and sizes for equipment (coveralls and boots) for everyone going underground Tuesday.

No cameras/phones will be allowed underground on Tuesday, since we'll need Msha approval.

Give me a ring if you have any questions.

Thanks!

Zach

Great! 1pm it is.

I'd recommend watching the video prior.. I think it's about 15mins. That way we just do the breathing portion and have you sign.. you will not have to go through training again on Wednesday, then.

Thanks for the sizes and Eric's, I'll get this over to our team at the mine.

I'm sure you have it mapped but I've attached directions (there is a bridge out on the other side by Rt 18/Patterson creek road so what I've attached is the best way to go).

Thanks,

Zach

Zach,

We can certainly do 1PM.

I have the training video you sent over. Should we do that before we meet you on Tuesday or should we wait until we get there?

Myself: Shoe size 9 and coveralls would probably be a medium.

Chris Smith: Shoe size 12 and coveralls size XXL

Lynnette Horner: Shoe size 8 and coverall size medium

Amy Graham: Will not be going underground.

Thank you!

Millan-

Sounds good, other than timing. We have an operations meeting until noon at our HQ, so myself and our superintendent won't be at the mine until 1... is there anyway we can push so you can arrive around that time?

We can do the walk through, safety training and get everyone underground.. no problem.

Just need names and sizes for equipment (coveralls and boots) for everyone going underground Tuesday.

No cameras/phones will be allowed underground on Tuesday, since we'll need Msha approval.

Give me a ring if you have any questions.

Thanks!

Subject: RE: Invitation to speak at MI

Hi Millan,

Hope you had a great weekend. I just wanted to follow up to see if your team has had a chance to think about possible dates yet. As you can imagine, our program calendar is pretty robust, so we try to be as strategic as possible in calendaring our smaller events around appearances by high-level speakers such as Admin. Pruitt. That said, if you can give us an idea of what week(s) Admin. Pruitt might prefer (even if not an exact date yet)—or if he's leaning toward speaking at our private board meeting next month in lieu of a public event—that information would be helpful to our event staff in their planning of the broader program calendar.

Best,

-Ralf

Ralf,

Yes, everything was perfect with the request form. The Administrator very much wants to participate here so we are just working on determining the best date.

Dean - it is a pleasure to meet you via email. This sounds like a wonderful opportunity. It is very kind of you all to want to include him! Would you be willing to share what questions you would have of him for this video, who all will be seeing it, and when you would like to do the filming?

Thank you very much,

Millan

Hi Millan!

Just thought I'd check in to make sure everything was okay with the request form I submitted last week. As always, feel free to let me know if you need anything further on my part.

I also wanted to introduce my colleague Dean Ball (Cc'd), who is putting together a short 40th

Anniversary video to be shown at our annual Hamilton Awards Dinner (to which the Administrator has also been invited). The video would feature interviews with several of our country's most prominent political and intellectual figures discussing their thoughts on MI's past, present, and future; and we'd be honored to include Administrator Pruitt. It would only require about 30 minutes of his time, and we would be more than happy to send someone down to his office to film. If that's something you guys are open to, please feel free to coordinate with Dean.

I look forward to hearing back from you soon.

Kind regards,

-Ralf

Good afternoon, Michelle!

My name is Ralf Mangual, and I manage legal policy projects here at the Manhattan Institute. I just got off the phone with Millan Hupp who kindly returned my call in regards to an invite our President would like to extend to Administrator Pruitt. She asked me to send an e-copy of the letter (see attached) your way. We're thinking late May but are very flexible in terms of timing.

Please don't hesitate to reach out to me at any time if you have any questions or need more information. Thanks in advance for your time, and I hope we'll have the pleasure of hosting Administrator Pruitt again soon.

Kind regards,

-Ralf

Sorry all…I accidentally sent the attached docs before adding my message.

Sydney…here's the first confirmation document. Included is a speaker release form (last page). The Administrator does not need to sign this. However, if he chooses to do so, please also look at our Speaker Guidelines as well.

If he does not sign, we will record his remarks (audio and video) for archival purposes only, meaning that CNP will retain a copy for our historical records, and we will send your office a copy as well. But we will not share the presentation with our members.

Let me know if there are any questions about these documents. I look forward to hearing back from you and welcome any questions.

Best,

Amy

COUNCIL FOR NATIONAL POLICY

April 7, 2017

The Honorable E. Scott Pruitt
Administrator
U.S. Environmental Protection Agency
Office of the Administrator - 1101A
1200 Pennsylvania Avenue, N.W.
Washington, DC 20460

Dear Administrator Pruitt:

Thanks for accepting our invitation to speak at the May 18-20, 2017 Council for National Policy meeting at The Ritz-Carlton, Tysons Corner in McLean, Virginia.

This letter will establish the preliminary details of your presentation. **Please review and respond to the information on the following pages at your earliest convenience**.

Included in this document is a copy of our standard speaker release and guidelines form. Following meetings, we distribute recordings of speaker remarks to members and guests and occasionally post remarks to our website. However, we only do these things with your prior approval.

If you're willing to have your remarks recorded and released, please sign and return the form by email to amy@cfnp.org or by fax to (202) 207-0173. Otherwise, we will record for archival purposes only and will send you a copy.

Once again, we're grateful for your participation, and I look forward to working with you.

Warmest regards,

Amy Greene

Please sign this page and return it to the attention of Amy Greene by email (Amy@cfnp.org) or fax (202-207-0173).

COUNCIL FOR NATIONAL POLICY

Standard Speaker Guidelines Regarding Political Activity

Council for National Policy (CNP) is exempt from federal income tax under §501(c)(3) of the Internal Revenue Code. As such, it cannot "participate in, or intervene in (including through the making of statements), any political campaign on behalf of (or in opposition to) any candidate for public office." This restriction applies only to election campaigns, and does not ap ply to lobbying activities regarding legislation or ballot initiatives or referendums (in which the public is the legislature).

CNP Action, Inc. is exempt from federal income tax under §501(c)(4) of the Internal Revenue Code. As such, it may engage in po litical activity to some extent, but such activity may not be its primary activity. However, under federal and state election laws, both CNP and CNP Action, Inc. are prohibited from making direct and in -kind contributions to or on behalf of federal and many state candidates, and both are subject to limits on the extent to which they may refer to candidates (even in discussions of public policy issues) during certain pre-election periods.

To help CNP and CNP Action, Inc. ensure that they comply with the re quirements of §501(c)(3) and §501(c)(4), respectively, and with federal and state election laws, without compromising their message, CNP and CNP Action, Inc. respectfully request that you observe the following guidelines regarding political activity when you participate in any activity sponsored by CNP and CNP Action, Inc.

Speakers: In any public presentation at an event sponsored by CNP and CNP Action, Inc., please do not endorse or denigrate any candidate for public office, or any political party, and do not use legislative issues in order to comment on, otherwise attempt to affect, any election. Favorable comments about a candidate's past actions as a private citizen or public official should be avoided if a reasonable person would construe them as an endorsement of his candidacy.

Candidates: If you are a candidate for elective public office, please avoid any mention of your candidacy, or any impending election. Please do not conduct any fundraising or distribute any campaign literature on CNP's prem ises or at any event sponsored by CNP and CNP Action, Inc., and do not otherwise use CNP's resources, *e.g.*, office equipment and supplies, for your campaign.

Officeholders: In some cases, CNP and CNP Action, Inc. invites public officials to speak at or attend an event because of the office you hold in federal, state, or local government, and not because you are or may be a candidate for re -election, or for election to another public office. At such events, please do n ot engage in campaign activity, or otherwise suggest that your presence indicates endorsement of your incumbency or candidacy (if any), or opposition to your opponent (if any), by CNP and CNP Action, Inc.

Others: Please do not distribute campaign literature, conduct fundraising activities, or otherwise engage in political activity immediately before, during, or immediately after any event sponsored by CNP and CNP Action, Inc.

Thank you for your consideration. Your participation in any event spons ored by CNP and CNP Action, Inc. indicates that you have agreed to observe these guidelines. If you have any questions about the meaning or application of these guidelines, please contact Bob McEwen at (202) 207-0165.

Hi Sydney-

On Friday, we have 1:45-2:15 pm and 2:15-2:45 pm available. After a brief introduction, the Administrator would have about 25 minutes total for his remarks and any questions he wants to take (if any). Let me know if either option works with his schedule.

Thanks!

Amy

Absolutely – that's great news. Thanks so much!

I'll pull together a first confirmation document and get that to you later today. It'll basically include details re: logistics and what I'll need for the program.

Look forward to working with you all on the Administrator's participation.

Thanks again,
Amy

Subject: EPA Administrator - tomorrow morning

Kelly,

It was a pleasure to meet you this morning. Thank you so much for your help!

It looks like we have a meeting immediately following his speaking engagement. The meeting will occur at 10:30AM. Since we already have the Palm Court Ballroom cleared out as a hold room, could we kindly hang onto it until 10:45?

So, the total duration of time we would need that room is 9:45AM – 10:45AM, please. Also, just want to confirm that there will be signs on the doors going into the lobby notifying folks that the room is for Authorized Personnel Only. Nothing indicating that it is a hold room for him.

Thank you so much,

Millan Hupp

Zach – Thanks so much for sending these photos. Per our conversation, here are our remaining questions for the event. Feel free to give me a call anytime at 202-306-5038

Remaining Questions as of 4/6/2017 – 1:00 p.m.

Press needs:

- Bio for CEO Jimmy Brock- attached
- Square footage of the bath room- Layout attached. This will be in in the waiting room of the bathhouse
- How many exits and where are they located – 3 direct exits- see photos and map
- What is the fire marshal number for maximum capacity/how many people can the room accommodate- looks like 220
- Where is the room located on the property- see map and photo
- Where is parking for press- see map and photo
- What is the distance for cable run
- What time on Tuesday can we access the room for setup- 8am
- We will begin bringing press into the room at 8:30 or 9:00 a.m. on Wednesday. -9am.
- Backup room? we can get a holding room
- We will need to bring in our own equipment, which includes:

o Lighting

o Mult box

o Still and video cameras

o Signage

o EPA, PA, U.S. flags

- We will need to rent additional equipment, do you have any of these things on site or suggestions for a local vendor:

o Sound system- we have a speaker system

- Press risers- what are dimensions needed? We have a local vendor.

- Identify employees who are authorized to speak with press

- Pre-submit questions and names of employees who will ask questions during the Q&A

- Names of employees who will present Administrator Pruitt with a hard hat at the end of the Q&A

- Any press restrictions on site that we should be aware of. – certain safety restrictions/areas.. don't want them walking freely on the property.

Lunch and Underground Tour Needs

- What room will the lunch take place in - 2nd floor conference room

- One large table or multiple tables- I think we do U shaped table, approx. 20 attendees?

- Who arranges lunch and who do we need to talk to about payment- Our HR professionals will get from a local vendor, we can invoice after?

- Who will MC lunch discussion

- List of lunch attendees and blurb about their role

- List of elected officials who will attend event

- In addition to EPA officials, who will join the underground tour

- Can we receive safety training video in advance- Please do not forward. This video must be watched by all members of the team that are going underground. On-site you will have to do training on breathing apparatus (10-15mins) and there will be a signature page that you are certified. Let me know if there are any issues. https://consolenergy.sharefile.com/d-sd313d463fea4d6aa

Subject: RE: Thanks

Hi all – Looping in a few more members of our press team. I noticed that our schedule is different from what's listed below. Here is the latest proposed line-by-line I have for the event:

- 11:10 AM EST Administrator Pruitt arrives
- 11:10 – 11:45 AM EST Discussion with coal miners in locker room and media availability, open press.
- 11:45 – 1:00 PM EST Private roundtable lunch with leadership, closed press.
- 1:00 - 1:45 PM EST Safety training and gear up, closed press.
- 1:45 – 3:45 PM EST Underground mine tour, closed press.

- 3:45 PM EST – Depart

Let me know if anyone has any changes to this.

Would an 11:00 EST call tomorrow work for everyone to go over press logistics?

Thank you,

Amy

Adding Zach Smith and Brian Aiello to this communication. They will be helping plan and stage this visit.

Below is a proposed framework to further discuss. Let us know when we can revisit this talk to put a finer point on the plan.

Harvey Mine- Patterson Creek Portal

1100am- Arrival at portal

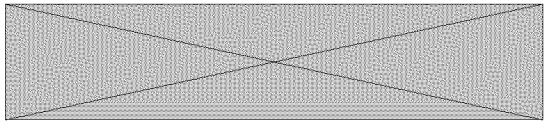
11:15am-1200pm- Private roundtable discussion and lunch

1200-12:30-Safety training and overview

12:30-12:45- Gear up

100pm-300pm- Underground

- Harvey- 25 minute man trip each way gives us about an hour underground at the longwall



300pm-330pm- Press conference and employee event at the portal

Tommy Johnson

CONSOL Energy | Vice President – External Relations

CNX Center | 1000 CONSOL Energy Drive | Canonsburg, PA 15317

Zach – Thanks so much for sending these photos. Per our conversation, here are our remaining questions for the event. Feel free to give me a call anytime at Personal Phone/Ex. 6

Remaining Questions as of 4/6/2017 – 1:00 p.m.

Press needs:

- Bio for CEO Jimmy Brock- attached
- Square footage of the bath room- Layout attached. This will be in in the waiting room of the bathhouse
- How many exits and where are they located – 3 direct exits- see photos and map
- What is the fire marshal number for maximum capacity/how many people can the room accommodate- looks like 220
- Where is the room located on the property- see map and photo
- Where is parking for press- see map and photo
- What is the distance for cable run
- What time on Tuesday can we access the room for setup- 8am
- We will begin bringing press into the room at 8:30 or 9:00 a.m. on Wednesday. -9am.
- Backup room? we can get a holding room
- We will need to bring in our own equipment, which includes:

o Lighting

o Mult box

o Still and video cameras

o Signage

o EPA, PA, U.S. flags

- We will need to rent additional equipment, do you have any of these things on site or suggestions for a local vendor:

  - Sound system- we have a speaker system

  - Press risers- what are dimensions needed? We have a local vendor.

- Identify employees who are authorized to speak with press

- Pre-submit questions and names of employees who will ask questions during the Q&A

- Names of employees who will present Administrator Pruitt with a hard hat at the end of the Q&A

- Any press restrictions on site that we should be aware of. – certain safety restrictions/areas.. don't want them walking freely on the property.

Lunch and Underground Tour Needs

- What room will the lunch take place in - 2nd floor conference room

- One large table or multiple tables- I think we do U shaped table, approx. 20 attendees?

- Who arranges lunch and who do we need to talk to about payment- Our HR professionals will get from a local vendor, we can invoice after?

- Who will MC lunch discussion

- List of lunch attendees and blurb about their role

- List of elected officials who will attend event

- In addition to EPA officials, who will join the underground tour

- Can we receive safety training video in advance- Please do not forward. This video must be watched by all members of the team that are going underground. On-site you will have to do training on breathing apparatus (10-15mins) and there will be a signature page that you are certified. Let me know if there are any issues. https://consolenergy.sharefile.com/d-sd313d463fea4d6aa

Chief Executive Officer and Director

James A. Brock was appointed Chief Executive Officer and a director of our general partner effective March 16, 2015. Mr. Brock also serves as Chief Operating Officer-Coal of CONSOL Energy, a position he has held since December 10, 2010. Prior to this appointment, he served as Senior Vice President-Northern Appalachia-West Virginia Operations of CONSOL Energy from 2007 to 2010. From 2006 to 2007, Mr. Brock served as Vice President-Operations. Mr. Brock began his career with CONSOL Energy in 1979 at the Matthews Mine and since then has served at various locations in many positions including Section Foreman, Mine Longwall Coordinator, General Mine Foreman and Superintendent. We believe Mr. Brock's extensive knowledge of our industry and our operations gained during his years of service with CONSOL Energy in positions of increasing responsibility in its coal operations provide the board of directors of our general partner with valuable experience.

Subject: Plant Miller, Alabama requested info
Plant Miller one pager - FINAL - 04.06.17.pdf

Hi Millan. Hope you guys have had a good week. Per our phone call and the remaining action item - attached is the information on Plant Miller. This is the site that I mentioned. We hope this site visit will be one of the top priorities for Administrator Pruitt's schedule when he travels to Alabama in the Fall.

Some of the key points for Plant Miller that I think Administrator Pruitt would find noteworthy include:

1. It is among the most productive coal plants in America
2. Invested $1.6B in major environmental enhancements to comply with EPA regs
3. Significant economic and philanthropic boost for local communities

Let me know what other information you would like in advance as it pertains to this trip. I can certainly make sure you have everything you need to help analyze his schedule. Thanks again!

Jessica Medeiros Garrison

(205) 568-4371

Alabama Power

Alabama Power's

PLANT MILLER

HISTORY

* Construction began in 1973
* The four units went into commercial production between 1978 and 1991

CAPACITY/ GENERATION

* 2,916 MWs of capacity
* 18,193,039 MWhs of net generation in 2016
* Produces enough energy to serve about 1 million homes
* In 2013 and 2015 ranked first among our nation's coal plants in net generation
* World class availability when compared to peers

FUEL

* Economically priced low-sulfur Powder River Basin coal
* Approximately 10 million tons burned annually
* 650 train loads per year

ENVIRONMENTAL ENHANCEMENTS

* Invested $1.6 billion in environmental controls to comply with EPA regulations
* These controls Include:
  - Electrostatic precipitators
  - Cooling towers
  - Selective catalytic reduction
  - Flue gas desulfurization
  - Mercury removal systems
* Projected to spend an additional $500 million on future EPA land and water regulations

WORKFORCE/ ECONOMIC IMPACT

* 365 full-time employees
* 210 of the full-time employees are part of the IBEW union
* More than 2,700 hours of community service by employees in 2016
* $34.5 million annually in labor including overtime
* $127.3 million annually in contract labor
* Over $12 million in property taxes paid annually

Shawn,

It was a pleasure to meet you as well. Thank you so much for the invitation. I am copying

Sydney Hupp (my sister and the Administrator's scheduler) on this email. She will have a form for you to complete and will be able to let you know if the 28th is available.

Please don't hesitate to reach out if I can further assist.

Warm regards,

Millan

Subject: Administrator Pruitt Shale Insight Invitation

Millan,

It was nice meeting you the other day at the Capitol Hill Club with Pete and Harold. As I mentioned, the Ohio Oil and Gas Association, the Marcellus Shale Coalition and the West Virginia Oil and Natural Gas Association are hosting the SHALE INSIGHT™ Conference, which will take place in the heart of the Marcellus and Utica shale gas plays on September 27 and 28, 2017 at the David L. Lawrence Convention Center in Pittsburgh, Pennsylvania. The event typically attracts over 1,000 attendees from across the region.

We would be honored if Administrator Pruitt would be able to join us as a general session keynote speaker on the morning of September 28, 2017. I have a formal invitation attached and I hope to discuss this event in more detail with you.

Shawn Bennett

Zach – Thanks so much for sending these photos. Per our conversation, here are our remaining questions for the event. Feel free to give me a call anytime at 202-306-5038

Remaining Questions as of 4/6/2017 – 1:00 p.m.

Press needs:

•□□□□□□□ Bio for CEO Jimmy Brock

•□□□□□□□ Square footage of the bath room

•□□□□□□□ How many exits and where are they located

•□□□□□□□ What is the fire marshal number for maximum capacity/how many people can the room accommodate

•□□□□□□□ Where is the room located on the property

•□□□□□□□ Where is parking for press

•□□□□□□□ What is the distance for cable run

•□□□□□□□ What time on Tuesday can we access the room for setup.

•□□□□□□□ We will begin bringing press into the room at 8:30 or 9:00 a.m. on Wednesday.

•□□□□□□□ Backup room?

•□□□□□□□ We will need to bring in our own equipment, which includes:

- Lighting
- Mult box
- Still and video cameras
- Signage
- EPA, PA, U.S. flags

•□□□□□□□ We will need to rent additional equipment, do you have any of these things on site or suggestions for a local vendor:

- Sound system
- Press risers

•□□□□□□□ Identify employees who are authorized to speak with press

•□□□□□□□□ Pre-submit questions and names of employees who will ask questions during the Q&A

•□□□□□□□□ Names of employees who will present Administrator Pruitt with a hard hat at the end of the Q&A

•□□□□□□□□ Any press restrictions on site that we should be aware of.

Lunch and Underground Tour Needs

•□□□□□□□□ What room will the lunch take place in

•□□□□□□□□ One large table or multiple tables

•□□□□□□□□ Who arranges lunch and who do we need to talk to about payment

•□□□□□□□□ Who will MC lunch discussion

•□□□□□□□□ List of lunch attendees and blurb about their role

•□□□□□□□□ List of elected officials who will attend event

•□□□□□□□□ In addition to EPA officials, who will join the underground tour

•□□□□□□□□ Can we receive safety training video in advance

Subject: RE: Thanks

Hi all – Looping in a few more members of our press team. I noticed that our schedule is different from what's listed below. Here is the latest proposed line-by-line I have for the event:

- 11:10 AM EST Administrator Pruitt arrives
- 11:10 – 11:45 AM EST Discussion with coal miners in locker room and media availability, open press.
- 11:45 – 1:00 PM EST Private roundtable lunch with leadership, closed press.
- 1:00 - 1:45 PM EST Safety training and gear up, closed press.
- 1:45 – 3:45 PM EST Underground mine tour, closed press.
- 3:45 PM EST – Depart

Let me know if anyone has any changes to this.

Would an 11:00 EST call tomorrow work for everyone to go over press logistics?

Thank you,

Amy

Adding Zach Smith and Brian Aiello to this communication. They will be helping plan and stage this visit.

Below is a proposed framework to further discuss. Let us know when we can revisit this talk to put a finer point on the plan.

Harvey Mine- Patterson Creek Portal

1100am- Arrival at portal

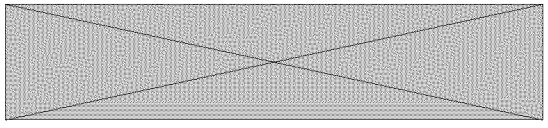
11:15am-1200pm- Private roundtable discussion and lunch

1200-12:30-Safety training and overview

12:30-12:45- Gear up

100pm-300pm- Underground

- Harvey- 25 minute man trip each way gives us about an hour underground at the longwall



300pm-330pm- Press conference and employee event at the portal

Subject: Administrator Pruitt Shale Insight Invitation

Millan,

It was nice meeting you the other day at the Capitol Hill Club with Pete and Harold. As I mentioned, the Ohio Oil and Gas Association, the Marcellus Shale Coalition and the West Virginia Oil and Natural Gas Association are hosting the SHALE INSIGHT™ Conference, which will take place in the heart of the Marcellus and Utica shale gas plays on September 27 and 28, 2017 at the David L. Lawrence Convention Center in Pittsburgh, Pennsylvania. The event typically attracts over 1,000 attendees from across the region.

We would be honored if Administrator Pruitt would be able to join us as a general session keynote speaker on the morning of September 28, 2017. I have a formal invitation attached and I hope to discuss this event in more detail with you.

To: Hupp, Millan
Subject: Re: Invitation to speak at MI

(Ralf, will move you to BCC)

Millian,

The video would be screened at our Hamilton Award Dinner on May 4; attendees would include the Manhattan Institute's board of trustees and other supporters, and high-level figures from media, government, and the non-profit sector. We would of course give your office final approval over his portion of the video. We also might seek to screen it publicly after that, on social media and our website, but would again only do so with your approval.

We are willing to be as flexible as possible to Administrator Pruitt's schedule, with the only constraint being that we'd need to do the filming before April 7 in order to have the video ready in time. We will have a film crew in DC on one of the following days: March 28, March 30, April 4, April 5, and April 7. If any of those dates works on your end, we would prefer to schedule it on those days. But as I said, we'll gladly accommodate whatever time within that range is ideal for you.

The questions we would ask are copied below. Of course, if there are any questions, for whatever reason, that he would prefer not to discuss, we can change this list.

1) How has MI changed American lives for the better?

2) In your opinion, what is the **single-most influential contribution** MI has made to foster greater economic choice and individual responsibility?

2b) And/or, what has been its most significant intellectual contribution? What is the "big idea" from MI that has mattered most?

3) What do you hope the "**next 40 years**" look like for MI?

3b) How might America (or its cities?) look different 40 years from now if MI's ideas are more broadly understood and implemented?

4) What is MI's unique contribution? What differentiates MI from others?

5) Who are your favorite fellow(s) and why?

6) Make any comment that you (the toaster) would like to make (you never know what you get from them)

7) Do you have any thoughts or comments about Larry Mone (MI's President) or Paul Singer (MI's Chairman)?

8) Do you remember your first interaction with MI, its scholars, or their ideas?

9) What wishes do you have for MI for the next 40 years?

10) Would you say that MI's scholars or their work have changed your thinking significantly, on a personal level? Why did you find these ideas compelling or how did they help you see policy/culture differently?

Thank you,

Dean

Hi Millan!

Just thought I'd check in to make sure everything was okay with the request form I submitted last week. As always, feel free to let me know if you need anything further on my part.

I also wanted to introduce my colleague Dean Ball (Cc'd), who is putting together a short 40th Anniversary video to be shown at our annual Hamilton Awards Dinner (to which the Administrator has also been invited). The video would feature interviews with several of our country's most prominent political and intellectual figures discussing their thoughts on MI's

past, present, and future; and we'd be honored to include Administrator Pruitt. It would only require about 30 minutes of his time, and we would be more than happy to send someone down to his office to film. If that's something you guys are open to, please feel free to coordinate with Dean.

I look forward to hearing back from you soon.

Kind regards,

-Ralf

Zach – Thanks so much for sending these photos. Per our conversation, here are our remaining questions for the event. Feel free to give me a call anytime at Personal Phone/Ex. 6

Remaining Questions as of 4/6/2017 – 1:00 p.m.

Press needs:

- Bio for CEO Jimmy Brock
- Square footage of the bath room
- How many exits and where are they located
- What is the fire marshal number for maximum capacity/how many people can the room accommodate
- Where is the room located on the property
- Where is parking for press
- What is the distance for cable run
- What time on Tuesday can we access the room for setup.
- We will begin bringing press into the room at 8:30 or 9:00 a.m. on Wednesday.
- Backup room?
- We will need to bring in our own equipment, which includes:
  - Lighting
  - Mult box

- Still and video cameras
- Signage
- EPA, PA, U.S. flags

•□□□□□□□ We will need to rent additional equipment, do you have any of these things on site or suggestions for a local vendor:

- Sound system
- Press risers

•□□□□□□□ Identify employees who are authorized to speak with press

•□□□□□□□ Pre-submit questions and names of employees who will ask questions during the Q&A

•□□□□□□□ Names of employees who will present Administrator Pruitt with a hard hat at the end of the Q&A

•□□□□□□□ Any press restrictions on site that we should be aware of.

Lunch and Underground Tour Needs

•□□□□□□□ What room will the lunch take place in

•□□□□□□□ One large table or multiple tables

•□□□□□□□ Who arranges lunch and who do we need to talk to about payment

•□□□□□□□ Who will MC lunch discussion

•□□□□□□□ List of lunch attendees and blurb about their role

•□□□□□□□ List of elected officials who will attend event

•□□□□□□□ In addition to EPA officials, who will join the underground tour

•□□□□□□□ Can we receive safety training video in advance

Subject: RE: Thanks

Here's the specs for the equipment list below and attached.. this is only needed for equipment going underground in which we'll need MSHA approval. The items, on the attached, highlighted in green are the most important since they have voltage associated with them. Feel free to just respond to me and I'll get to our guys at the site. Give me a ring with any questions.

Examples from Fox News visit:

Backpack with Panasonic AJ-PX270 microP2

Manfrotto Spectra2 light (runs on 6 AA batteries)

2 Panasonic camera batteries (Model AG-VBR59, 7.28V each)

1 ikam camera battery (7.4V)

Sennheiser bodypack transmitter (runs on 2 AA batteries, model 526061)

Sennheiser diversity receiver (runs on 2 AA batteries, model 527111)

Sennehiser plug-on transmitter (runs on 2 AA batteries, model 529041)

Nemal electronics international BNC

HDTV high flex precision video cable 3GHZ E108998

Manfrotto 190x tripod

Thanks,

Zach Smith

Thanks.

FYI- attached are a few photos of the bathhouse where the miners congregate for their safety briefings, etc. before going underground. This would be the recommended location for the open press/discussions with miners.

Adding Zach Smith and Brian Aiello to this communication. They will be helping plan and stage this visit.

Below is a proposed framework to further discuss. Let us know when we can revisit this talk to put a finer point on the plan.

Harvey Mine- Patterson Creek Portal

1100am- Arrival at portal

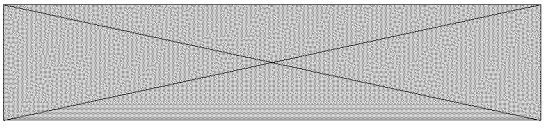
11:15am-1200pm- Private roundtable discussion and lunch

1200-12:30-Safety training and overview

12:30-12:45- Gear up

100pm-300pm- Underground

- Harvey- 25 minute man trip each way gives us about an hour underground at the longwall



300pm-330pm- Press conference and employee event at the portal

Dear Millan,

Many thanks for all your efforts to have Administrator Pruitt at CERAWeek. He was outstanding and made a real contribution. I know it was very challenging given the confirmation process and all the demands, and we're very grateful. Thank you for staying "on the case" and all the arrangements!

Kind regards,

Dan Yergin

Aaron: Washington Policy Center (WPC), a non-partisan, state-based think tank in Washington state, would like to invite Administrator Pruitt to be the keynote speaker at our upcoming Solutions Summit policy conference on Tuesday, May 16th in Spokane.

Our official invitation is attached and below.

Please let me know if you have any questions. We appreciate his consideration of our invitation and we look forward to hearing back at your earliest convenience.

Thank you,

Dann

March 8, 2017

Administrator Scott Pruitt

Environmental Protection Agency
1200 Pennsylvania Avenue, N.W.
Washington, DC 20460

sent via email: dickerson.aaron@epa.gov

Dear Administrator Pruitt:

The Northwest's leading independent, free-market think tank, Washington Policy Center (WPC), would like to invite you to be the keynote speaker for our statewide 2017 Solutions Summit policy conference in Washington state. The event will be held on Tuesday, May 16, 2017 in Spokane. We hope this date will work with your schedule.

Washington Policy Center will be honored to host you and cover all first-class travel costs for you and a staff member or guest.

The statewide event encompasses two half-day conferences that are designed to provide insight and solutions for our region's top policy challenges. Each conference will feature panels on: the environment, agriculture, education, transportation, budget and taxes, health care, and business & labor reform issues. They will bring together prominent local and national speakers on each of these important issues to help shape the public debate by educating policymakers and informing citizens.

This is our state's largest policy event that will be attended by over 700 people including lawmakers, business and community leaders, media, and civic-minded citizens from across the state. We would be honored to have you join us as the keynote speaker at lunch for the event in Spokane.

Washington Policy Center is a non-profit think tank, similar to The Heritage Foundation and the American Enterprise Institute, and one of the largest and most impactful members of State Policy Network. Our research and education advance the public debate and develop innovative policy solutions.

Year-in and year-out, WPC's events are some of the best-attended in our state, and are a must-attend for some of the nation's top policy leaders including Defense Secretary Gen. Jim Mattis, Dr. Charles Krauthammer, Gov. Susana Martinez, former Defense Secretary Robert Gates, Dr. Ben Carson, Governor Scott Walker, Governor Bobby Jindal, and Governor Mitch Daniels.

Over the past few years, dozens of our ideas have been passed by voters and the legislature and signed into law. Citizens depend on our analysis to make decisions on our state's pressing public policy matters. Our work is featured in the media an average of over seven times a day and has been covered by national media including *USA Today*, CBS News, Fox News, and *The Wall Street Journal*.

Thank you for your consideration of our request. I hope to hear from you at your earliest convenience so we can begin planning your visit.

Sincerely,

Dann Mead Smith

President

Washington Policy Center

ADMINISTRATOR PRUITT SPEAKER REQUEST FORM
U.S. Environmental Protection Agency

Deadline for Acceptance:	Monday, April 3, 2017 if possible
Event Title:	Washington Policy Center's Statewide Solutions Summit Policy Conference
Speech Date:	Tuesday, May 16, 2017
Is the Above Date Flexible:	No
Speech Time & Duration:	12:30pm – 25-30 minutes, followed by audience Q&A
Speaker Requested:	Administrator Scott Pruitt
Would You Consider a Surrogate:	Unfortunately, we could not consider a surrogate for our keynote address
Event Location:	Historic Davenport Hotel 10 South Post Street, Spokane, WA 99201 (509) 455-8888 Grand Pennington Ballroom
Open Press/Closed Press:	We'd prefer to open to press, but can close if necessary.
Is Event Webcast/Recorded/Transcribed:	The event is not webcast. We'd prefer to record it and to allow CSPAN type coverage, but cannot record/allow TV coverage if necessary.
Purpose of the Event:	The purpose of this event, our region's largest public policy conference, is to bring together lawmakers, business and community leaders, media, young professionals, and civic-minded citizens from across the Northwest to educate & discuss meaningful solutions to our state's public policy issues. Following the national keynote lunch address, the hundreds of conference attendees will break out into sessions on each of our areas of research: the environment, agriculture, education, transportation, budget and taxes, health care, and small business issues.
Speech Topic:	The topic is largely up to the Administrator. Some examples would be: the direction of the EPA and new ideas to protect the environment under his new leadership. We would like to use this as an opportunity to showcase his vision for the EPA and give our attendees an update on what's coming for national environmental policy in the future.
Requested Presentation Format:	25-30 minute keynote presentation, followed by audience Q&A
Dress Code:	Business
Speech/Presentation Duration:	25-30 minutes followed by 20 minutes of Q&A
Teleprompter Available:	Upon request
Microphone / Room Setup:	A podium microphone or lavalier depending on preference. The room will be set up with a stage and round tables for the audience.

17cv01906 Sierra Club v. EPA ED_001523B_00002206-00001

ADMINISTRATOR PRUITT SPEAKER REQUEST FORM
U.S. Environmental Protection Agency

Event Sponsor:	Our 2017 sponsors are still being finalized. Statewide sponsors in 2016 included: several individual donors and the following corporate ones: Kaye-Smith, Telect, Chevron, Premera Blue Cross, AT&T, Physicians Insurance, and Washington Trust Bank. The event is also co-sponsored by The Seattle Times and Spokane Journal of Business.
Relationship to the EPA:	N/A
Event Agenda/Program:	11:00 am - First session 12:00 pm – Keynote Lunch 1:40 pm - Second sessions (concurrent/breakout) 2:35 pm - Third sessions (concurrent/breakout) 3:30 pm - Break 3:45 pm - Fourth sessions (concurrent/breakout) 4:45 pm – Networking Reception
Honorable Guests Attending:	Former Congressman George Nethercutt, Former Washington, D.C. City Council Kevin Chavous (speaker), various local elected officials, possible Mayor of Spokane and more TBD
Notable Federal, State or Local Appointed or Elected officials attending:	Local elected officials including state legislators TBD
Individual Introducing Administrator:	TBD
Person to contact for speechwriting purposes:	Dann Mead Smith/President dmeadsmith@washingtonpolicy.org (206) 937-9691 (206) 612-9330
Person to contact for media purposes:	Molly Sheerer/Communications Director msheerer@washingtonpolicy.org (206) 937-9691 (412) 719-4231
Origin of Invitation:	Dann Mead Smith/President dmeadsmith@washingtonpolicy.org (206) 937-9691 (206) 612-9330
Day of Event Point of Contact:	Chris Cargill/Eastern Washington Director ccargill@washingtonpolicy.org (509) 570-2384 (509) 570-2384
Security Contact:	**Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F**

Is the organization or host of the event a registered 501(c)(3), (4), or has a 527 Political Action Committee (PAC): **Yes, WPC is a registered 501c(3)**

ADMINISTRATOR PRUITT SPEAKER REQUEST FORM
U.S. Environmental Protection Agency

Will there be a presentation of a "gift" to the Administrator?	**No**
If so, what is the US currency value of the gift?	**N/A**
Will a meal be provided, if so what is the US currency value?	**$35**

Please return this form completed to scheduling@epa.gov and Sydney Hupp (hupp.sydney@epa.gov).

The event will be held on Tuesday, May 16, 2017 in Spokane. We hope this date will work with your schedule.

Washington Policy Center will be honored to host you and cover all first-class travel costs for you and a staff member or guest.

The statewide event encompasses two half-day conferences that are designed to provide insight and solutions for our region's top policy challenges. Each conference will feature panels on: the environment, agriculture, education, transportation, budget and taxes, health care, and business & labor reform issues. They will bring together prominent local and national speakers on each of these important issues to help shape the public debate by educating policymakers and informing citizens.

This is our state's largest policy event that will be attended by over 700 people including lawmakers, business and community leaders, media, and civic-minded citizens from across the state. We would be honored to have you join us as the keynote speaker at lunch for the event in Spokane.

Washington Policy Center is a non-profit think tank, similar to The Heritage Foundation and the American Enterprise Institute, and one of the largest and most impactful members of State Policy Network. Our research and education advance the public debate and develop innovative policy solutions.

Year-in and year-out, WPC's events are some of the best-attended in our state, and are a must-attend for some of the nation's top policy leaders including Defense Secretary Gen. Jim Mattis, Dr. Charles Krauthammer, Gov. Susana Martinez, former Defense Secretary Robert Gates, Dr. Ben Carson, Governor Scott Walker, Governor Bobby Jindal, and Governor Mitch Daniels.

Over the past few years, dozens of our ideas have been passed by voters and the legislature and signed into law. Citizens depend on our analysis to make decisions on our state's pressing public policy matters. Our work is featured in the media an average of over seven times a day and has been covered by national media including *USA Today*, CBS News, Fox News, and *The Wall Street Journal*.

Thank you for your consideration of our request. I hope to hear from you at your earliest

convenience so we can begin planning your visit.

Sincerely,

Dann Mead Smith

President

Washington Policy Center

Tasha -- how does this schedule look to you?

12:00 - 12:15: Mingle

12:15 - 12:30: Remarks

12:30 - 12:45: Questions

He will have another meeting to get to right after.

Also, do you want Mr. Buchanan to introduce him? It sounds kind of odd since this is in our house but it would probably be a good way to get things started.

Tasha,

I completely understand. Just a few questions.

How long would you like for the Administrator's remarks to last? Approximately 30 minutes is fine.

What kind of questions should he expect? Questions will likely revolve around what Ag can look forward to with new Administration/Pruitt at EPA, as well as what we can do to be (more) proactive.

Will there be any VIPs in attendance? Tom Buchanan, Oklahoma Farm Bureau President & Monica Wilke, Oklahoma Farm Bureau Executive Director

May I get the list of name of folks attending? Sure thing:

1. John Collison
2. LeeAnna McNally
3. Mark Yates
4. Stacy Yates
5. Hannah Nemecek
6. Tasha Duncan
7. Trevor Duncan
8. Tom Buchanan
9. Brenda Mahan
10. Monica Wilke
11. Becky Samples
12. Charlie Samples
13. Dustin Mielke
14. Gage Milliman
15. John Grundmann
16. Josh Grundmann
17. Jimmy Kinder
18. Gary Crawley
19. Wilma Crawley
20. Monte Tucker
21. Danielle Tucker
22. Mason Tucker

23. James Fuser
24. Candy Fuser
25. Jim Meek
26. Glenda Meek
27. Keith Kisling
28. Marlene Kisling
29. Zac Swartz
30. Brent Haken
31. Rachel Pickens
32. Bailey Cooper
33. Isaac Fisher
34. Dell Farris
35. Matt Oakes
36. Amanda Oakes
37. Brent Howard
38. Jennifer Howard
39. Mignon Bolay
40. Mike Bolay
41. Paula Sawatzky
42. Lawrence Sawatzky
43. Linda Fox
44. Mary Sloan
45. Cindy Schoenecke

46. Don Schoenecke

(Ralf, will move you to BCC)

Millian,

The video would be screened at our Hamilton Award Dinner on May 4; attendees would include the Manhattan Institute's board of trustees and other supporters, and high-level figures from media, government, and the non-profit sector. We would of course give your office final approval over his portion of the video. We also might seek to screen it publicly after that, on social media and our website, but would again only do so with your approval.

We are willing to be as flexible as possible to Administrator Pruitt's schedule, with the only constraint being that we'd need to do the filming before April 7 in order to have the video ready in time. We will have a film crew in DC on one of the following days: March 28, March 30, April 4, April 5, and April 7. If any of those dates works on your end, we would prefer to schedule it on those days. But as I said, we'll gladly accommodate whatever time within that range is ideal for you.

The questions we would ask are copied below. Of course, if there are any questions, for whatever reason, that he would prefer not to discuss, we can change this list.

1) How has MI changed American lives for the better?

2) In your opinion, what is the **single-most influential contribution** MI has made to foster greater economic choice and individual responsibility?

2b) And/or, what has been its most significant intellectual contribution? What is the "big idea" from MI that has mattered most?

3) What do you hope the "**next 40 years**" look like for MI?

3b) How might America (or its cities?) look different 40 years from now if MI's ideas are more broadly understood and implemented?

4) What is MI's unique contribution? What differentiates MI from others?

5) Who are your favorite fellow(s) and why?

6) Make any comment that you (the toaster) would like to make (you never know what you get from them)

7) Do you have any thoughts or comments about Larry Mone (MI's President) or Paul Singer (MI's Chairman)?

8) Do you remember your first interaction with MI, its scholars, or their ideas?

9) What wishes do you have for MI for the next 40 years?

10) Would you say that MI's scholars or their work have changed your thinking significantly, on a personal level? Why did you find these ideas compelling or how did they help you see policy/culture differently?

Thank you,

Dean

Hi Millan!

Just thought I'd check in to make sure everything was okay with the request form I submitted last week. As always, feel free to let me know if you need anything further on my part.

I also wanted to introduce my colleague Dean Ball (Cc'd), who is putting together a short 40th Anniversary video to be shown at our annual Hamilton Awards Dinner (to which the Administrator has also been invited). The video would feature interviews with several of our country's most prominent political and intellectual figures discussing their thoughts on MI's past, present, and future; and we'd be honored to include Administrator Pruitt. It would only require about 30 minutes of his time, and we would be more than happy to send someone down to his office to film. If that's something you guys are open to, please feel free to coordinate with Dean.

I look forward to hearing back from you soon.

Kind regards,

-Ralf

Just to put another potential date on your radar: Our annual board meeting is coming up on May 17th, and it is customary for our President to invite a high-profile public figure to give a short, private, off-the-record talk to our board. Our President asked me to see whether Administrator Pruitt would be interested in doing that, either in addition to, or in lieu of a public event. For your reference, here is the membership list of our Board of Trustees: https://www.manhattan-institute.org/board-of-trustees.

Thanks again for getting back to us so quickly. As, I'm sure you can tell, our community is particularly excited about the Administrator's appointment, and we look forward to following his leadership of the Agency.

Ralf,

Yes, everything was perfect with the request form. The Administrator very much wants to participate here so we are just working on determining the best date.

Dean - it is a pleasure to meet you via email. This sounds like a wonderful opportunity. It is very kind of you all to want to include him! Would you be willing to share what questions you would have of him for this video, who all will be seeing it, and when you would like to do the filming?

Thank you very much,

Millan

Hi Millan!

Just thought I'd check in to make sure everything was okay with the request form I submitted last week. As always, feel free to let me know if you need anything further on my part.

I also wanted to introduce my colleague Dean Ball (Cc'd), who is putting together a short 40th Anniversary video to be shown at our annual Hamilton Awards Dinner (to which the Administrator has also been invited). The video would feature interviews with several of our country's most prominent political and intellectual figures discussing their thoughts on MI's past, present, and future; and we'd be honored to include Administrator Pruitt. It would only require about 30 minutes of his time, and we would be more than happy to send someone down to his office to film. If that's something you guys are open to, please feel free to coordinate with Dean.

I look forward to hearing back from you soon.

Kind regards,

-Ralf

(Ralf, will move you to BCC)

Millian,

The video would be screened at our Hamilton Award Dinner on May 4; attendees would include the Manhattan Institute's board of trustees and other supporters, and high-level figures from media, government, and the non-profit sector. We would of course give your office final approval over his portion of the video. We also might seek to screen it publicly after that, on social media and our website, but would again only do so with your approval.

We are willing to be as flexible as possible to Administrator Pruitt's schedule, with the only constraint being that we'd need to do the filming before April 7 in order to have the video ready in time. We will have a film crew in DC on one of the following days: March 28, March 30, April 4, April 5, and April 7. If any of those dates works on your end, we would prefer to schedule it on those days. But as I said, we'll gladly accommodate whatever time within that range is ideal for you.

The questions we would ask are copied below. Of course, if there are any questions, for whatever reason, that he would prefer not to discuss, we can change this list.

1) How has MI changed American lives for the better?

2) In your opinion, what is the **single-most influential contribution** MI has made to foster greater economic choice and individual responsibility?

2b) And/or, what has been its most significant intellectual contribution? What is the "big idea" from MI that has mattered most?

3) What do you hope the "**next 40 years**" look like for MI?

3b) How might America (or its cities?) look different 40 years from now if MI's ideas are more broadly understood and implemented?

4) What is MI's unique contribution? What differentiates MI from others?

5) Who are your favorite fellow(s) and why?

6) Make any comment that you (the toaster) would like to make (you never know what you get from them)

7) Do you have any thoughts or comments about Larry Mone (MI's President) or Paul Singer (MI's Chairman)?

8) Do you remember your first interaction with MI, its scholars, or their ideas?

9) What wishes do you have for MI for the next 40 years?

10) Would you say that MI's scholars or their work have changed your thinking significantly, on a personal level? Why did you find these ideas compelling or how did they help you see policy/culture differently?

Thank you,

Dean

March 8, 2017

Administrator Scott Pruitt

Environmental Protection Agency
1200 Pennsylvania Avenue, N.W.
Washington, DC 20460

sent via email: dickerson.aaron@epa.gov

Dear Administrator Pruitt:

The Northwest's leading independent, free-market think tank, Washington Policy Center (WPC), would like to invite you to be the keynote speaker for our statewide 2017 Solutions Summit policy conference in Washington state. The event will be held on Tuesday, May 16, 2017 in Spokane. We hope this date will work with your schedule.

Washington Policy Center will be honored to host you and cover all first-class travel costs for you and a staff member or guest.

The statewide event encompasses two half-day conferences that are designed to provide insight and solutions for our region's top policy challenges. Each conference will feature panels on: the environment, agriculture, education, transportation, budget and taxes, health care, and business & labor reform issues. They will bring together prominent local and national speakers on each of these important issues to help shape the public debate by educating policymakers and informing citizens.

This is our state's largest policy event that will be attended by over 700 people including lawmakers, business and community leaders, media, and civic-minded citizens from across the state. We would be honored to have you join us as the keynote speaker at lunch for the event in Spokane.

Washington Policy Center is a non-profit think tank, similar to The Heritage Foundation and the American Enterprise Institute, and one of the largest and most impactful members of State Policy Network. Our research and education advance the public debate and develop innovative policy solutions.

Year-in and year-out, WPC's events are some of the best-attended in our state, and are a must-attend for some of the nation's top policy leaders including Defense Secretary Gen. Jim Mattis, Dr. Charles Krauthammer, Gov. Susana Martinez, former Defense Secretary Robert Gates, Dr. Ben Carson, Governor Scott Walker, Governor Bobby Jindal, and Governor Mitch Daniels.

Over the past few years, dozens of our ideas have been passed by voters and the legislature and signed into law. Citizens depend on our analysis to make decisions on our state's pressing public policy matters. Our work is featured in the media an average of over seven times a day and has been covered by national media including *USA Today*, CBS News, Fox News, and *The Wall Street Journal*.

Thank you for your consideration of our request. I hope to hear from you at your earliest convenience so we can begin planning your visit.

Sincerely,

Dann Mead Smith

President

Washington Policy Center

National Cattlemen's Beef Association

February 20, 2017

E. Scott Pruitt
Administrator
U.S. Environmental Protection Agency
1200 Pennsylvania Ave, NW
Washington, DC 20004

Administrator Pruitt,

I write on behalf of the National Cattlemen's Beef Association (NCBA) to request you to speak at the 2017 NCBA Legislative Conference.

NCBA is the oldest trade association that represents U.S. cattle producers, with more than 30,000 direct members. Through state affiliates NCBA represents 175,000 of America's farmers and ranchers who provide a significant portion of the nation's food supply. Cattle producers across the country rallied in support of your nomination to be the EPA Administrator, as memorialized in the enclosed letters.

The audience for the 2017 NCBA Legislative Conference is three-hundred cattle producers who will travel to Washington DC to meet with key congressional and agency influencers on priority issues. A key issue for cattle producers is the "waters of the U.S." (WOTUS) rule, which stands to negatively impact many of our members. NCBA hopes to work with you and relevant staff at the U.S. Environmental Protection Agency to find a path forward that works for cattle producers, protects water quality, and follows the rule of law.

Should you accept this offer, you will be our keynote speaker. Your speaking engagement will take place on the morning of Thursday, March 30th, at 10:00am. The event location is the Liaison Capitol Hill Hotel, 415 New Jersey Ave NW, Washington DC 20001.

We would be honored for you to join us, and we sincerely hope you will find the time to speak at this landmark event. Many NCBA members have already reached out to me expressing gratitude that you have been confirmed as the EPA Administrator and hopeful for the future. You can reach me directly at the phone number or email address below.

Sincerely,

Scott Yager,
Environmental Counsel

Thank you for the additional information. I believe John will prefer to meet with Administrator Pruitt alone, but if Administrator Pruitt needs staff with him that's obviously completely fine on our end. Please let me know if you need anything else.

On Thu, Mar 23, 2017 at 4:28 PM, Woodward, Cheryl <Woodward.Cheryl@epa.gov> wrote:

Hi Nick,

I am the point of contact for logistic of your meeting. I have whom attending, day and time. Here are the directions/instruction to your meeting:

Directions: If you come by Metro, the Federal Triangle metro stop is directly below the building entrances. You would leave the metro station and go up all three sets of escalators and then do a small U-Turn to the right heading toward 12th street, the North Lobby entrance is directly and immediately to your left (Glass Doors -EPA Signified on Glass).

If you are coming by taxi/vehicle, you want to be dropped off on 12th NW, between Constitution Ave and Pennsylvania Ave. It is almost exactly half way between the two avenues on 12th street and the Federal Triangle Metro sign can be used as a landmark. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your left. This again will be the South Lobby of the William Jefferson Clinton building.

Once inside the building, security will prompt you to scan all items such as bags, coats etc., and then let the guards know that you were instructed to call Cheryl Woodward at 564-1274 or Michelle Hale at 564-1430 to escort you to the meeting with the Administrator. Security will make temporary cards for everyone. Allow for 15 minutes to get through the process

Hi Nick,

I am the point of contact for logistic of your meeting. I have whom attending, day and time. Here are the directions/instruction to your meeting:

Directions: If you come by Metro, the Federal Triangle metro stop is directly below the building entrances. You would leave the metro station and go up all three sets of escalators and then do a small U-Turn to the right heading toward 12th street, the North Lobby entrance is directly and immediately to your left (Glass Doors -EPA Signified on Glass).

If you are coming by taxi/vehicle, you want to be dropped off on 12th NW, between Constitution Ave and Pennsylvania Ave. It is almost exactly half way between the two avenues on 12th street and the Federal Triangle Metro sign can be used as a landmark. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your left. This again will be the South Lobby of the William Jefferson Clinton building.

Once inside the building, security will prompt you to scan all items such as bags, coats etc., and then let the guards know that you were instructed to call Cheryl Woodward at 564-1274 or Michelle Hale at 564-1430 to escort you to the meeting with the Administrator. Security will make temporary cards for everyone. Allow for 15 minutes to get through the process

Hi Millan!

Just thought I'd check in to make sure everything was okay with the request form I submitted last week. As always, feel free to let me know if you need anything further on my part.

I also wanted to introduce my colleague Dean Ball (Cc'd), who is putting together a short 40th Anniversary video to be shown at our annual Hamilton Awards Dinner (to which the Administrator has also been invited). The video would feature interviews with several of our country's most prominent political and intellectual figures discussing their thoughts on MI's past, present, and future; and we'd be honored to include Administrator Pruitt. It would only require about 30 minutes of his time, and we would be more than happy to send someone down to his office to film. If that's something you guys are open to, please feel free to coordinate with Dean.

I look forward to hearing back from you soon.

Kind regards,

Ralf,

I have email! Could you kindly complete the attached Event Request Form and send back my way? Once we have that form, we will address in our Scheduling meeting and get back to you asap.

Thank you so much,

Millan

Subject: Invitation to speak at MI

Good afternoon, Michelle!

My name is Ralf Mangual, and I manage legal policy projects here at the Manhattan Institute. I just got off the phone with Millan Hupp who kindly returned my call in regards to an invite our President would like to extend to Administrator Pruitt. She asked me to send an e-copy of the letter (see attached) your way. We're thinking late May but are very flexible in terms of timing.

Please don't hesitate to reach out to me at any time if you have any questions or need more information. Thanks in advance for your time, and I hope we'll have the pleasure of hosting Administrator Pruitt again soon.

Kind regards,

-Ralf

Thank you so much for helping to coordinate Administrator Pruitt's appearance at the ACWA meeting this week. My members were very happy to hear from him and we look forward to working with him on things like WOTUS. Would is be possible to any of the photos you took, especially any with Pete LaFlamme or any while Adm. Pruitt was at the podium?

Thanks!

Yes, those are still our issues. Attendees are:

Larry Huddleston, Vice President-Commercial

Dirk Cockrum, Vice President-Environment, Safety and Health

Tom Hutchins, Vice President-Environment, Safety and Health

Dave Conover, Vice President-Corporate Communications/Public Affairs

We will have a brief desktop presentation to guide the conversation. Would it be helpful to email that in advance? Thanks again and best wishes, Dave

Hi Dave,

Great! Yes, can you provide a list of attendees who will be coming with you, along with their titles? We will make sure security has their names for an expedited arrival.

Additionally, have your topics of interest changed since your original request? I've listed below what you previously sent. Just to set expectations, the meeting will be 30 minutes, so wanted to confirm your top issues that you'd like to discuss with the Administrator. We'd be happy to follow up with any others post-

meeting at a staff level.

- NSPS OOOOa rule-making
- Superfund cleanup sediment policy
- American Burying Beetle/ESA issue and its impact on the oil and gas sector
- EPA participation in FERC-led natural gas project permitting NEPA analyses

I've also copied Cheryl Woodward on this message who can send you arrival details.

Thank you and we look forward to your visit!

Good morning! Just wanted to follow up on this request to see if there's any possibility for a meeting this month or next with Administrator Pruitt. My original request was for next week, but obviously we will attend at the Administrator's convenience. Just to remind, I am making the ask on behalf of our Tulsa-based Midstream Commercial Vice President, Larry Huddleston and two of our Vice Presidents for Environment, Safety and Health, Dirk Cockrum and Tom Hutchins. The topics for discussion on our side

would be the NSPS OOOOa rule-making, Superfund cleanup sediment policy, the American Burying Beetle/ESA issue and its impact on the oil and gas sector, and EPA participation in FERC-led natural gas project permitting NEPA analyses. As one of the largest energy infrastructure companies in North America, we would also be happy to discuss anything on the Administrator's mind. Thank you for your consideration and I look forward to hearing from you.

KINDER MORGAN

December 7, 2017
Meeting with EPA Administrator

Unparalleled Asset Footprint

One of the Largest Energy Infrastructure Companies in North America

- Largest natural gas transmission network in North America
  - — Own or operate ~70,000 miles of natural gas pipeline
  - — Connected to every important natural gas resource play in the U.S.
- Largest independent transporter of petroleum products in North America
  - — Transport ~2.1 MMBbl/d
- Largest transporter of CO_2 in North America
  - — Transport ~1.3 Bcf/d of CO_2
- Largest independent terminal operator in North America
  - — Own or operate ~155 terminals
  - — ~152 MMBbls liquids capacity
  - — Handle ~53 MMtons of dry bulk products
  - — Own 16 Jones Act vessels
- Only Oilsands pipeline serving the West Coast
  - — Transports ~300 MBbl/d to Vancouver / Washington State; planned expansion takes capacity to 890 MBbl/d

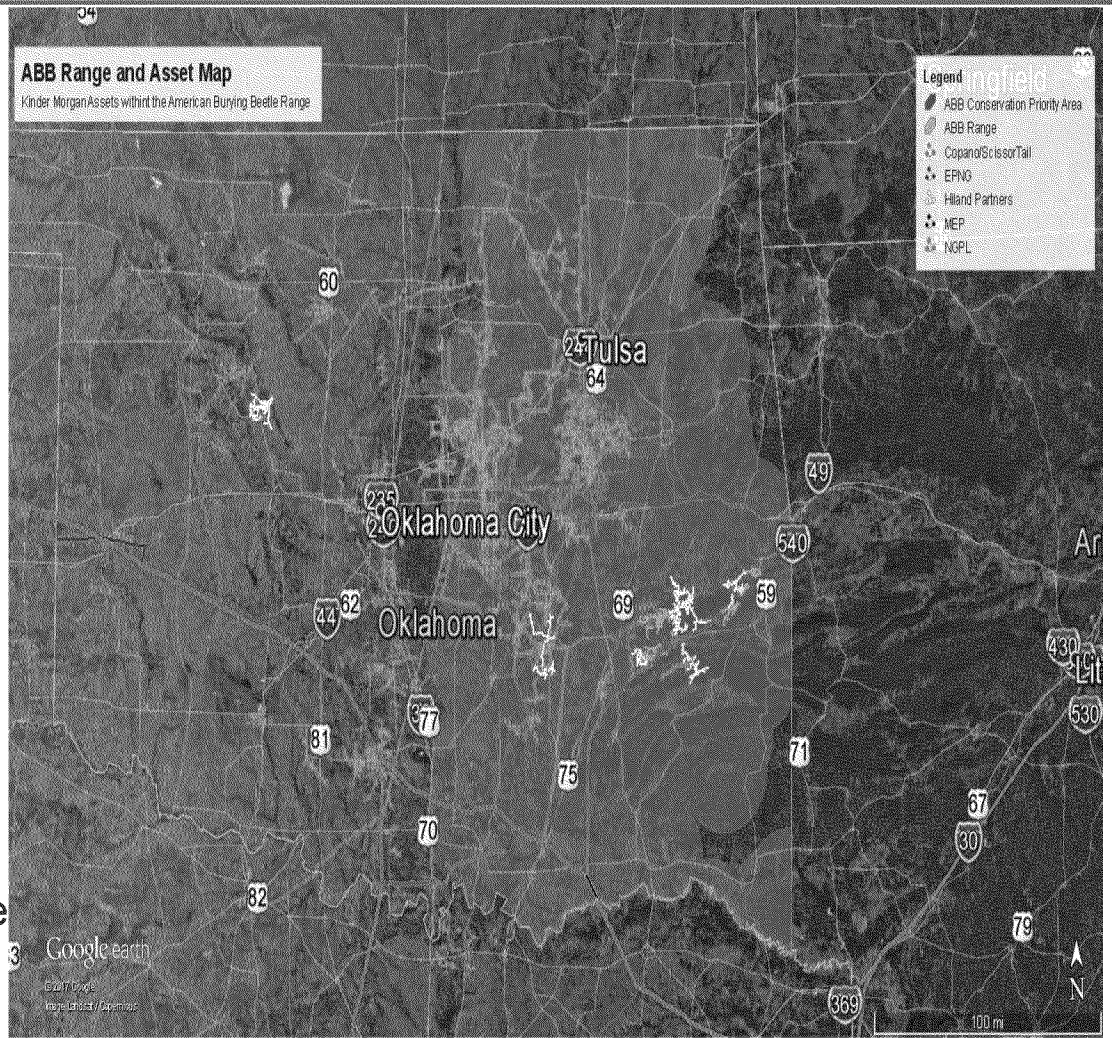
KINDER MORGAN

U.S. EPA – Oil & Gas Emission Standards

NSPS OOOOa

- **KM Supports and Plans to Comment on the Notice of Data Availability**

- **Delay of Repair**
  - Requiring repairs and replacement of leaking components after unscheduled and emergency vent blowdowns and compressor station shutdowns is not feasible in many cases for safe and reliable pipeline operations
  - KM supports the proposed language developed by INGAA and GPA Midstream



- **LDAR requirement should be Annual for Compressor Stations**
  - Consistent with GHGRP Subpart W requirements
  - KM data indicates benefits of LDAR do not increase with increased frequency of inspection

KINDER MORGAN

American Burying Beetle

Endangered Species Act, US Fish & Wildlife

- **Impact to current process**
  - Environmental issue
  - Holding up midstream and upstream projects
  - Agency coordination
- **Pending delisting petition status**
  - Lawsuit pending
- **Permitting Process**
- **Habitat Management Plan**
  - Overly broad
  - Buying credits is only way to comply
  - Lengthy, costly process
- **Requested Policy Changes**
  - Delist or put specific guidance out for staff

KINDER MORGAN

Coordinating Issues for Infrastructure Projects

- **EPA should participate in NEPA process reflecting National Policy.**
  - National Policy is to support energy infrastructure to increase production of fossil fuels.
  - EPA should be a constructive participant as a cooperating agency in scoping; commenting internally on non-public drafts and then filing supporting comments of the draft and final NEPA documents recognizing a pro-growth national policy.
- **EPA should insist that states with delegated EPA statutory authority implement that authority consistent with the National Policy of supporting energy infrastructure and development of fossil fuels.**
  - EPA should enforce clear deadlines to issue requested permits under the Clear Air Act, the Clean Water Act and other statutory or regulatory programs.

KINDER MORGAN

Superfund/CERCLA –Sediment Cleanup

Lower Passaic and Portland Harbor sites

Interpretation and Implementation Issues

- EPA not following detailed Sediment Guidance consistently at "mega" sediment sites.
  - Sediment Guidance includes: "Principles of Managing Contaminated Sediment Risks at Hazardous Waste Sites", EPA Feb. 12, 2002; and Office of Land and Emergency Management (OLEM) Directive 9200.1-130, Jan. 9, 2017;
- EPA has not applied Adaptive Management principles in remedy selection process.
  - Included in Sediment Guidance and intended to be used at complex sediment sites.
  - Application would result in reduction in RI/FS process scope and length, acceleration of remedy selection and implementation, and performance monitoring.
  - Massive and intrusive dredging remedies cannot be the standard remedy.
  - Source control and background contamination must be addressed as critical to remedy selection.
- EPA does not apply CERCLA, the NCP and Agency Guidance uniformly across all regions.
  - CERCLA/NCP require remedies be "cost effective" = cost of remedy proportional to its effectiveness.
  - Enforce the recommendations of the EPA Superfund Task Force (July 2017)
- Only use CERCLA for the protection of human, health and environment.
  - Example – Requiring navigational dredging as part of remedy for Lower Passaic (estimated to be 30% of the ROD implementation costs).
- Potentially Responsible Party (PRP) Matters
  - Must consistently use EPA mechanisms for ID of all PRPs, orphan share funding, enforcement of recalcitrant PRPs, and ending special settlements with government, municipal or quasi-government.
  - Elevate decisions in dispute resolution to AA of OLEM from Region's Superfund Director.

KINDER MORGAN

Detailed Backup and Additional Issues

KINDER MORGAN

U.S. EPA – Oil & Gas Emission Standards

NSPS OOOOa Technical Concerns

- **Delay of Repair: INGAA/GPA Midstream Proposed Language fix**
  - § 60.5397a(h)(2) If the repair or replacement is technically infeasible, would require a vent blowdown, a compressor station shutdown, a well shutdown or well shut-in, or would be unsafe to repair during operation of the unit, the repair or replacement must be completed during the next *scheduled* compressor station shutdown *for maintenance*, well shutdown, well shut-in, ~~after an unscheduled, planned or emergency vent blowdown~~ or within 2 years~~, whichever is earlier~~.

    Delay of repair will be allowed beyond the next scheduled compressor station shutdown for maintenance if (a) replacement parts cannot be acquired before the next scheduled shutdown for maintenance or (b) the delay is attributable to other good cause that makes a sooner repair impracticable and/or would lead to excess emissions. The operator must document: the location and nature of the leak, the date the leak was added to the delay of repair list, the basis for delaying the repair, the date replacement parts were ordered, the vendor providing the parts, and the anticipated delivery date. Replacement parts must be promptly ordered after determining it is necessary to delay the repair and the repair must be completed within 30 business days of receipt of the replacement parts, during the next scheduled maintenance shutdown after the parts are received if the repair requires a shutdown, or within 30 business days after the cause of delay ceases to exist.

- **Duplicative of GHGRP Subpart W Requirements**
  - OOOOa and GHGRP Subpart W requirements are duplicative and EPA further complicated Subpart W reporting for OOOOa sources.
  - KM requests OOOOa and GHGRP data collection and reporting be streamlined. Specifically, if a source reports under OOOOa, then forego reporting GHGRP data into EGGRT.

KINDER MORGAN

U.S. EPA – Oil & Gas Emission Standards

NSPS OOOOa Technical Concerns

- **Modification to a Compressor Station Definition**
  - Causes confusion when work is done on compressors. Compressors do not have horsepower ratings
    - § 60.5365a(j) The collection of fugitive emissions components at a compressor station, as defined in § 60.5430a, is an affected facility. For purposes of § 60.5397a, a "modification" to a compressor station occurs when:
    - (1) An additional compressor is installed at a compressor station; or (2) One or more compressors at a compressor station is replaced by one or more compressors of greater total horsepower than the compressor(s) being replaced. When one or more compressors is replaced by one or more compressors of an equal or smaller total horsepower than the compressor(s) being replaced, installation of the replacement compressor(s) does not trigger a modification of the compressor station for purposes of § 60.5397a.
  - If EPA retains a similar modification definition, clarify the intent

- **Other technical issues – Examples include:**
  - Leak Thresholds
    - Final rule allows for Method 21 @ 500 ppm as a threshold
    - Cubic Feet/minute leak rate would preferred; threshold should be based on latest research
  - Third Party Ancillary Equipment: LDAR scope should be limited to the collection of fugitive emission components at well sites or compressor stations which are **owned, operated, or leased by the** producer or compressor station owner/operator.
  - Conflicting resurvey timeframe requirements in § 60.5397a(h)3 and § 60.5397a(h)3i:
    - Suggested language:

    § 60.5397a(h)3 Each repaired or replaced fugitive emissions component must be resurveyed as soon as practicable, but no later than 30 days after being repaired, to ensure that there are no fugitive emissions.

    (i) For repairs that cannot be made during the monitoring survey when the fugitive emissions are initially found, the operator may resurvey the repaired fugitive emissions components using either Method 21 or optical gas imaging ~~within 30 days of finding such fugitive emissions~~

KINDER MORGAN

National Ambient Air Quality Standards (NAAQS)

- **AERMOD and One-Hour NAAQS Issues (NO2, SO2)**
  - The current model is not capable of demonstrating compliance with 1 hr standard. The model over predicts for low stacks.
  - EPA should issue a guidance to states and regulated community to not require one-hour modeling until the model is fixed.
  - Support existing coordination between Pipeline Research Council International (PRCI), INGAA and EPA presenting fixes to EPA.
- **NAAQS Reform presented in 10/25/2017 response to EO 13783**
  - KM supports EPA reform efforts on NAAQS.
  - Concerns with the timing of implementations of NAAQS within the required 5 year review period. Within 5 year review period, often technology does not exist to comply with lower standard.
  - The frequency of NAAQS revisions result in overlapping requirements to be implemented in a short time frame, resulting in uncertainty for planned and permitted facilities.
  - Frequent revisions of standards result in a backlog of SIPs to be reviewed and delays SIP approval by EPA.

https://www.epa.gov/sites/production/files/2017-10/documents/eo-13783-final-report-10-25-2017.pdf

KINDER MORGAN

EPA Regulations should Adhere to Plain Writing Act

- **Plain Writing Act of 2010 Requires clear government communication that the public can understand and use**
- **E.O. 13563 states [our regulatory system] must ensure that regulations are accessible, consistent, written in plain language, and easy to understand**
- **EPA should apply plain language requirements to air quality regulations for guidance**
- **KM takes compliance very seriously**
  - When regulations are written in an overly complicated fashion, operators are vulnerable to enforcement due to interpretation nuances even when they are committed to doing the right thing
  - Making regulations difficult to understand is counterproductive
- **Examples where EPA has not adhered to this law**
  - 40 CFR Part 63 Subpart ZZZZ compliance requirements for reciprocating engines differ dependent on specific makes/models/dates of engines
  - EPA and operators have had to develop several documents to guide compliance. The guidance itself is difficult to follow
  - KM recommends streamlining rules to the extent possible, especially in cases where the complexity outweighs any environmental benefit

Plain Writing Act of 2010 (October 13, 2010)
Executive Order 13563 - Improving Regulation and Regulatory Review (January 18, 2011)
https://www.epa.gov/stationary-engines/implementation-tools-neshap-reciprocating-internal-combustion-engines

KINDER MORGAN

Start up, Shut down and Malfunction emissions

- **EPA should withdraw the startup, shutdown, malfunction (SSM) SIP Call.**
  - EPA should revisit actions taken in response to a 2008 Court decision and broadly implement work practice standards for SSM events.
  - The SIP Call was not based on a finding of air quality impacts or that the removal of the SSM exemption would enable meeting air quality standards.
- **EPA should develop regulations that broadly implement work practices during SSM events for NSPS and NESHAPs for combustion sources.**
  - EPA should document the emission standard compliance limitations associated with the original rulemaking for NSPS and NESHAPs.
  - If EPA does not establish work practices during SSM, then amend the regulations to define emission standards that can be achieved during an SSM event.
- **Proposed amendments to Start up, Shut Down and Malfunction were moved to the inactive regulatory agenda July 20, 2017.**
  - Longer than 12 months for regulatory action.

KINDER MORGAN

EPA's Once in always in policy

- **Remove the 1995 Once in always in policy**
  - EPA proposed to codify an alternative approach in January 2007, but did not issue a final rule. The 1995 memo should be withdrawn and replaced with a new policy that allows a major source to become an area source at any time.
  - EPA should revisit codifying an alternative to the 1995 memorandum which discourages owners and operators from reducing HAP emissions from existing sources because a major HAP source retains major source status even if emissions are decreased below major source thresholds.
  - The opportunity to become a minor source provides owners and operators the ability to reduce regulatory burdens and incentivizes companies to reduce HAP emissions.
- **Proposed amendments to the General Provisions to the NESHAP to replace the 1995 Once in Always In Policy were moved to the inactive regulatory agenda July 20, 2017.**
  - Longer than 12 months for regulatory action.

Memo from John S. Seitz, Director, EPA OAQPS, to Regional Offices, regarding Potential to Emit for MACT Standards-- Guidance on Timing Issues (May 16, 1995)
72 Fed. Reg. 69 (Jan. 3, 2007)

KINDER MORGAN

American Burying Beetle

Problem Statement and Recommendations

- Project permitting requires an Incidental Take Permit (ITP) through the Oil and Gas Industry Conservation Plan (ICP)
- The ICP requires Individual Project Packages containing:
  - Species Assessment and Mitigation Calculations;
  - ABB Survey Information;
  - IPaC Results;
  - Maps and Description of Area of IPP Approval;
  - ICP Implementation Funding; and
  - Mitigation Funding.
- Mitigation funding can add $16.35 per linear foot to a pipeline project
- Permit processing takes 45-60 days

<u>Requested Policy Changes if no Delisting</u>

- USFWS respond within 2 weeks to the permittee providing the name and contact information of the permit manager
- USFWS act within 30 days to request additional information
- USFWS adhere to a 30-day deadline for final permit action (to run concurrently with the 30-day timeline for information request if no information is requested), similar to how the USACE operates under the Nationwide Permit program

KINDER MORGAN

American Burying Beetle

Litigation Timeline

- July 1989: Listed as endangered species by the USFWS
  - September 1991: Recovery Plan published by USFWS
    - — Delisting criteria absent, contributing to current delisting problem
- August 2015: American Stewards of Liberty (ASL), the Independent Petroleum Association of America (IPAA), and the Texas Public Policy Foundation (TPPF) file Delisting Petition
- March 2016 : USFWS determines delisting may be warranted, state they will include findings in their 12-month review, due August 2016
- August 2016: USFWS fails to publish any findings
- September 2017: ASL, IPAA, and TPPF sues the USFWS for violation of section 4(b)(3)(B) of the Endangered Species Act (ESA) based on USFWS' failure to render a timely 12-month finding

Dear Ms. Hupp,

Thank you for your e-mail.

Please note that 2 members of my team will meet with Mr. Mc Murray this afternoon at the University Mohammed VI Polytechnic (UM6P) to go through the details of the visit.

The University is about 1 hour away from downtown Marrakech. If you leave Rabat at 12pm and consider 2-2,5 hours visits/meeting, the Administrator will be able to be in Marrakech around 6:30 (early evening, sunset is at 5:30pm). Let us know if this works.

The presentation will be a short 15/20 min overview about OCP and the UM6P strategy and development prospects.

We are looking forward to meeting you and Mr. Administrator at UM6P.

Best Regards,

Hakim

> What, may I ask, is the distance to Marrakech from this facility? If there is time Tuesday

evening, the Administrator would likely enjoy the opportunity to visit the medina but I want to ensure we have enough time at the University.

May I kindly request a few more details regarding the presentation?

Also, thank you so much for the generous offer to provide lunch. We plan on ensuring the Administrator and his staff eat before departing Rabat so it will not be necessary to provide a meal.

Personal Security Detail/Ex. 6/Ex. 7C/Ex. 7E/Ex. 7F

Thank you greatly for your hospitality. I look forward to meeting you soon.

Dear Mr. Hupp,

Thank you for your message. It is a pleasure to meet you as well.

We will be glad to host Administrator Pruitt at the Mohammed VI Polytechnic University in Benguerir.

If you leave Rabat at 12pm you will arrive slightly before 3pm.

Mr. Terrab will be there to host the Administrator.
Depending on his availability, we could organize a tour of the University, a visit of the Green Energy Park (few minutes away) and a side meeting with Mr. Terrab (with a presentation).

Total time needed would be 2-2,5 hours.

Please also let us know if we should arrange a lunch upon arrival, we would be pleased to do so.

Please let us know what suits best,

Warm regards,

Hakim Hajoui

Hayley, apologies for our tardiness! We are finalizing the document today and I will send it as soon as I get it. Given the fact that it is a ½ hour meeting, we will focus on the NSPS OOOOa, American Burying Beetle/ESA, and EPA's role in the FERC process. We won't spend much if any time on the Superfund issue and instead just ask for guidance on who we should talk with about that in future.

Hi Dave,

Great! Yes, can you provide a list of attendees who will be coming with you, along with their titles? We will make sure security has their names for an expedited arrival.

Additionally, have your topics of interest changed since your original request? I've listed below what you previously sent. Just to set expectations, the meeting will be 30 minutes, so wanted to confirm your top issues that you'd like to discuss with the Administrator. We'd be happy to follow up with any others post-meeting at a staff level.

- NSPS OOOOa rule-making
- Superfund cleanup sediment policy
- American Burying Beetle/ESA issue and its impact on the oil and gas sector
- EPA participation in FERC-led natural gas project permitting NEPA analyses

I've also copied Cheryl Woodward on this message who can send you arrival details.

Thank you and we look forward to your visit!

Vincent

Great hearing from you. Glad all is going well for you.

Attached is an invite to Administrator Pruitt from the Connecticut Recyclers Coalition for their annual meeting in January.

Any assistance you can provide in getting to Administrator Pruitt is greatly appreciated.

Hope to catch up in person soon.

Dear Millan,

I hope this finds you well.

I'm pleased to put you in touch with Mr. Hakim Hajoui, the chief of staff of the Chairman and CEO of OCP, Mr. Mostafa Terrab. We would like to invite Administrator Pruitt to visit the University Polytechnic Mohammed VI and the Green Energy Park based in Ben Guerir, an hour drive away from Marrakesh.

We note that the visit can be scheduled on Tuesday 12th or earlier, to accommodate Administrator Pruitt's travel plans.

Warm regards,

Nisrine Ouazzani

Hi Chuck and Kevin! Thought you might want to see our press release that went out this afternoon. Please know the Administrator truly enjoyed the live conversation & meeting your members. Thank you, Chuck, for coming out to Nevada after a long week of annual meeting fun. Kevin, thanks for a successful event and for making today possible. - Tate

PHOTOS: EPA Administrator Pruitt Makes Stops in Iowa

Nevada, Iowa (December 1, 2017) — Today, U.S. Environmental Protection Agency (EPA) Administrator Scott Pruitt visited Iowa and met with the Iowa Association of Electric Cooperatives (IAEC), state officials, and farmers to discuss ongoing partnerships with the Agency.

“I was encouraged by the open dialogue with members of the electric cooperatives, Governor Reynolds, and Iowa farmers,” **said EPA Administrator Scott Pruitt**. “We must continue to strengthen our partnerships with state and local leaders to further our goals of bringing regulatory certainty and clarity for Iowa and across the country.”

Administrator Pruitt started the day at the IAEC annual meeting where he addressed more than 500 leaders from across the state about EPA’s proposal to repeal the Clean Power Plan (CPP) and proposal to rescind the 2015 “Waters of the United States” (WOTUS) rule.

"We were honored to have Administrator Pruitt address our 500 attendees during our statewide annual meeting this morning," **remarked Chuck Soderberg, executive vice president of the Iowa Association of Electric Cooperatives**. "Iowa's not-for-profit electric cooperatives are committed to providing power that is safe, reliable, affordable and environmentally responsible. Hearing from Administrator Pruitt today made us feel confident the EPA is listening to our needs and concerns. We commend him for working to provide a common-sense regulatory framework that gives electric co-ops flexibility and certainty to meet the needs of our member-owners."

Following the electric cooperatives meeting, Administrator Pruitt met with over 150 Iowa farmers at a farm in Nevada. The dialogue was focused on the WOTUS rule, long-term plans for the Renewable Fuel Standards (RFS) program, and EPA’s new standards for the use of the pesticide dicamba. Governor Kim Reynolds (R-IA) and other state officials joined Administrator Pruitt for the

discussion.

EPA Administrator Scott Pruitt meets with members of the Iowa Association of Electric Cooperatives.

Chuck Soderberg, executive vice president of the Iowa Association of Electric Cooperatives, interviews EPA Administrator Scott Pruitt at the annual IAEC meeting.

EPA Administrator Scott Pruitt addresses local Future Farmers of America students in Nevada, Iowa.

Subject: Pruitt interview.

1- Mr. Pruitt, you are travelling for the first time to Morocco as head of the Environmental Protection Agency to meet with the Moroccan officials and discuss a range of issues related to Morocco-US cooperation in the field of environment. What do you expect to take care away from these meetings?

2- How do you see the prospects of continued cooperation between Morocco and the US in terms of environment protection and legislation?

3- As you know, Morocco has made remarkable strides in the protection of the environment and in renewable energies, and is expecting to produce half of its electricity from renewable energies in the foreseeable future. What can you say about that experience?

4- The FTA between Morocco and the United States includes a chapter on the environment. Do you have the intention to discuss with the Moroccan authorities activating this chapter when you meet them?

5- How do you view the perspective of bilateral cooperation in waste management?

6. Mr. Pruitt, we know that you are a strong believer in inter-religious and inter-cultural dialogue. What do you think about Morocco's leadership in promoting a tolerant reading of Islam that rejects violence and extremism and embraces dialogue between religions?

admin. pruitt invite 2018 depa retreat.pdf

Good morning Millan,
DEPA would be honored to have Administrator Pruitt attend our 2018 Retreat in Oklahoma City, Oklahoma from January 8th-10th. We have a tentative schedule right now and would be able to work around his schedule. He is welcome to attend all three days or whatever works best with his schedule. Please see attachment for a formal invite.

I look forward to hearing back from you,
Sarah

Administrator Pruitt,

It is with great pleasure that the Domestic Energy Producers Alliance Board of Directors invite you to the 2018 board retreat in Oklahoma City, Oklahoma on Monday, January 8th to Wednesday, January 10th.

We expect to have about 40 energy, oil and gas leaders from around the country, and would like Administrator Pruitt to speak to our group.

This event will be closed to the press.

Sincerely,

Pete Regan

Subject: Re: Media tomorrow

It's invite only press I thought? We're excited.

- any big policy announcements this week?
- how are you restoring power to the states?

- Do you have an update on WOTUS? Describe the recent action you took on WOTUS regarding the 2015 rule
- The media often utilizes narrow definitions of "environmentalism" and "environmentalist." How do you define true environmentalism?
- What has it been like to work with President Trump?

Pruitt's interview and a photo or two of him interacting with our group would appear in the January issue and we would allow you to review the article before going to print.

Here are some proposed questions we'd like to ask him:

1. What does your "back to basics" energy policy mean for Iowans?

2. Some electric cooperative members want to see more investments in renewable energy rather than relying on traditional fossil-fueled generation, such as coal. How will your plans address their concerns?

3. When it comes to electric generation, how can rural Iowans be most effective in being stewards of the environment?

4. You frequently mention changing the culture of the EPA, what does that "look like" for Iowans?

5. In reference to natural resources, you've been quoted as saying "Let's use them to feed the world. Let's use them to power the world. Let's use them to protect the world." What grade would you give Iowa in doing these things (ask for examples…)?

Let me know if any of these give you heartburn. This would be a friendly interview environment and we're keeping the conversation focused on Iowa consumers.

Thanks!

Thanks.

FYI- attached are a few photos of the bathhouse where the miners congregate for their safety briefings, etc. before going underground. This would be the recommended location for the open press/discussions with miners.

Hi all – Looping in a few more members of our press team. I noticed that our schedule is different from what's listed below. Here is the latest proposed line-by-line I have for the event:

- 11:10 AM EST Administrator Pruitt arrives
- 11:10 – 11:45 AM EST Discussion with coal miners in locker room and media availability, open press.
- 11:45 – 1:00 PM EST Private roundtable lunch with leadership, closed press.
- 1:00 - 1:45 PM EST Safety training and gear up, closed press.
- 1:45 – 3:45 PM EST Underground mine tour, closed press.
- 3:45 PM EST – Depart

Let me know if anyone has any changes to this.

Would an 11:00 EST call tomorrow work for everyone to go over press logistics?

Thank you,

Amy

Adding Zach Smith and Brian Aiello to this communication. They will be helping plan and stage this visit.

Below is a proposed framework to further discuss. Let us know when we can revisit this talk to put a finer point on the plan.

Harvey Mine- Patterson Creek Portal

1100am- Arrival at portal

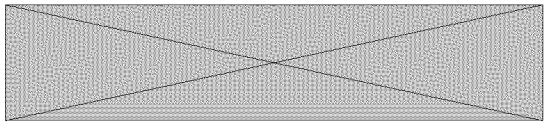
11:15am-1200pm- Private roundtable discussion and lunch

1200-12:30-Safety training and overview

12:30-12:45- Gear up

100pm-300pm- Underground

- Harvey- 25 minute man trip each way gives us about an hour underground at the longwall



300pm-330pm- Press conference and employee event at the portal
